Learning Interreligiously Francis X. Clooney SJ,2018-06-01 Learning Interreligiously offers a series of about one hundred short pieces written online between 2008 and 2016 They are meant for a wide range of readers interested in interreligious dialogue interreligious learning and the realities of Hindu Christian encounter today and are rich in insights

drawn from teaching travels in America and India and the author's research on sacred texts. The author, a Catholic priest who has spent more than forty years learning from Hinduism and observing religion as a plus and minus in today's world, has much to share with readers. Some pieces were prompted by items in the news; some go deeper into traditions and probe the rich Scriptures and practices going back millennia; some seek simply to provoke fresh thinking and others invite spiritual reflection. The book is divided into several parts so that readers can focus on individual events that made the news or on longer term and more concerted study. Familiar texts such as the Yoga Sutras, the Bhagavad Gita, the Qur'an and key passages from the New Testament will be considered for their spiritual possibilities. Readers will find much here to learn from and respond to as they too consider religion in today's world.

The Routledge Companion to the Qur'an George Archer, Maria M. Dakake, Daniel A. Madigan, 2021-09-30. The Routledge Companion to the Qur'an offers an impressive and comprehensive overview of the formative scripture of Islam. Including a wide number of scholarly approaches to the Qur'an by both established authorities and emergent voices, the 40 chapters in this volume represent the latest word on the academic understanding of the Muslim scripture. The Qur'an is spoken of in scholarship across disciplines; it is the beating heart of a living community of believers; it is a work of beauty and a basis for art and culture; it is a profoundly significant historical artifact and it is a mysterious survivor from the Late Ancient Arabic speaking world. This Handbook accompanies the reader into the many worlds that the Qur'an lives in, from its ancient settings to its internal drama and through the 1400 years of discussion and debate about its meaning. Bringing diverse approaches to the Qur'an together in one volume, *The Routledge Companion to the Qur'an* represents the vibrancy of the field of Qur'anic Studies today. This Handbook is essential reading for students and researchers in religious studies and Islamic studies. It will also be very useful for those in related fields such as area studies, sociology, anthropology and history.

The Masnavi of Rumi, Book One Jalaloddin Rumi, 2020-02-20. Jalaloddin Rumi's *Masnavi-ye Ma'navi* or *Spiritual Couplets* composed in the 13th Century is a monumental work of poetry in the Sufi tradition of Islamic mysticism. For centuries before his love poetry became a literary phenomenon in the West, Rumi's *Masnavi* had been revered in the Islamic world as its greatest mystical text. Drawing upon a vast array of characters, stories and fables and deeply versed in spiritual teaching, it takes us on a profound and playful journey of discovery along the path of divine love toward its ultimate goal of union with the source of all Truth. In Book 1 of the *Masnavi*, the first of six volumes, Rumi opens the spiritual path towards higher spiritual understanding. Alan Williams's authoritative new translation is rendered in highly readable blank verse and includes the original Persian text for reference and with explanatory notes along the way. True to the spirit of Rumi's poem, this new translation establishes the *Masnavi* as one of the world's great literary achievements for a global readership. Translated with an introduction, notes and analysis by Alan Williams and including the Persian text edited by Mohammad Estelami.

The Oxford Handbook of Qur'anic Studies, 2020-04-28. Traditionally revered as the literal word of God, the Qur'an serves as Islam's sacred book of revelation.

Ibn 'Arabī's Religious Pluralism Faris Abdel-hadi, 2024-12-20 This book marks a significant contribution to the debate around Ibn Arabī's religious pluralism focusing on his multifaceted approach to non-Abrahamic religions For nearly eight hundred years the writings and ideas of the great Spanish Sufi master Ibn Arab have shaped Islamic intellectual and spiritual culture from North and West Africa and France on the one hand to Iran the Levant Central Asia and the Far East on the other Modern scholarship on the Greatest Master is consequently at an all time high This book weighs in on a well known aspect of his religious worldview namely his perspective on religious pluralism but does so from an entirely different angle Offering a very close reading of his major works newly translated by the author and paying particular attention to a highly developed celestial metaphor prompted by his encounter with a group of pagan sun worshippers the book offers new insights into the nature and scope of Ibn Arabī's understanding of Islamic inclusivism Ultimately the book contributes to our understanding of

both interfaith dialogue and the history of world religions through the prism of Ibn Arab's work. The book will be of particular interest to students and scholars working in a range of fields including Islamic philosophy, Sufism, and intellectual history.

The Incarnate Christ and His Critics Robert M. Bowman Jr., J. Ed Komoszewski, 2024-11-12. A current, comprehensive, and clear defense of the deity of Christ. The central theological claim of Christianity—that Jesus is God incarnate—finds eager detractors across a wide spectrum, from scholars who interpret Jesus as a prophet, angel, or guru to adherents of progressive Christianity and non-Christian religions and philosophies. Yet thorough biblical scholarship strongly supports the historic Christian teaching on the deity of Christ. Authors Robert M. Bowman Jr. and J. Ed Komoszewski follow the approach of their landmark 2007 study on the same topic, *Putting Jesus in His Place*. They focus on five pillars of New Testament teaching using the acronym HANDS and demonstrate what both Jesus and the earliest believers recognized: namely, that Jesus shares in the Honors that are due God: Attributes of God, Names of God, Deeds that God does, Seat of God's eternal throne. *The Incarnate Christ and His Critics* engages objections to the divine identity of Jesus from Jehovah's Witnesses, Mormons, progressive Christians, Muslims, Unitarians, and others. Bowman and Komoszewski show how biblical scholarship cannot reasonably ignore the enduring, wide-ranging, and positive case for the deity of Christ.
