Carole Cummings

Adam Age Eve Genesis:

The Lost World of Adam and Eve John H. Walton, 2015-02-27 What if reading Genesis 2-3 in its ancient Near Eastern context shows that the creation account makes no claims regarding Adam and Eve's material origins John Walton's groundbreaking insights into this text create space for a faithful reading of Scripture along with full engagement with science creating a new way forward in the human origins debate

Adam MR Alex R. Nicassio Mpa, Susan V. Nicassio, Ph.D., Dr Susan V. Nicassio Ph. D., 2015-12-09 Adam The life and times of Adam and Eve is the first in a series of 3 books based on the Biblical account of Genesis These books deal with the Patriarchs of the Antediluvian period a time lost in antiquity and legend In this first book we examine the first 1 000 years of mankind on the planet from Creation the Garden of Eden the Fall of Man the early hard years outside the Garden the life and death of Cain and Abel as well as the arrival of the Grigori and Nephilim as the fallen Angels wreak havoc on the young face of the earth

Why I Am a Christian Norman L. Geisler, Paul K. Hoffman, 2006-12 Now with a new chapter on Why I Am Not a Muslim by an ex Muslim Why I Am a Christian is an even more helpful resource in our global times

People's Christian Bulletin, 1925

Humanity John S. Hammett, Katie J. McCoy, 2023-09-01 Humanity by John Hammett and Katie McCoy is an urgent theological study of the doctrine of humanity The authors shed light on the philosophical cultural and spiritual influences that constantly challenge the dignity of human existence

Beginnings Peter C. Bouteneff, 2008-10-01 What are we missing when we look at the creation narratives of Genesis only or primarily through the lens of modern discourse about science and religion Theologian Peter Bouteneff explores how first millennium Christian understandings of creation can inform current thought in the church and in the public square He reaches back into the earliest centuries of our era to recover the meanings that early Jewish and Christian writers found in the stories of the six days of creation and of Adam and Eve in the Garden of Eden Readers will find that their forbears in the faith saw in the Genesis narrative not simply an account of origins but also a rich teaching about the righteousness of God the saving mission of Christ and the destiny of the human creature

Theistic Evolution J. P. Moreland, Stephen C. Meyer, Christopher Shaw, Ann K. Gauger, Wayne Grudem, 2020-06-20 Winner of the ECPA Book of the Year Award for Bible Reference Works Many prominent Christians insist that the church must yield to contemporary evolutionary theory and therefore modify traditional biblical ideas about the creation of life They argue that God used albeit in an undetectable way evolutionary mechanisms to produce all forms of life Featuring two dozen highly credentialed scientists philosophers and theologians from Europe and North America this volume contests this proposal documenting evidential logical and theological problems with theistic evolution making it the most comprehensive critique of theistic evolution yet produced Explains why theistic evolution is not congruent with a biblical worldview Features nineteen essays written by well known experts in their fields Designed to be used as a textbook for courses on religion and evolution Accessible for those without expertise in the subject

The Fall of Lucifer Carole Cummings, 2024-06-10 Before the earth

existed Lucifer was created by God as a perfect and beautiful cherub His four faces represent the image of the man the lion the eagle and the ox His two sets of wings and outer garment or covering of brightly shimmering gems and even gold was glorious With these magnificent attributes and perfection God the Father elevated Lucifer to a position of power After becoming prideful and obsessed with himself Lucifer sinned and attacked heaven with his army of angels Jesus described the scene saying I saw Satan fall like lightning from heaven Luke 10 18 Satan took his angels and cherubim with him Revelation 12 4 How could sin change this favored cherub into what is described as an evil dragon or serpent His sin as in all sins separated him from God Without God doing what is right is impossible Satan s idea of right no longer coincided with God s point of view For example Satan was now able to lie God will never lie Numbers 23 19 There is much written about Satan his fallen angels the fallen angels offspring and the demonic forces he controls With scripture as our anchor we will explore Apocryphal books legends across the globe and archeological records to confirm what the Bible says about Satan Even the unspoken record found in the names of stars The zodiac and decan constellations have much to reveal about this enemy of God and man Find out what Satan does not want you to know [The Complete Idiot's Guide to the Bible](#) James S. Bell, Stan Campbell, 2003 Includes summaries of the Bible s most famous stories detailed maps of the journeys of its major figures and descriptions of everyday life depicted in the Bible *Why Should I Fear?* Laurel E Franks Roberts, 2024-09-17 Climate change poverty war food and water scarcity inflation pandemics artificial intelligence the list of world issues seems endless And each news story contributes to our feelings of anxiety and insecurity On top of external uncertainties are the fears we carry within fears of failure rejection isolation and loneliness fears of injury and death What is to prevent us from being swallowed up by the concerns of this world and our individual spirits Where is help to be found *Why Should I Fear* demonstrates that we can face and conquer fear of all sorts by considering Biblical stories and remembering the ways in which God has helped people in the past including persecution military conflict familial abuse famine deception discouragement rejection natural disaster illness and death In the face of what seem like intolerable events and crushing personal conditions we can discover just as surely as Biblical people discovered that God is trustworthy to work in our lives and that we can have hope Historical and geographical context helps connect ancient narratives to present times making the reflections relevant to twenty first century readers Readers are encouraged to consider the credibility of Biblical history and to understand that the events and people represented in the Bible existed in real time and in real places Consequently readers can trust that the God of the Bible is as real now as then and continues to work in our world If you are plagued by worry if world news frightens or depresses you *Why Should I Fear* promises to speak courage and comfort into your life And while each reflection might not speak to your personal fear the author trusts that through the stories of difficulty and challenge the sovereignty of God will shine and speak directly to any reader s heart
