America Dinesh D'Souza, 2014-06-02 1 *New York Times Bestseller* Is America a source of pride as Americans have long held or shame as Progressives allege Beneath an innocent exterior are our lives complicit in a national project of theft expropriation oppression and murder or is America still the hope of the world Dinesh D Souza says these questions are no mere academic exercise It is the Progressive view that is taught in our schools that is preached by Hollywood and that shapes the policies of the Obama administration If America is a force for inequality and injustice in the world its power deserves to be diminished if traditional America is based on

oppression and theft then traditional America must be reformed and the federal government can do the reforming In America Imagine a World without Her D Souza offers a passionate and sharply reasoned defense of America knocking down every important accusation made by Progressives against our country Provocative in its analysis stunning in its conclusions Dinesh D Souza s America is a new classic **The Power Paradox** Dacher Keltner,2017-05-16 A revolutionary and timely reconsideration of everything we know about power Celebrated UC Berkeley psychologist Dr Dacher Keltner argues that compassion and selflessness enable us to have the most influence over others and the result is power as a force for good in the world Power is ubiquitous but totally misunderstood Turning conventional wisdom on its head Dr Dacher Keltner presents the very idea of power in a whole new light demonstrating not just how it is a force for good in the world but how via compassion and selflessness it is attainable for each and every one of us It is taken for granted that power corrupts This is reinforced culturally by everything from Machiavelli to contemporary politics But how do we get power And how does it change our behavior So often in spite of our best intentions we lose our hard won power Enduring power comes from empathy and giving Above all power is given to us by other people This is what we all too often forget and it is the crux of the power paradox by misunderstanding the behaviors that helped us to gain power in the first place we set ourselves up to fall from power We abuse and lose our power at work in our family life with our friends because we ve never understood it correctly until now Power isn t the capacity to act in cruel and uncaring ways it is the ability to do good for others expressed in daily life and in and of itself a good thing Dr Keltner lays out exactly in twenty original Power Principles how to retain power why power can be a demonstrably good thing when we are likely to abuse power and the terrible consequences of letting those around us languish in powerlessness **The Power of Us: The Art and Science of Enlightened Citizen Engagement and Collective Action** Anita R. Estell, Esquire,2013-07 Anita Estell has done it She has published an easy to read handbook that promises to transform our individual and collective understanding of the federal government how it really works and most important our own relevance in its operation The Power of US is a must have guide It provides instruction for those possessing the audacity to seize the opportunities unfolding during one of the most transformational periods in American history Estell shares insights experiences wisdom and expertise gained in more than twenty years of working at the federal level in a way that not only invites and supports constructive engagement but also sheds light on the way forward Estell provides an extraordinary panorama of information and instruction melding a multidisciplinary suite of principles that underscore and bring texture to what Estell calls citizen centrality or citizen centric engagement The Power of US provides a profoundly creative approach relevant to policymakers and advocates Estell s treatment is a breath of fresh air in civic discourse which can be stifled by stale approaches and potentially toxic hyperpartisan dynamics In The Power of US Estell establishes herself as a revolutionary thinker exhibiting the vision knowledge and personal power to move the compass of individual hope in the direction of collective freedom **Howard Zinn on History** Howard Zinn,2011-06-14 Howard Zinn

began work on his first book for his friends at Seven Stories Press in 1996 a big volume collecting all his shorter writings organized by subject The themes he chose reflected his lifelong concerns war history law class means and ends and race Throughout his life Zinn had returned again and again to these subjects continually probing and questioning yet rarely reversing his convictions or the vision that informed them The result was *The Zinn Reader* Five years later starting with Howard Zinn on History updated editions of sections of that mammoth tome were published in inexpensive stand alone editions This second edition of Howard Zinn on History brings together twenty seven short writings on activism electoral politics the Holocaust Marxism the Iraq War and the role of the historian as well as portraits of Eugene Debs John Reed and Jack London effectively showing how Zinn s approach to history evolved over nearly half a century and at the same time sharing his fundamental thinking that social movements people getting together for peace and social justice can change the course of history That core belief never changed Chosen by Zinn himself as the shorter writings on history he believed to have enduring value originally appearing in newspapers like the Boston Globe or the New York Times in magazines like *Z* the New Left the Progressive or the Nation or in his book *Failure to Quit* these essays appear here as examples of the kind of passionate engagement he believed all historians and indeed all citizens of whatever profession need to have standing in sharp contrast to the notion of objective or neutral history espoused by some It is time that we scholars begin to earn our keep in this world he writes in *The Uses of Scholarship* And in *Freedom Schools* about his experiences teaching in Mississippi during the remarkable Freedom Summer of 1964 he adds Education can and should be dangerous

Innovating Government Simone van der Hof, Marga M. Groothuis, 2011-04-20 Governments radically change under the influence of technology As a result our lives in interaction with public sector bodies are easier But the creation of an electronic government also makes us more vulnerable and dependent Dependent not just on technology itself but also on the organizations within government that apply technology collect and use citizen related information and often demand the citizens submit themselves to technological applications This book analyzes the legal ethical policy and technological dimensions of innovating government Authors from diverse backgrounds confront the reader with a variety of disciplinary perspectives on persistent themes like privacy biometrics surveillance e democracy electronic government and identity management Clearly the use of technology by governments demands that choices are made In the search for guiding principles therein an in depth understanding of the developments related to electronic government is necessary This book contributes to this understanding This book is valuable to academics and practitioners in a wide variety of fields such as public administration and ICT sociology political science communications science ethics and philosophy It is also a useful tool for policymakers at the national and international level Simone van der Hof is Associate Professor at TILT Tilburg Institute for Law Technology and Society Tilburg University The Netherlands Marga Groothuis is Assistant Professor at the Faculty of Law of Leiden University in the Netherlands Specific to this book Offers the reader a clear structure Enables the reader to

see across disciplinary borders Offers an in depth insight into new modes of government in various policy domains This is Volume 20 in the Information Technology and Law IT Law Series *The Political Economy of Media and Power* Jeffery Klaehn,2010 *The Political Economy of Media and Power* is a highly interdisciplinary and innovative edited collection bringing together a diverse range of chapters that address some of the most important issues of our times Contributors cut through media spectacle and make visible the intersections between mass media and the politics of power in the contemporary social world The book is intended to foster critical pedagogy chapters explore ways in which media connect with a broad range of topics and issues including globalization war and terrorism foreign affairs democracy governmental relations the cultural politics of militarization gender inequality and the sexist saturation of the public sphere media representations of women media spin and public relations within the broader context of corporate and ideological power The volume features notable contributors including a preface by Cees Hamelink an introduction by David Miller and William Dinan and chapters from Justin Lewis Robin Andersen Henry Giroux James Winter Robert Jensen Stuart Allan Richard Keeble Yasmin Jiwani David Berry Gerald Sussman and Andrew Mullen *Agitation with a Smile* Stephen Bird,Adam Silver,Joshua C.

Yesnowitz,2015-11-17 *Agitation with a Smile* offers a reappraisal of Howard Zinn s political thought and situates his efforts in a contemporary context looking toward the nature of activism and dissent in the future This is the first book to provide a substantive account and assessment of Zinn s philosophy and approach to collective action and to a larger extent democracy The contributors to this book explore the most effective mechanisms by which to arouse public support for seemingly radical positions and how current technological advancements may alter our perception of Zinn s activism The book is a valuable guide to a new generation of activists and scholars of politics in gauging the lasting relevance and legacy of Zinn s ideals concepts and methodology The text is neither fawning nor unduly critical unlike many discussions of Zinn in popular culture Rather the contributors engage the various complexities and tensions present throughout Zinn s work and subject them to contemporary assessment This is a multidisciplinary and international approach to Howard Zinn s intellectual and activist canon **Uncommon Sense** Howard Zinn,Dean Birkenkamp,Wanda Rhudy,2016-01-08 Why Howard Zinn has become one of the most important and influential American historians is perhaps nowhere more evident than in this new book Few social critics have been as inspiring as the ever hopeful Zinn and unlike many historians Zinn turns historical details toward deeper observations on the universal truths and struggles of humankind His remarkable wisdom and insight can be found in his earliest writings through his latest essays speeches and plays *Uncommon Sense* brings together his most poignant and profound quotations from decades of writing and speaking The book reveals the philosophical side of Howard Zinn and a consistency of vision over 50 years on topics ranging from government to race history law civil disobedience and activism Offering quotations of universal and timeless quality the book shows why history will regard this historian as a political and moral philosopher in the company of Paine Jefferson Frederick Douglass and Martin Luther King Jr
