A New History of Korea Ki-Baik Lee,Ki-baek Yi,1984 A survey history of Korea *A New History of Korea* Ki-baik Lee,1988-03-15 One of the first most widely read and respected histories of Korea Ki baik Lee s Han guksa Sillon has been translated into English by Edward W Wagner A New History of Korea offers Western readers a distillation of the best scholarship on Korean history and culture from the earliest times to the student revolution of 1960 *A New History of Korea* ,1978 **NEW HISTORY OF KOREA, A.** KI-BAIK. LEE,1953 **A Concise History of Modern Korea** Michael J. Seth,2016-03-03 Now in a fully revised and updated edition this comprehensive and balanced history of modern Korea explores the social economic and political issues it has faced since being catapulted into the wider world at the end of the nineteenth century Placing this formerly insular society in a global context Michael J Seth describes how this ancient culturally and ethnically homogeneous society first fell victim to Japanese imperialist expansionism and then was arbitrarily divided in half after World War II Seth traces the postwar paths of the two Koreas with different political and social systems and different geopolitical orientations as they evolved into sharply contrasting societies South Korea after an unpromising start became one of the few postcolonial developing states to enter the ranks of the first world with a globally competitive economy a democratic political system and a cosmopolitan and dynamic culture By contrast North Korea became one of the world s most totalitarian and isolated societies a nuclear power with an impoverished and famine stricken population Considering the radically different and historically unprecedented trajectories of the two Koreas Seth assesses the insights they offer for understanding not only modern Korea but the broader perspective of world history All readers looking for a balanced knowledgeable history will be richly rewarded with this clear and cogent book *A History of Korea* Jinwung Kim,2021-12-22 A history of the divided region from prehistoric times to present day examining at political social cultural economic and diplomatic developments Contemporary North and South Korea are nations of radical contrasts one a bellicose totalitarian state with a failing economy the other a peaceful democracy with a strong economy Yet their people share a common history that extends back more than three thousand years In this comprehensive new history of Korea from the prehistoric era to the present day Jinwung Kim recounts the rich and fascinating story of the political social cultural economic and diplomatic developments in Korea s long march to the present He provides a detailed account of the origins of the Korean people and language and the founding of the first walled town states along with the advanced civilization that existed in the ancient land of Unified Silla Clarifying the often complex history of the Three Kingdoms Period Kim chronicles the five century long history of the Choson dynasty which left a deep impression on Korean culture From the beginning China

has loomed large in the history of Korea from the earliest times when the tribes that would eventually make up the Korean nation roamed the vast plains of Manchuria and against whom Korea would soon define itself Japan too has played an important role in Korean history particularly in the 20th century Kim tells this story as well including the conflicts that led to the current divided state The first detailed overview of Korean history in nearly a quarter century this volume will enlighten a new generation of students eager to understand this contested region of Asia Using the latest sources including recently declassified Communist documents Jinwung Kim s book holds promise of becoming the textbook of choice Benefiting from his direct and intimate knowledge of the country he writes with great clarity providing rich and interesting descriptions of political social cultural economic and diplomatic developments throughout the history of Korea James I Matray California State University Chico A clearly written comprehensive and impressively detailed work *Journal of Asian Studies* A Concise History of Korea Michael J. Seth, 2006-07-28 A Concise History of Korea emphasizes how Korean history can be understood as part of an interactive sphere that includes three basic areas China Japan and the Manchurian Central Asian region Jacket *A new history of Korea* Ki-baeck Yi, 1984 Korea, Old and New Carter J. Eckert, 1990 This is the most reliable and popular history of Korea available in English The tumultuous developments of the modern era receive the greatest coverage but the book s balanced treatment of traditional Korea emphasizes cultural events as integrally related to the political social and economic evolution of this ancient nation
