Apple Watch Series 4 Cathy Young, 2019-01-03 Ranked 1 on Apple New Releases Top Charts So you have a new Apple Watch A hearty congratulations to you No doubt you've heard about messaging email and the health apps The visionary Apple Watch is at last poised to take on the world in the Apple Watch Series 4 I want you to feel comfortable with all aspects of your watch in an environment that encourages you to learn painlessly at your own pace My goal is to help you enjoy the wonder of

discovering your Apple Watch Along the way I want to Teach you how to use all the features of your Apple Watch I say all As far as I know I found every darned one of them but don t sue me if I missed one Demonstrate the cool and awe inspiring features of the Apple Watch These aren t random tips and tricks Rather I have showcased them in a way that lets you find them while exploring a particular feature or topic Help you find what you want when you want it The organized and detailed Table of Contents includes 200 topics Skip around to your heart s content Inspire you with 111 third party apps A few of the categories include entertainment productivity sports photography and games We ll also cover integration platforms like IFTTT which open up the possibility of unlimited applications Focus on the engineering and Apple platforms behind the Apple Watch The physical device includes the heart rate monitor accelerometer gyroscope and Apple s Force Touch technology Behind the scenes learn how Apple is partnering with businesses to extend their HealthKit HomeKit and GymKit platforms to enhance your experience for years to come List 30 Common Troubleshooting and Maintenance Suggestions This book is specifically for the Series 4 Apple Watch While much of the content applies equally to older models please know that I didn t attempt to cover discontinued features like glances or time travel As a final selling point I make an intentional effort to avoid a few of my pet peeves and those pertain to incomplete or half a ed instructions I frequently see directions such as tap and go to settings but they leave novice users asking tap where In another example I read the instructions mentioned a workout playlist and how to enable it but assumed nothing went awry and something ALWAYS goes awry I intend to cover those bases for you And if I do by chance make the mistake of omitting a critical detail anywhere in this book know that I was probably distracted by my Apple Watch telling me to get moving or to breathe I apologize ahead of time it wasn t intentional

The Ridiculously Simple Guide to Apple Watch Series 4 Scott La Counte, 2019-10-19 The stage was set in September 2018 It was iPhone s big event The day where journalist and Apple fans alike lusted over the latest and greatest iPhone But a funny thing happened on the way to the announcement Apple Watch Series 4 took everyone s breath away The Apple Watch has of course been around for three years and seen several updates But 2018 was different the watch was finally ready for the masses This wasn t a watch for early adopters or fitness buffs this was the watch your parents and grandparents would get behind In addition to all the great features Apple Watch has always had series 4 is slimmer yet with a screen that is somehow bigger has optional cellular for making phone calls and streaming music without your phone and drop detection so if you fall and can t get up the fire department is dispatched to your location Everything about it was designed to motivate you to be more active As amazing as all the new features are it s not quite as easy to use as an iPhone the lack of buttons the smaller screen and general UI can make a frustrated initial experience The point of this book is to help new Apple Watch users and users updating to Watch OS 6 from an older device get the most out their investment Are you ready to start enjoying your new Apple Watch Then let s get started Note This book is not endorsed by Apple and should be considered unofficial
