Kania,Richards P. Davis,2014-09-19 This book studies the formal and informal nature of the organizations involved in criminal justice It will acquaint readers with the historical developments and application of managerial theories principles and problems of managing criminal justice organizations Covers management positions in criminal justice historical antecedents decisionmaking and planning staffing and personnel training and education **The Business of Criminal Justice** Daniel Adrian Doss,Chengqi Guo,Joo Young Lee,2011-12-19 This book represents the manifestation of a new presentation of old perspectives within the discipline of criminal justice It contains practical considerations of rendering such decisions it is expected to be an appropriate reference among practitioner personnel An Environmental Court in Action Elizabeth Fisher,Brian Preston,2022-07-28 This book provides a critical assessment of the New South Wales Land and Environmental Court NSWLEC Effective adjudication has become a key consideration for environmental lawyers One of the most important questions is whether environmental law frameworks need their own courts with the conclusion being yes they do Here a pioneer of such a court the NSWLEC is forensically examined to see what it

might teach other such courts Showing a court in action it suggests models that practitioners and policy makers might follow It also speaks to the environmental law scholars setting out a conceptual framework for studying such courts as legal institutions This multi faceted collection is invaluable to scholars and practitioners alike **Human Relations and Law**

Enforcement Larry Miller,Michael Braswell,John Whitehead,2019-05-21 Law enforcement professionals encounter multiple challenges The experiential case study approach of Human Relations and Law Enforcement honed through seven editions places readers in hypothetical problem situations Scenarios invite reflection and prompt a deeper understanding of the nature of law enforcement work Concise but thorough introductions set the stage for thoughtful analysis of police community relations crisis intervention interacting with juveniles effective contact with the emotionally distressed coping with stress making ethical decisions and administrative responsibilities Case commentaries and questions stimulate discussion about possible courses of action and potential outcomes Service And Operations Management Cengiz Haksever,Barry

Render,2017-12-26 The purpose of this book is to provide cutting edge information on service management such as the role services play in an economy service strategy ethical issues in services and service supply chains It also covers basic topics of operations management including linear and goal programming project management inventory management and forecasting This book takes a multidisciplinary approach to services and operational management challenges it draws upon the theory and practice in many fields of study such as economics management science statistics psychology sociology ethics and technology to name a few It contains chapters most textbooks do not include such as ethics management of public and non profit service organizations productivity and measurement of performance routing and scheduling of service vehicles An Instructor s Solutions Manual is available upon request for all instructors who adopt this book as a course text Please send your request to sales wspc com **The Distributed Functions of Emergency Management and Homeland Security**

David A. McEntire,2023-07-19 The Distributed Functions of Emergency Management and Homeland Security outlines the roles and responsibilities of various individuals and agencies involved in homeland security and all aspects of emergency management Each chapter focuses on the practical and applied aspects of a range of public servants in various departments and the organizations that they represent Rather than presenting a theoretical exploration alone the book examines the practical knowledge and hands on skills related to various functions and how their decisions and actions play into the larger framework of safety and security in the public private and nonprofit sectors Every professional has a unique and integral part to play in fulfilling their roles and obligations whether it be in relation to prevention mitigation preparedness response or recovery operations Personnel that frequently come to mind in such scenarios include emergency managers geographers and land use planners EMTs and paramedics fire fighters police officers public health officials nurses public administrators and public information officers And while these individuals are integral to homeland security and emergency management there are other professionals that also perform essential duties that while they aren t first to mind are vital to efforts relating to

terrorism and disasters this includes pilots in the aviation sector the military attorneys psychologists and forensic professionals serving in pathology DNA and dentistry roles Chapters provide a holistic rendering of the homeland security and emergency management landscape to present all these various professional capabilities and contributions This includes how current functions are coordinated as well as how future efforts might change relative to a more proactive all hazards and holistic approach As such the book will be a useful resource for students and practitioners to understand the dynamic professions and various disciplines and fields that impact disaster and terrorism preparedness and response capabilities
