ARMAGEDDON IS APPROACHING Jimmie Chapman, 2017-10-10 This book reveals Bible prophecies that show us we are living near the end of time Author Dr Jimmie Chapman says The signs are everywhere and we need to be observant History proves that the ancient Bible prophecies concerning the nation of Israel and the coming of Christ were accurately fulfilled We as Christians the people of God should not fail to recognize the signs that God is giving this generation The generation that is alive right now could see the end of the world as we know it The world is rapidly moving toward the one world government the Beast which both Daniel and John prophesied to rule the world in the last days The Beast is here now and is in the advanced stages of its formation Its military arsenal already exists in entities like the UN the US NATO the EU China Russia and others The beastly government that will control all that military hardware is slowly and subtly taking form behind the scenes in what has been called The New World Order Luis Napoleon the Destined Monarch of the World and... Battle of Armageddon M. Baxter, 1863 **The Revelation of History** Geoffrey Gardner, 2021-12-14 This book explains how the thread of modern history was originally penned in the Revelation by the Apostle John during his exile on the isle of Patmos in 92AD It was a vision given to him by Christ that details in sublime language the various eras down to the present day The destruction of the World Trade towers on September 11 2001 or 9/11 is part of this explanation The twin World Trade Towers in New York city were the pride of America Their construction began in 1968 and represented the prosperity and culmination of the postwar era and America's superpower status Destroyed in one day in 2001 their significance goes to the heart of our existence here on planet Earth and is part of the conflict at bottom in this world The

towers in New York were the trade towers For the first one hundred thousand years of our existence as fully formed human beings we were hunter gatherers and later on when the big game became depleted farmers Apart from simple bartering there was no trade for gain We had no knowledge of weights and measures then or packaging up goods for a price These practices only emerged some six thousand years ago and is what the story of Adam and Eve and particularly Cain their son is all about Cain is the divine analogy of the emergence of trade within the human experience and its disastrous effect upon the purity of the human spirit Although the practice of trade may have been quite a natural evolution and has brought many benefits to mankind trade for gain also brought depravity to human nature and tarnished our primitive purity and character or image of God in which we were created This was the Fall of man where the evil spirits of envy greed deceit and murder emerged and became universal Cain built a city Not only so but rival city states and their attendant war machines The world six thousand years ago marked the appearance of armed pillaging hordes and the first empires The Assyrian wolf that came down on the fold The emergence of trade for gain proceeding from crop surpluses marked one of the most significant changes of life on Earth From being created in the image of God mankind became engaged in rivalry featuring depraved practices for gain that a formerly generous population had no knowledge of The World Trade Towers were destroyed by Islamic terrorists Struck down by terrorists proceeding from the Islamic world out of a clear blue sky on a Tuesday morning representing probably the greatest single act of terrorism of all time The Islamic faith is the violent reaction proceeding from the spiritual realm to Roman Catholicism When Pope Boniface IV in 609AD dedicated the universal Church to the worship of the Virgin Mary owned only by Christ Mohammed appeared with his teachings the following year A further false faith and one of the sword that swept North Africa and West Asia from India to Spain Swiftly rendering some of the richest parts of the habitable Earth hostile to European activity particularly trade So the World Trade Towers destroyed by the reaction to Western idolatry fits with the overall direction of history and the religious conflict the world and the Revelation when everything is boiled down is really all about This work explains how the vision given at the end of the first century down through eras of time fits with world events *People's Christian Bulletin* ,1917 **A brief and connected view of Prophecy, being an exposition of the second, seventh, and eighth chapters of the Prophecy of Daniel, together with the sixteenth chapter of Revelation; to which are added some observations respecting the period and manner of the Restoration of the Jews** Charles MAITLAND (Captain, Royal Artillery.),1814 How Near Armageddon Elana Janson,1999 **An answer to 'The mission and destiny of Russia'; the work of the author of 'The coming struggle of the nations'**. Veritas (pseud.),1853 Orthodox Christians and Islam in the Postmodern Age Andrew Sharp,2012-06-27 The patristic ecclesiological and liturgical revival in the Orthodox Church has had a profound impact on world Orthodoxy and the ecumenical movement Orthodox leaders have also contributed to the movement s efforts in inter religious dialogue especially with Muslims Yet this book is the first comprehensive attempt to assess an Orthodox position on

Islam It explains why despite being neighbors for centuries relations between Orthodox Christians and Muslims have become increasingly complex as internal and external forces challenge their ability to understand each other and live in peace It demonstrates how a growing number of Orthodox scholars and leaders have reframed the discussion on Islam while endorsing and participating in dialogue with Muslims It shows how a positive relationship with Muslims and Islam in a general sense is an essential aspect of Orthodox Christians historical past present identity and future aspirations
