And Global Entrepreneurship Index Springerbriefs Economics:

Global Entrepreneurship and Development Index 2014 Zoltan J. Acs, László Szerb, Erkki Autio, 2015-03-11 This volume captures the context features of entrepreneurship and fills a gap in the measurement of development Building on recent advances in entrepreneurship and economic development the authors have created an index that offers a measure of the quality of the business formation process in 120 of the most important countries in the world The authors expertly capture the contextual feature of entrepreneurship by focusing on entrepreneurial attitudes entrepreneurial abilities and entrepreneurial aspirations The data and their contribution to the business formation process are supported by three decades of research into entrepreneurship across a host of countries The Global Entrepreneurship and Development Index is a construction of individual and institutional measures that integrates 31 variables from various data sources into 15 pillars three sub indexes and a super index The relationship between entrepreneurship and economic development appears to be more or less mildly S shaped The findings suggest moving away from simple measures of entrepreneurship across countries illustrating a U shaped or L shaped relationship to more complex measures which are positively related to development The model has important implications for development policy This unique book will be invaluable for researchers policymakers and entrepreneurs keen to expand their understanding of entrepreneurship and development Global Entrepreneurship and Development Index 2015 Zoltan J. Acs, László Szerb, Erkki Autio, 2015-11-27 This volume provides a detailed look at the entrepreneurial ecosystem of different nations by combining individual data with institutional components The composite index presented in this book the Global Entrepreneurship Index GEI aims to measure the quality and scale of the entrepreneurial process in 130 countries around the world The authors have developed a system that links institutions and agents through a National Entrepreneurial System ecosystem in which each biotic and abiotic component is reinforced by the other at a country level The enclosed data from both individual and country level institutions provides policymakers a tool for understanding the entrepreneurial strengths and weaknesses of their respective economies thereby enabling the implementation of policies that foster productive entrepreneurship Distinct from both output based entrepreneurship indexes i e new firm counts and process based indexes i e comparisons of policies and regulations the GEI is designed to profile national systems of entrepreneurship The GEI is a construction of individual and institutional measures that integrates 31 variables from various data sources into 14 pillars three sub indexes and a super index The relationship between entrepreneurship and economic development appears to be more or less mildly S shaped The findings suggest moving away from simple measures of entrepreneurship across countries illustrating a U shaped or L shaped relationship to more complex measures which are positively related to development The Index also does not focus exclusively on high growth entrepreneurship it also considers the characteristics of entrepreneurship that enhance productivity innovation market expansion being growth oriented and having an international outlook Moreover because entrepreneurship can have both

economic and social consequences for the individual the GEI captures the dynamic institutionally embedded interactions between the individual level attitudes abilities and aspirations that drive productive entrepreneurship This unique book will be invaluable for researchers policymakers and entrepreneurs keen to expand their understanding of entrepreneurship and development **Global Entrepreneurship and Development Index 2016** Zoltan Acs,László Szerb,Erkko

Autio,2017-10-11 This brief captures the contextual features of entrepreneurship by measuring entrepreneurial attitudes abilities and aspirations at both the individual and country level Featuring data from the 2016 Global Entrepreneurship and Development Index GEDI which measures the quality and scale of the entrepreneurial process in 133 countries around the world this book provides a tool to help policymakers and governments harness the power of entrepreneurship to address some of the economic challenges faced at the country level In addition to the yearly data and comparisons this edition also explores the relationship between entrepreneurship and other measures of development Distinct from both output based entrepreneurship indexes i e new firm counts and process based indexes i e comparisons of policies and regulations the GEDI is designed to profile national systems of entrepreneurship The Index does not simply count new firm registrations nor is it an exercise of policy benchmarking It also does not focus exclusively on high growth entrepreneurship it considers the characteristics of entrepreneurship that enhance productivity such as innovation market expansion globalization and growth potential Finally recognizing that entrepreneurship has a different impact in different economic and institutional contexts the GEDI combines individual level data with data that describes national institutions as well as economic and demographic structures to provide an institutionally embedded view of the drivers of productive entrepreneurship *Global*

Entrepreneurship and Development Index 2018 Zoltán J. Ács,László Szerb,Esteban Lafuente,Ainsley Lloyd,2018-11-27 This brief presents a detailed look at the entrepreneurial ecosystem of nations around the world by combining individual data with institutional components Presenting data from the 2018 Global Entrepreneurship and Development Index GEDI which measures the quality and scale of entrepreneurial process from 137 countries world wide this book provides a rich understanding of entrepreneurship and a more precise means to measure it The novelty of the GEDI 2018 edition is the examination of the connection between the GEDI score and the computed total factor productivity TFP values The Global Entrepreneurship and Development Index is an annual index composite indicator that measures the health of the entrepreneurship ecosystems in a given country The authors have identified 14 components or pillars that are important for the health of entrepreneurial ecosystems identified data to capture each and used this data to calculate three levels of scores for a given country the overall GEDI score scores for Individuals and Institutions and pillar level scores which measure the quality of each of the 14 components *The Digital Platform Economy Index 2020* László Szerb,Eva Somogyine

Komlosi,Zoltan J. Acs,Esteban Lafuente,Abraham K. Song,2022-01-03 This book presents the 2020 Digital Platform Economy Index DPE Index The DPE Index integrates two separate but related literatures on ecosystems namely the digital ecosystem

and the entrepreneurial ecosystem This new framework situates digital entrepreneurship within the broader context of users platforms and institutions such that two biotic entities users and agents actuate individual agency and two abiotic components digital infrastructure and digital platforms form the external environment The DPE Index framework includes 12 pillars that integrate the digital and the entrepreneurship ecosystems Here the authors report on the DPE Index the four sub indices and the 12 pillar values for 116 countries as well as provide a cluster analysis based on the 12 pillars

Global Entrepreneurship and Development Index 2017 Zoltan J. Acs, László Szerb, Ainsley Lloyd, 2017-09-14 This brief presents a detailed look at the entrepreneurial ecosystem of nations around the world by combining individual data with institutional components Presenting data from the 2017 Global Entrepreneurship and Development Index GEDI which measures the quality and scale of entrepreneurial process from 137 countries world wide this book provides a rich understanding of entrepreneurship and a more precise means to measure it In addition to yearly data and comparison this 2017 edition also explores the digital entrepreneurial ecosystem and provides a detailed analysis of two measurements of entrepreneurship the GEDI and the Total Early Stage Entrepreneurial Activity TEA measure Whereas developed countries will be challenged to increase their economic productivity to sustain current standards of living as their populations rapidly age developing economies will need to integrate more than two billion young adults into the world economy by 2050 How can more than one billion jobs be created in the developing world within this timeframe especially in the least developed countries where poverty and massive unemployment are already dominant facts of economic life How can we measure monitor and build the ecosystems to produce such growth The GEDI is designed to profile national systems of entrepreneurship It links institutions and agents through a National Entrepreneurial System ecosystem in which each biotic and abiotic component is reinforced by the other at the country level The resulting data gives policymakers a tool for understanding the entrepreneurial strengths and weaknesses of their countries economies thereby enabling them to implement policies that foster productive entrepreneurship The GEDI also helps governments harness the power of entrepreneurship to add these types of challenges

Entrepreneurship and the Informal Sector Nnamdi O. Madichier, Ayantunji Gbadamosi, Pantaleo D. Rwelamila, 2022-12-26 This book contributes to the ongoing discussion around entrepreneurship in Africa and how it can be made more sustainable The chapters included highlight the need to consider the grey area between private and public sector dichotomy which has been the focus of previous research efforts The contributors to this book offer an intersectional view of entrepreneurship and widen the lens of inquiry to include informal sectors in discussions pertaining to innovation in business The individual chapters consider economic and sociocultural contexts the role of gender the effect of militancy on entrepreneurship and informal small and medium enterprises By doing so this book argues that the neglect accorded to the informal and self employment sectors may have hampered African business development in various ways This book is a significant new contribution to studying informality in relation to business and entrepreneurship It will be of interest to

researchers and advanced students of business economics politics sociology public policy and development studies This book was originally published as a special issue of the Journal of African Business *Research Handbook on Entrepreneurial Ecosystems* James A. Cunningham, Matthias Menter, Conor O'Kane, Marco Romano, 2024-11-08 Bringing together cutting edge insights and critical perspectives this Research Handbook advances the understanding of the development dynamics and different facets of entrepreneurial ecosystems **Entrepreneurship in Africa**, 2017-09-25 Chapters in this book contribute to our understanding of the theory structure and practice of entrepreneurship in diverse African countries Case studies examined include African multinational banks and businesses female entrepreneurs culture and entrepreneurship finance and entrepreneurship and SMEs *Singapore* International Monetary Fund. Asia and Pacific Dept, 2017-07-28 This paper outlines that the banking sector remains healthy backed by high capital liquidity provisioning and profitability ratios Sector wide nonperforming loans NPLs have increased slightly to 2 percent in 2017 Q1 due largely to stresses in the Oil and Gas O G services sector Banks have responded by increasing provisions using forward looking measures of impairment and restructuring their loans Overall the banking sector is well positioned to withstand shocks Capital and liquidity positions are sufficiently strong and well above regulatory requirements Capital and liquidity positions of the local banking groups remain strong Liquidity coverage ratios LCR of all three major banks remained high and rose in 2016 Q4 remaining well above the regulatory limits The turnaround in bank s profitability especially the strong performance in 2017 Q1 is attributed to two factors an acceleration in credit growth and increases in fee income from wealth management services Local banks have been a key factor behind the wealth management sector s growth and its main beneficiary

With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of And Global Entrepreneurship Index Springerbriefs Economics books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of And Global Entrepreneurship Index Springerbriefs Economics books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing And Global Entrepreneurship Index Springerbriefs Economics versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, And Global Entrepreneurship Index Springerbriefs Economics books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing And Global Entrepreneurship Index Springerbriefs Economics books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for And Global Entrepreneurship Index Springerbriefs Economics books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-

profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, And Global Entrepreneurship Index Springerbriefs Economics books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips.
