A Poet's Guide to Poetry brings Mary Kinzie's expertise as poet, critic, and director of the creative writing program at Northeastern University to bear in a comprehensive reference work for any writer wishing to better understand poetry. Detailing the formal concepts of poetry and methods of poetic analysis, she shows how the craft of writing can guide the art of reading poems. Using examples from the major traditions of lyric and meditative poetry in English from the medieval period to the present, Kinzie considers the sounds and rhythms of poetry along with the ideas and

Editorial Reviews

From Publishers Weekly

Known for her poetry (Ghost Ship) and for cogent critical essays (The Cure of Poetry in an Age of Prose), Kinzie here joins the crowd of poets explaining poetry to beginners (see "notes" below) and distinguishes herself. Mixing her own theories in with more widely shared axioms, Kinzie manages to cover the basics while shedding new light on line break, syntax and sentence. "Understanding poems as both embedded in progression and indebted to surprise," Kinzie shows how features like rhyme work sometimes as foreground, sometimes as background. Aphorisms she dubs "recursion of technique." Anticipating the needs of students who will encounter her Guide as a textbook or reference work, Kinzie has wisely designed the book to be used alongside a comprehensive poetry anthology (and recommends several). Her quotes and references come mostly and unsurprisingly from a particular tradition that emphasizes form and control: Thomas Hardy, Louise Bogan, Edwin Muir and the remarkable Julia Randall turn up a lot, while Pound and Williams scarcely appear. Her Guide concludes with a set of provocative exercises, a glossary, and a very knowledgeable bibliography. But sophistication of argument, charming idiosyncrasies of taste, and a refusal to condense are what really make Kinzie's book stand out.

A Poets Guide To Poetry Chicago Guides To Writing Editing And Publishing

Bohdan S. Wynar, Shannon M. Graff

A Poets Guide To Poetry Chicago Guides To Writing Editing And Publishing:

A Poet's Guide to Poetry Mary Kinzie, 2013 In *A Poet's Guide to Poetry* Mary Kinzie brings her decades of expertise as poet critic and director of the creative writing program at Northwestern University to bear in a comprehensive reference work for any writer wishing to better understand poetry Detailing the formal concepts of poetry and methods of poetic analysis she shows how the craft of writing can guide the art of reading poems Using examples from the major traditions of lyric and meditative poetry in English from the medieval period to the present Kinzie considers the sounds and rhythms of poetry along with the ideas and thought units within poems Kinzie also shares her own successful classroom tactics that encourage readers to approach a poem as if it were provisional The three parts of *A Poet's Guide to Poetry* lead the reader through a carefully planned introduction to the ways we understand poetry The first section provides careful step by step instruction to familiarize students with the formal elements of poems from the most obvious feature through the most subtle The second part carefully examines meter and rhythm as well as providing a theoretical and practical overview of free verse The final section offers helpful chapters on writing in form Rounding out the volume are writing exercises for beginning and advanced writers a dictionary of poetic terms and a bibliography of further reading For this new edition Kinzie has carefully reworked the introductory material and first chapter as well as amended the annotated bibliography to include the most recent works of criticism The updated guide also contains revised exercises and adjustments throughout the text to make the work as lucid and accessible as possible

Getting It Published William Germano, 2016-04-08 This endlessly useful and expansive guide is every academic's pocket Wikipedia a timely relevant and ready resource on scholarly publishing Diana Fuss Princeton University For more than a decade writers have turned to William Germano for his insider's take on navigating the world of scholarly publishing A professor author and thirty year veteran of the book industry Germano knows what editors want and what writers need to know to get their work published Today there are more ways to publish than ever and more challenges to traditional publishing This ever evolving landscape brings more confusion for authors trying to understand their options The third edition of *Getting It Published* offers the clear practicable guidance on choosing the best path to publication that has made it a trusted resource now updated to include discussions of current best practices for submitting a proposal of the advantages and drawbacks of digital publishing and tips for authors publishing textbooks and in open access environments Germano argues that it's not enough for authors to write well they also need to write with an audience in mind He provides valuable guidance on developing a compelling book proposal finding the right publisher evaluating a contract negotiating the production process and finally emerging as a published author Offers targeted advice about this vital aspect of scholarship to both would be academic authors Publishers Weekly Concise and readable Strongly recommended Library Journal Indispensable Booklist
