Possibility of Interreligious Dialogue Michael H. Mitias, 2021-04-22 Is dialogue between the major religions of the world possible If it is possible under what conditions In this book Michael H Mitias argues that it is possible provided various conditions are met These conditions include mutual respect mutual understanding and God centeredness First how can a religion that is unusually complex composed of a doctrine founded in a unique divine revelation a leadership class of theologians teachers clergy and administrators and a community across global cultures show uniform respect to another religion How can a complex institution like a religion truly understand another religion Third can the different religions worship the same God if their conceptions of God are based on their unique doctrines Mitias addresses these questions and argues that it is possible for religions to respect and understand one another Further he argues that the different conceptions of God are necessarily founded in a belief in the existence of a transcendent infinite and wise being
