Between Dictatorship And Democracy Russian Post Communist Political Reform:

Between Dictatorship and Democracy Michael McFaul, Nikolay Petrov, Andrei Ryabov, 2010-04 For hundreds of years dictators have ruled Russia Do they still In the late 1980s Soviet President Mikhail Gorbachev launched a series of political reforms that eventually allowed for competitive elections the emergence of an independent press the formation of political parties and the sprouting of civil society After the collapse of the Soviet Union in 1991 these proto democratic institutions endured in an independent Russia But did the processes unleashed by Gorbachev and continued under Russian President Boris Yeltsin lead eventually to liberal democracy in Russia If not what kind of political regime did take hold in post Soviet Russia And how has Vladimir Putin s rise to power influenced the course of democratic consolidation or the lack thereof *Between Dictatorship and Democracy* seeks to give a comprehensive answer to these fundamental questions about the nature of Russian politics

Democracy and Authoritarianism in the Postcommunist World Valerie Bunce, Michael McFaul, Kathryn Stoner, 2010 *Democracy and Authoritarianism in the Postcommunist World* examines three waves of democratic change that took place in eleven different former Communist nations It draws important conclusions about the rise development and breakdown of both democracy and dictatorship in each country providing a comparative perspective on the post Communist world The first democratic wave to sweep this region encompasses the rapid rise of democratic regimes from 1989 to 1992 from the ashes of Communism and Communist states The second wave arose with accession to the European Union from 2004 to 2007 and the third with the electoral defeat of dictators 1996 to 2005 in Croatia Serbia Georgia and Ukraine The authors of each chapter in this volume examine both internal and external dimensions of both democratic success and failure

The New Autocracy Daniel Treisman, 2018-02-06 Corruption fake news and the informational autocracy sustaining Putin in power After fading into the background for many years following the collapse of the Soviet Union Russia suddenly has emerged as a new threat at least in the minds of many Westerners But Western assumptions about Russia and in particular about political decision making in Russia tend to be out of date or just plain wrong Under the leadership of Vladimir Putin since 2000 Russia is neither a somewhat reduced version of the Soviet Union nor a classic police state Corruption is prevalent at all levels of government and business but Russia s leaders pursue broader and more complex goals than one would expect in a typical kleptocracy such as those in many developing countries Nor does Russia fit the standard political science model of a competitive authoritarian regime its parliament political parties and other political bodies are neither fakes to fool the West nor forums for bargaining among the elites The result of a two year collaboration between top Russian experts and Western political scholars *Autocracy* explores the complex roles of Russia s presidency security services parliament media and other actors The authors argue that Putin has created an informational autocracy which relies more on media manipulation than on the comprehensive repression of traditional dictatorships The fake news hackers and trolls that featured in Russia s foreign policy during the 2016 U S presidential election are also favored tools of Putin s domestic regime

along with internet restrictions state television and copious in house surveys While these tactics have been successful in the short run the regime that depends on them already shows signs of age over centralization a narrowing of information flows and a reliance on informal fixers to bypass the bureaucracy The regime s challenge will be to continue to block social modernization without undermining the leadership s own capabilities

Politics in Europe M. Donald Hancock,Michelle Hale Williams,Marjorie Castle,Christopher J. Carman,David P. Conradt,Alan Convery,Robert Leonardi,Raffaella Y. Nanetti,Jan Teorell,Sofia Tipaldou,2024-03-12 Politics in Europe introduces students to the power of the EU and seven political systems the UK France Germany Italy Sweden Russia and Poland while addressing key social and political issues including globalization terrorism immigration gender and religion Packed with robust country descriptions from regional specialists the Eighth Edition encourages critical thinking and meaningful cross national comparisons

Is Russia Fascist? Marlene Laruelle,2021-03-15 In *Is Russia Fascist* Marlene Laruelle argues that the charge of fascism has become a strategic narrative of the current world order Vladimir Putin s regime has increasingly been accused of embracing fascism supposedly evidenced by Russia s annexation of Crimea its historical revisionism attacks on liberal democratic values and its support for far right movements in Europe But at the same time Russia has branded itself as the world s preeminent antifascist power because of its sacrifices during the Second World War while it has also emphasized how opponents to the Soviet Union in Central and Eastern Europe collaborated with Nazi Germany Laruelle closely analyzes accusations of fascism toward Russia soberly assessing both their origins and their accuracy By labeling ideological opponents as fascist regardless of their actual values or actions geopolitical rivals are able to frame their own vision of the world and claim the moral high ground Through a detailed examination of the Russian domestic scene and the Kremlin s foreign policy rationales Laruelle disentangles the foundation for meaning and validity of accusations of fascism in and around Russia *Is Russia Fascist* shows that the efforts to label opponents as fascist is ultimately an attempt to determine the role of Russia in Europe s future

Press Freedom in Africa Herman Wasserman,2013-09-13 This book gives an overview of current debates surrounding press freedom in Africa in response to ongoing contestations between media and governments on the continent Through case studies of individual African countries as well as international comparisons a wide range of global contributors provide critical assessments of the state of press freedom on the continent and critical perspectives on the dominant discourses around freedom and democracy Some fear an alarming slide towards a media intolerant environment in South Africa and the proposed Media Appeals Tribunal and the Protection of State Information Bill POSIB have met with strong criticism from journalism practitioners and educators This book examines these and other recent developments seen to represent a threat to press freedom on the African continent Contributors to the volume take a comparative look at the situation in South Africa within a broader global context of transitions to democracy and globalised marketization of the media as well as inspecting specific African examples that may serve to illuminate broader trends Case studies from different African countries are examined but in the process the

discourses around press freedom are also subjected to critical scrutiny Critics state that the South African media are not without fault and that part of journalism scholarship's role is to continue to point to these shortcomings and to suggest ways of improving the media's democratic responsibility Press Freedom in Africa provides a range of perspectives on the heated debates surrounding press freedom It illustrates the importance of research based scholarly interventions into the often emotional and rhetorical debates surrounding the role of the media in African society This book was originally published as a special issue of *Ecquid Novi African Journalism Studies*

The Decline of Regionalism in Putin's Russia J. Paul Goode, 2011-05-11 This book reassesses Putin's attempt to reverse the decentralization of power that characterised centre regional relations in the 1990s focusing on regional responses to Putin's federal reforms It explains the decline of regionalism after 2000 in terms of the dynamics of regional boundaries understood as the juridical boundaries which demarcate a region's territorial extent and its resources institutional boundaries that sustain regional differences and cultural boundaries that define the ethnic or technocratic principles on which a region could claim legitimate existence The book questions the conventional wisdom regarding the success of Putin's regime It shows how regional governors responded not by attempting to deflect the reforms with outright resistance but by mimicking Putin's centralisation of power at the regional level In turn this facilitated the homogenisation of regional political regimes and regional mergers The book demonstrates how the reordering of regions advanced sporadically how pockets of resistance persist and how the potential for the revival of regionalism continues

A Companion to Russian History Abbott Gleason, 2014-01-28 This companion comprises 28 essays by international scholars offering an analytical overview of the development of Russian history from the earliest Slavs through to the present day Includes essays by both prominent and emerging scholars from Russia Great Britain the US and Canada Analyzes the entire sweep of Russian history from debates over how to identify the earliest Slavs through the Yeltsin Era and future prospects for post Soviet Russia Offers an extensive review of the medieval period religion culture and the experiences of ordinary people Offers a balanced review of both traditional and cutting edge topics demonstrating the range and dynamism of the field

New Challenges to Democratization Peter Burnell, Richard Youngs, 2009-12-04 Brings together leading international scholars to assess the claim that democratization around the world is facing a serious challenge and features in depth studies on US democracy promotion the Middle East Russia China and new democracies

Television and Presidential Power in Putin's Russia Tina Burrett, 2010-12-14 As a new president takes power in Russia this book provides an analysis of the changing relationship between control of Russian television media and presidential power during the tenure of President Vladimir Putin It argues that the conflicts within Russia's political and economic elites and President Putin's attempts to rebuild the Russian state after its fragmentation during the Yeltsin administration are the most significant causes of changes in Russian media Tina Burrett demonstrates that President Putin sought to increase state control over television as part of a larger programme aimed at strengthening the power of the state

and the position of the presidency at its apex and that such control over the media was instrumental to the success of the president's wider systemic changes that have redefined the Russian polity. The book also highlights the ways in which oligarchic media owners in Russia used television for their own political purposes and that media manipulation was not the exclusive preserve of the Kremlin but a common pattern of behaviour in elite struggles in the post-Soviet era. Basing its analysis predominately on interviews with key players in the Moscow media and political elites and on secondary sources drawn from the Russian and Western media, the book examines broad themes that have been the subject of constant media interest and have relevance beyond the confines of Russian politics.

Recognizing the way ways to get this book **Between Dictatorship And Democracy Russian Post Communist Political Reform** is additionally useful. Between Dictatorship And Democracy Russian Post Communist Political Reform Introduction

In the digital age, access to information has become easier than ever before. The ability to download Between Dictatorship And Democracy Russian Post Communist Political Reform has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Between Dictatorship And Democracy Russian Post Communist Political Reform has opened up a world of possibilities. Downloading Between Dictatorship And Democracy Russian Post Communist Political Reform provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Between Dictatorship And Democracy Russian Post Communist Political Reform has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Between Dictatorship And Democracy Russian Post Communist Political Reform. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Between Dictatorship And Democracy Russian Post Communist Political Reform. Some websites may offer pirated or illegally obtained

copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Between Dictatorship And Democracy Russian Post Communist Political Reform, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Between Dictatorship And Democracy Russian Post Communist Political Reform has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Between Dictatorship And Democracy Russian Post Communist Political Reform Books

1. Where can I buy Between Dictatorship And Democracy Russian Post Communist Political Reform books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores.
