And Election Lexington Studies Political Communication:

Gender and Political Communication in America Janis L. Edwards, 2009-08-28 At a time when presidential campaigns are shaped to appeal to women voters when masculinity constructs impinge on wartime leaders and when the United States appears to move towards the possibility of a woman president it is vital that communication scholarship addresses the issue of gender and politics in a comprehensive manner *Gender and Political Communication in America* Rhetoric Representation and Display takes on this challenge as it investigates from a rhetorical and critical standpoint the intersection and mutual influences of gender and political communication as they are realized in the nation's political discourse Representing some of the leading investigators on gender and political communication as well as emerging scholars the volume's contributors update and interrogate contemporary issues of gendered politics applicable to the 21st century including the historic 2008 election Through their original research the contributors offer critical examinations of the impact of salient theories and models of gender studies as they relate to historical and contemporary roles and practices in the political sphere *Gender and Political Communication in America*'s broad and diverse engagement with the subject matter makes it a must read for those interested in women's studies and political communication *Maryland Politics and Political Communication, 1950-2005*

Theodore F. Sheckels, 2006-01-01 *Maryland Politics and Political Communication 1950-2005* is not a survey of all that occurred between 1950 and 2005 Rather this book focuses on a set of interesting political events in which communication is a very important variable These events be they elections or episodes of governance are also arguably the most dramatic ones during the period It begins with an examination of George Wallace's 1964 and 1972 campaigns in the state's Democratic presidential primary considers William Donald Schaefer's flamboyant communication strategies as Baltimore mayor and the vicious 1986 U S Senate campaign between Democrat Barbara Mikulski and Linda Chavez and runs through the 2002 gubernatorial race between Kathleen Kennedy Townsend and Robert L Ehrlich Sheckels highlights the similarities and differences between political communication at state and national levels and looks forward to questions and scenarios that may emerge in future elections **Making a Difference** Stephen Ward, 2008-01-01 This book is a cross national

analysis of the role of the Internet in elections It examines the role of context in shaping candidate and party usage of the Internet in democratic electoral systems *Political Campaign Communication* Robert E. Denton Jr., 2017-06-14 *Political Campaign Communication Theory Method and Practice* brings a diversity of issues topics and events on political campaign communication around the concepts of theory method and practice The volume contains studies of political campaign communication utilizing a wide range of empirical rhetorical content analyses and social science methodologies as well as a variety of foci on the practice of political campaign communication with studies on the communication dimensions and elements of political campaigns It reflects the growing depth breadth and maturity of the discipline and provides insight into a variety of topics related to political campaign communication **Media Bias in Presidential Election Coverage**

1948-2008 David W. D'Alessio, 2012-03-22 Accusations of partisan bias in Presidential election coverage are suspect at best and self serving at worst They are generally supported by the methodology of instance confirmation tainted by the hostile media effect and based on simplistic visions of how the news media are organized **Media Bias in Presidential Election Coverage 1948 2008** by Dave D'Alessio is a revealing analysis that shows the news media have four essential natures as journalistic entities businesses political actors and property all of which can act to create news coverage biases in some cases in opposing directions By meta analyzing the results of 99 previous examinations of media coverage of Presidential elections from 1948 to 2008 D'Alessio reveals that coverage has no aggregate partisan bias either way even though there are small biases in specific realms that are generally insubstantial Furthermore while publishers used to control coverage preferences this practice has become negligible in recent years Media Bias proves that at least in terms of Presidential election coverage The New York Times is not the most liberal paper in America and the Fox News channel is substantially more conservative in news coverage than the broadcast networks Finally Media Bias in Presidential Election Coverage 1948 2008 predicts that no amount of evidence will cause political candidates to cease complaining about bias because such accusations have both strategic potential in campaigns and an undeniable utility in ego defense *Political Communication* Carsten Reinemann, 2014-07-28 Against the background of an enormous expansion and diversification of both political communication itself and scientific research into its structures processes and effects this volume gives an overview of some of the key theories and findings accumulated by political communication research over the last decades In order to do so the volume provides readers with review articles by renowned international authors on various aspects of I the normative regulatory and conceptual foundations of political communication II different situations of political communication e.g. elections referendums social movements media hype crisis and war III the activities of and part played by political actors IV mass media and journalism V characteristics and typical features of media messages VI the role played by citizens as well as VII various kinds of effects on citizens Each section includes several chapters that address specific issues and research problems in the form of comprehensive overviews articles **Studies of Communication in the 2016 Presidential Campaign** Robert E. Denton Jr., 2017-12-13 This edited collection explores a wide range of communication elements and themes representing a variety of topics and methodologies It focuses broadly on the role and function of communication within the context of the 2016 United States presidential election with chapters devoted to topics including an overview of the election from a communication perspective the nominations strategies of campaign visits the impact of gender in the campaign the impact of WikiLeaks front page election coverage messaging and performance of third party candidates Trump's campaign announcement address and Clinton's concession speech This is an eclectic collection that makes a significant contribution to current understandings of the various roles of communication in the historic presidential election of 2016 **Horror Framing and the General Election** Fielding Montgomery, 2021-09-21 In Horror Framing and the General Election Ghosts and Ghouls in Twenty First

Century Presidential Campaign Advertisements Fielding Montgomery reveals a pattern of mostly increasing horror framing implemented across presidential elections from 2000 to 2020 By analyzing the two most common frameworks of horror within U S popular culture classic and conflicted he demonstrates how such frameworks are deployed by twenty first century U S presidential campaign advertisements Televised advertisements are analyzed to illustrate a clearer picture of how horror frameworks have been utilized the intensity of their usage and how self positive appeals to audience efficacy help bolster these rhetorical attempts at persuasion Horror Framing and the General Election shows readers how the extensionally constitutive ripples of horrific campaign rhetoric are felt in contemporary political unrest and provides a potential path forward

Communicator-in-Chief John Allen Hendricks, Robert E. Denton Jr., 2010-01-14 Communicator in Chief How Barack Obama Used New Media Technology to Win the White House examines the fascinating and precedent setting role new media technologies and the Internet played in the 2008 presidential campaign that allowed for the historic election of the nation's first African American president It was the first presidential campaign in which the Internet the electorate and political campaign strategies for the White House successfully converged to propel a candidate to the highest elected office in the nation The contributors to this volume masterfully demonstrate how the Internet is to President Barack Obama what television was to President John Kennedy thus making Obama a truly twenty first century communicator and politician Furthermore Communicator in Chief argues that Obama's 2008 campaign strategies established a model that all future campaigns must follow to achieve any measure of success The Barack Obama campaign team astutely discovered how to communicate and motivate not only the general electorate but also the technology addicted Millennial Generation a generational voting block that will be a juggernaut in future elections
