Book And Christ Chaos Dan Dewitt:

Christ or Chaos Dan DeWitt, 2016-01-14 Is Christianity irrational Atheists often say that it is But does such a charge really stand up to close scrutiny This book follows the story of Thomas a junior in college as he wrestles with the claims of those who think the Christian faith is nothing more than a collection of ancient myths with little connecting to reality Whether you are facing objections to your faith for the first time simply discussing your faith with unbelieving friends or doubting your faith altogether you might be surprised to discover that Christianity actually offers a more compelling explanation of what it means to be human than atheism could ever hope to provide **This Changes Everything** Jaquelle Ferris, 2017-03-16 My name is Jaquelle and I m a teenager I like football movies sushi and dark chocolate But the biggest most crucial most significant thing about me is that my life s task is to follow Jesus He is the One who changed my life That s what this book is about It s for teenagers eager to reject the status quo and low standards our culture sets for us It s for those of us who don t want to spend the adolescent years slacking off but rather standing out and digging deep into what Jesus says about following him This book will help you see how the truth about God changes everything our relationships our time our sin our habits and more freeing us to live joyful obedient and Christ exalting lives even while we re young **Live Smart** Dan Dumas, 2016-04-05 A Guide to Living Wisely While You re Young As a professor and youth director author Dan Dumas has seen that young people have high expectations for themselves They want their lives to matter and there s no reason our expectations for them should be any different This book presents practical tools and biblical advice to middle school and high school aged readers so they can make the most of their youth It covers everything from making the right friendships to how to think about education and how to invest in their relationships with God The habits a person forms when they re young can last a lifetime now s the time to make it count This book is ideal for parents and youth pastors to give to young people to read on their own or study in groups [The Faith of Christopher Hitchens](#) Larry Alex Taunton, 2016-04-12 2016 Winner of the Gospel Coalition Book Awards At the time of his death Christopher Hitchens was the most notorious atheist in the world And yet all was not as it seemed Nobody is not a divided self of course he once told an interviewer but I think it s rather strong in my case Hitchens was a man of many contradictions a Marxist in youth who longed for acceptance among the social elites a peacenik who revered the military a champion of the Left who was nonetheless pro life pro war on terror and after 9 11 something of a neocon and while he railed against God on stage he maintained meaningful though largely hidden from public view friendships with evangelical Christians like Francis Collins Douglas Wilson and the author Larry Alex Taunton In [The Faith of Christopher Hitchens](#) Taunton offers a very personal perspective of one of our most interesting and most misunderstood public figures Writing with genuine compassion and without compromise Taunton traces Hitchens s spiritual and intellectual development from his decision as a teenager to reject belief in God to his rise to prominence as one of the so called Four Horsemen of the New Atheism While Hitchens was in the minds of many Christians

Public Enemy Number One away from the lights and the cameras a warm friendship flourished between Hitchens and the author a friendship that culminated in not one but two lengthy road trips where after Hitchens's diagnosis of esophageal cancer they studied the Bible together The Faith of Christopher Hitchens gives us a candid glimpse into the inner life of this intriguing sometimes maddening and unexpectedly vulnerable man If everyone in the United States had the same qualities of loyalty and care and concern for others that Larry Taunton had we'd be living in a much better society than we do

Christopher Hitchens [A Thematic Access-Oriented Bibliography of Jesus's Resurrection](#) Michael J. Alter,2019-12-31 The keystone of Christianity is Jesus's physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus's Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e.g Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease **Sketchy Views** Daniel DeWitt,2023-07-24 Sketchy Views is a beginner's guide to making sense of God using words and sketches to help readers visually connect with and understand what basic Christian theology is and is not

Conversations on Canaanite and Biblical Themes Rebecca S. Watson,Adrian H. W. Curtis,2022-08-01 Arguments over the relationship between Canaanite and Israelite religion often derive from fundamental differences in presupposition methodology and definition yet debate typically focuses in on details and encourages polarization between opposing views inhibiting progress This volume seeks to initiate a cultural change in scholarly practice by setting up dialogues between pairs of experts in the field who hold contrasting views Each pair discusses a clearly defined issue through the lens of a particular biblical passage responding to each other's arguments and offering their reflections on the process Topics range from the apparent application of chaos and divine warrior symbolism to Yahweh in Habakkuk 3 the evidence for monotheism in pre Exilic Judah in 2 Kings 22 23 and the possible presence of chaos or creatio ex nihilo in Genesis 1 and Psalm 74 This approach encourages the recognition of points of agreement as well as differences and exposes some of the underlying issues that inhibit consensus In doing so it consolidates much that has been achieved in the past offers fresh ideas and perspective and through intense debate subjects new ideas to thorough critique and suggests avenues for further research **Jesus or**

Nothing Dan DeWitt, 2014-04-30 It's time to make a choice. Many young adults are abandoning the Christian faith convinced that it's an outdated and uneducated belief system. In this compelling address, Dan DeWitt counters these misconceptions and challenges us to think carefully about the choice between Jesus or nothing by comparing the Christian worldview to the notion of a godless universe devoid of true goodness and ultimate significance. This winsome book describes the rock-solid foundation for life that Christians enjoy in and through the gospel, offering an explanation for our existence, grace for our guilt, and meaning for our mortality.

Religious Individualisation Martin Fuchs, Antje Linkenbach, Martin Mulsow, Bernd-Christian Otto, Rahul Bjørn Parson, Jörg Rüpke, 2019-12-16 This volume brings together key findings of the long-term research project *Religious Individualisation in Historical Perspective*. Max Weber Centre for Advanced Cultural and Social Studies, Erfurt University. Combining a wide range of disciplinary approaches, methods, and theories, the volume assembles over 50 contributions that explore and compare processes of religious individualisation in different religious environments and historical periods, in particular in Asia, the Mediterranean, and Europe from antiquity to the recent past. Contrary to standard theories of modernisation which tend to regard religious individualisation as a specifically modern or early modern as well as an essentially Western or Christian phenomenon, the chapters reveal processes of religious individualisation in a large variety of non-Western and pre-modern scenarios. Furthermore, the volume challenges prevalent views that regard religions primarily as collective phenomena and provides nuanced perspectives on the appropriation of religious agency, the pluralisation of religious options, dynamics of de-traditionalisation and privatisation, the development of elaborated notions of the self, the facilitation of religious deviance, and on the notion of dividuality.
