A Republic Not An Empire Reclaiming Americas Destiny:

Republic, Not an Empire Patrick J. Buchanan, 2013-02-05 All but predicting the September 11 attack on the World Trade Center Buchanan examines and critiques America's recent foreign policy and argues for new policies that consider America's interests first

Why America Is Not a New Rome Vaclav Smil, 2010-01-29 An investigation of the America Rome analogy that goes deeper than the facile comparisons made on talk shows and in glossy magazine articles America's post Cold War strategic dominance and its pre recession affluence inspired pundits to make celebratory comparisons to ancient Rome at its most powerful Now with America no longer perceived as invulnerable engaged in protracted fighting in Iraq and Afghanistan and suffering the worst economic downturn since the Great Depression comparisons are to the bloated decadent ineffectual later Empire In *Why America Is Not a New Rome* Vaclav Smil looks at these comparisons in detail going deeper than the facile analogy making of talk shows and glossy magazine articles He finds profound differences Smil a scientist and a lifelong student of Roman history focuses on several fundamental concerns the very meaning of empire the actual extent and nature of Roman and American power the role of knowledge and innovation and demographic and economic basics population dynamics illness death wealth and misery America is not a latter day Rome Smil finds and we need to understand this in order to look ahead without the burden of counterproductive analogies Superficial similarities do not imply long term political demographic or economic outcomes identical to Rome's

Chop Suey, USA Yong Chen, 2014-11-04 American diners began to flock to Chinese restaurants more than a century ago making Chinese food the first mass consumed cuisine in the United States By 1980 it had become the country's most popular ethnic cuisine Chop Suey USA offers the first comprehensive interpretation of the rise of Chinese food revealing the forces that made it ubiquitous in the American gastronomic landscape and turned the country into an empire of consumption Engineered by a politically disenfranchised numerically small and economically exploited group Chinese food's tour de America is an epic story of global cultural encounter It reflects not only changes in taste but also a growing appetite for a more leisurely lifestyle Americans fell in love with Chinese food not because of its gastronomic excellence but because of its affordability and convenience which is why they preferred the quick and simple dishes of China while shunning its haute cuisine Epitomized by chop suey American Chinese food was a forerunner of McDonald's democratizing the once exclusive dining out experience for such groups as marginalized Anglos African Americans and Jews The rise of Chinese food is also a classic American story of immigrant entrepreneurship and perseverance Barred from many occupations Chinese Americans successfully turned Chinese food from a despised cuisine into a dominant force in the restaurant market creating a critical lifeline for their community Chinese American restaurant workers developed the concept of the open kitchen and popularized the practice of home delivery They streamlined certain Chinese dishes such as chop suey and egg foo young turning them into nationally recognized brand names

US Foreign Policy After the Cold War Fraser Cameron, 2006-03-20 Since the success of the best selling first

edition the world has remained fascinated with US foreign policy not least because of the far reaching consequences of the US led invasion of Iraq This fully updated textbook follows the events of the past two and a half years including the 2004 presidential campaign whilst still providing a comprehensive introduction to all aspects of American foreign policy Chapter headings include from colony to superpower the post Cold War decade the role of Congress the media and public opinion the US and terrorism Examining the administrations of George Bush Bill Clinton and George W Bush it explains the complex interaction between the institutions of power the key actors and the non governmental organizations to give a complete picture of foreign policy With a complete glossary of terms this textbook is ideal for those studying American politics or international relations Companion website available at www.routledge.com/textbooks/0415358655 Good News for Moderns Nero James Pruitt, 2015-06-27 There are many ways to be a Christian In Good News for Moderns author Nero James Pruitt shows that within the pages of the New Testament there is room for a diversity of Christianities This is a diversity that is not talked about often but when properly understood expands the perception of what a Christian is Consider the words of Justin Martyr the second century Christian writer recognized as a saint by the Catholic Church the Anglicans and the Eastern Orthodox in about 150 AD We are taught that Christ is the first born of God and we have shown that He is the reason word of whom the whole human race partake And those who live according to reason are Christians even though they are counted atheists Such were Socrates and Heraclitus among the Greeks and those like them Consider the words of John Adams the second President of the United States in 1816 The Ten Commandments and the Sermon on the Mount contain my religion Consider the words Bill Clinton the forty second President of the United States In 1955 I had absorbed enough of my churchs teachings to know that I was a sinner and to want Jesus to save me Finally consider the words of the writer of the small New Testament Book of III John Whoever does good is from God Good News for Moderns is based on Pruitts reading of the scriptures and over one hundred authors of various points of view In our busy time it is brief slightly more than one hundred thousand words supplemented by slightly less than one hundred thousand words of end notes It recognizes that human life moves by fast in what seems like an infinity of time and space and the book closes this way By listing many who have come before us and the immensity of time and space I have underscored the brevity of our lives because as a Psalmist taught recognizing our own mortality is the path to wisdom **The Arab-Israeli Conflict in American Political Culture**

Jonathan Rynhold, 2015-02-23 This book surveys discourse and opinion in the United States toward the Arab Israeli conflict since 1991 Contrary to popular myth it demonstrates that U S support for Israel is not based on the pro Israel lobby but rather is deeply rooted in American political culture That support has increased since 9 11 However the bulk of this increase has been among Republicans conservatives evangelicals and Orthodox Jews Meanwhile among Democrats liberals the Mainline Protestant Church and non Orthodox Jews criticism of Israeli policies toward the Palestinians has become more vociferous This book works to explain this paradox The Jazz Age President Ryan S. Walters, 2022-02-15 Presidents are

ranked wrong In The Jazz Age President Defending Warren G Harding Ryan Walters mounts a case that Harding deserves to move up and supplies the evidence to make that case strong Amity Shlaes bestselling author of Coolidge He s the butt of political jokes frequently subjected to ridicule and almost never absent a Worst Presidents list where he most often ends up at the bottom Historians have labeled him the Worst President Ever Dead Last Unfit and Incompetent to name but a few Many contemporaries were equally cruel H L Mencken called him a nitwit To Alice Roosevelt Longworth he was a slob Such is the current reputation of our 29th President Warren Gamaliel Harding In an interesting survey in 1982 which divided the scholarly respondents into conservative and liberal categories both groups picked Harding as the worst President But historian Ryan Walters shows that Harding a humble man from Marion Ohio has been unfairly remembered He quickly fixed an economy in depression and started the boom of the Roaring Twenties healed a nation in the throes of social disruption and reversed America s interventionist foreign policy Radical Betrayal Anders W. Edwardsson,2023-12-05 In Radical Betrayal Anders W Edwardsson delivers a provocative examination of how both liberal and neoconservative forces have undermined American exceptionalism the belief in America s unique character and role in world history Tracing the evolution of American national identity from its founding through the present day Edwardsson argues that the post World War II era has witnessed a gradual erosion of the principles that once defined the American experiment From Woodrow Wilson s progressive idealism to Franklin Roosevelt s New Deal from Lyndon Johnson s Great Society to George W Bush s democratization agenda Edwardsson methodically chronicles how political leaders have dramatically expanded federal power and global interventionism in ways that contradict America s founding vision The author demonstrates how both parties have contributed to what he sees as America s decline liberals through welfare state expansion and neoconservatives through misguided foreign wars Most provocatively Edwardsson argues that Donald Trump s presidency represented a potential return to traditional American principles before being undermined by establishment forces He warns that continued abandonment of American exceptionalism threatens not only the nation s prosperity but its very survival as a unified republic Whether you agree with his analysis or not Edwardsson s sweeping historical narrative challenges readers to reconsider the forces shaping American politics and identity in an increasingly polarized age If you enjoyed The Case for Nationalism by Rich Lowry The Dying Citizen by Victor Davis Hanson or America in Retreat by Bret Stephens you ll love Radical Betrayal

Nation'S Historical Sense and Ecclesiality for Life Junes Almodiel,2011-07-13 The Book is about the history of struggle for respect of human dignity and freedom against man made darkness in which I F I is one expression This book aims to make people see that nation s human struggle is one venue to see the human design that by it man is one manifestation of the great Designer Creator The hope through it is that human history should be respected and sanctity be preserved and not be altered by propaganda and lies instead record of actuality and of truth in which by honesty liberates the oppressed and the oppressor Then we can affirm the truths of Jesus for life With all sects of prosperity self and of claims

today Christianity seems reduced into selective Bible ism conversation in the table between pro imperialist and nationalistic heavenward and earthward is needed to make sense of Christianity here and now Jesus said Love the Lord your God with all your heart mind spirit and strength man s total being cannot pretend to be spirit only cannot dictate God to be for spirit and heaven only Historical sense shaped ecclesiality for the whole global community of all race Reassessing the Presidency David Gordon, Thomas J. DiLorenzo, Thomas E. Woods, Jr, Yuri N. Maltsev, Ralph Raico, Paul Gottfried, Hans-Hermann Hoppe, 2013-09-19 American Despots Amazing low sale price in defense of authentic freedom as versus the presidency that betrayed it Everyone seems to agree that brutal dictators and despotic rulers deserve scorn and worse But why have historians been so willing to overlook the despotic actions of the United States own presidents You can scour libraries from one end to the other and encounter precious few criticisms of America s worst despots The founders imagined that the president would be a collegial leader with precious little power who constantly faced the threat of impeachment Today however the president orders thousands of young men and women to danger and death in foreign lands rubber stamps regulations that throw enterprises into upheaval controls the composition of the powerful Federal Reserve and manages the priorities millions of swarms of bureaucrats that vex the citizenry in every way It is not too much of a stretch to say that the president embodies the Leviathan state as we know it Or more precisely it is not an individual president so much as the very institution of the presidency that has been the major impediment of liberty The presidency as the founders imagined it has been displaced by democratically ratified serial despotism And for that reason it must be stopped Every American president seems to strive to make the historians A list by doing big and dramatic things wars occupations massive programs tyrannies large and small in hopes of being considered among the greats such as Lincoln Wilson and FDR They always imagine themselves as honored by future generations the worse their crimes the more the accolades Well the free ride ends with Reassessing the Presidency The Rise of the Executive State and the Decline of Freedom edited by John Denson This remarkable volume 825 pages including index and bibliography is the first full scale revision of the official history of the U S executive state It traces the progression of power exercised by American presidents from the early American Republic up to the eventual reality of the power hungry Caesars which later appear as president in American history Contributors examine the usual judgments of the historical profession to show the ugly side of supposed presidential greatness The mission inherent in this undertaking is to determine how the presidency degenerated into the office of American Caesar Did the character of the man who held the office corrupt it or did the power of the office as it evolved corrupt the man Or was it a combination of the two Was there too much latent power in the original creation of the office as the Anti Federalists claimed Or was the power externally created and added to the position by corrupt or misguided men There s never been a better guide to everything awful about American presidents No you won t get the civics text approach of see no evil Essay after essay details depredations that will shock you and wonder how American liberty could have ever survived in light of the rule
