A Political History Of The Usa One Nation Under God:

A Political History of the USA Bruce Kuklick, 2019-09-27 This book is an engaging account of US history from the first European contact with the New World to the election of Donald Trump in 2016. Bruce Kuklick's straightforward yet authoritative narrative takes students through the complexities of US history without oversimplifying or requiring prior knowledge. Placing politics in the context of religious culture and exploring America's assertive expansion throughout history, *A Political History of the USA* is supported by wide-ranging examples, vivid extracts from primary sources, maps and illustrations which illuminate the main text. The historical narrative it presents is concise, nuanced and sharply drawn. Offering a compelling yet balanced account of US political, cultural and religious history, this is essential reading for undergraduate students of History and American Studies. New to this Edition: More emphasis on the religious dimensions of the American story, explaining the continuing relevance of evangelical Christians. A new chapter on the period since 2008. Incorporation of new research. Discussion of the paradox of modernism and religion in America. A revised bibliography including more classic works.

One Nation Under God Kevin Kruse, 2015-04-14 We're often told that the United States is was and always has been a Christian nation. But in *One Nation Under God*, historian Kevin M. Kruse reveals that the idea of Christian America is an invention and a relatively recent one at that. As Kruse argues, the belief that America is fundamentally and formally a Christian nation originated in the 1930s when businessmen enlisted religious activists in their fight against FDR's New Deal. Corporations from General Motors to Hilton Hotels bankrolled conservative clergymen encouraging them to attack the New Deal as a program of pagan statism that perverted the central principle of Christianity: the sanctity and salvation of the individual. Their campaign for freedom under God culminated in the election of their close ally Dwight Eisenhower in 1952. But this apparent triumph had an ironic twist. In Eisenhower's hands, a religious movement born in opposition to the government was transformed into one that fused faith and the federal government as never before. During

the 1950s Eisenhower revolutionized the role of religion in American political culture inventing new traditions from inaugural prayers to the National Prayer Breakfast Meanwhile Congress added the phrase under God to the Pledge of Allegiance and made In God We Trust the country's first official motto With private groups joining in church membership soared to an all time high of 69% For the first time Americans began to think of their country as an officially Christian nation During this moment virtually all Americans across the religious and political spectrum believed that their country was one nation under God But as Americans moved from broad generalities to the details of issues such as school prayer cracks began to appear Religious leaders rejected this lowest common denomination public religion leaving conservative political activists to champion it alone In Richard Nixon's hands a politics that conflated piety and patriotism became sole property of the right Provocative and authoritative *One Nation Under God* reveals how the unholy alliance of money religion and politics created a false origin story that continues to define and divide American politics to this day

Usa One Nation Under God? Jose Carlos Diaz, 2007-09 The U S A claims to be one nation under God If that God is the Christian God this statement is false The author of this book sets out to prove this thesis with the analysis of over a dozen U S war events spanning over a century The U S A is now the only world superpower How did it get there By walking down the path marked by Manifest Destiny With the arrival of the Mayflower the English Puritans believed that God preordained them to spread their eternal values throughout the world This presumptuous goal eventually became the U S expansionist policy the basis for its political and economical conquest of the world Uncle Sam disguised with a false philanthropy became the Northern Colossus He is shouting that the country where he lives is one nation under God however it really is against God Repent USA This book is demonstrating this hypocrisy through an examination of U S military interventions around the world starting with the explosion of the Maine in 1898 and ending with the Operation Iraqi Freedom in 2003
