as a love poet of companionate tenderness rather than passionate lament He also appears as a political poet bitter at capitalist exploitation and at a society in which vanity is rewarded while poverty is blamed Most notably he stands out as a history poet more probing and more clear sighted than any of his time in his understanding of the responsibilities and temptations of all who try to memorialize the past **Corporate Poems** Maheswar Behera,2019-09-12 Mankind derive pleasure from nature while on work it starts from a farmer in the field to a skilled worker in the factory Similarly highly educated executives of the corporates can derive pleasure from nature and relax their stressful life He has exposure to corporate functioning and has tried to relate the natural phenomenon around us with the need of corporate Life is stressful in modern times while working in any location or for any organisations in responsible positions This may be a state government a PSU or at a private company This is more stressful for any entrepreneurs while running a small farming to managing a giant corporate Man need to live with nature can relate the natural phenomenon with job at site Everyone is enjoying nature but the feelings should continue with us in our own development It should work as tool to improve at job site and in the office It should be used for the development of the organization The corporate executives can improve the traits like creativity innovation strategic thinking and openness and to be extraversion Each poem can help the reader for development of own existing strength for relax from a stressful working life Reader can relate the surrounding to lead a peaceful and healthy life

Brown Mark A. Sanders,1999 Sterling A Brown s poetry and aesthetics are central to a proper understanding of African American art and politics of the early twentieth century This study redefines the relationship between modernism and the New Negro era in light of Brown s uniquely hybrid poetry and vision of a heterodox pluralist modernism Brown also a folklorist and critic saw the Harlem Renaissance and modernism as interactive rather than mutually exclusive and perceived the New Negro era as the dawning of African American modernity Reading Brown s three collections of poetry in light of their respective historical contexts Sanders examines the ways in which Brown reconfigured black being and created alternative conceptual space for
