Skurbaty, 2005-01-01 The beginning of the 21st century is characterized by global structural changes and worldwide concern for the problems surrounding the relationships between states and minority groups Autonomy has become a code word for an all purpose means of inclusion of sub state groups in the three major functions that make for the essence of international law the allocation of competence the furtherance of common interest and the maintenance of international peace Since to be autonomous is to be a law to oneself and autonomous agents are self governing agents the authors of this present volume try give an answer each from a particular professional perspective to one overriding question what conditions must be met in

order to ensure that the autonomous agents govern themselves and govern effectively With a scholarly attention to analytical precision factual accuracy and scrupulous objectivity the authors of the present volume coming from such diverse fields as international law philosophy ethics economics political science detail and explore the protean character of autonomy as both a concept autonomy s subtypes autonomy vs other arrangements for the diffusion of power within heterogeneous societies new definitions of the concept etc and a practice the potential of autonomy in the peaceful resolution of ethnic conflicts comparative case studies ranging from Greenland to Eritrea from the Baltic States to South Asia For all their differences in background and style the authors share the common belief that autonomy if properly understood and applied holds considerable potential for ensuring an effective and harmonious co existence for diverse groups within modern states As such this book will hold particular appeal for all those students academics policymakers practitioners who are on a quest for empowering insights vis vis state minority modus vivendi and ways to mitigate inter group tensions by compromise

Beyond Animal Rights Tony Milligan, 2010-10-07 Issues to do with animal ethics remain at the heart of public debate In *Beyond Animal Rights* Tony Milligan goes beyond standard discussions of animal ethics to explore the ways in which we personally relate to other creatures through our diet as pet owners and as beneficiaries of experimentation The book connects with our duty to act and considers why previous discussions have failed to result in a change in the way that we live our lives The author asks a crucial question what sort of people do we have to become if we are to sufficiently improve the ways in which we relate to the non human Appealing to both consequences and character he argues that no improvement will be sufficient if it fails to set humans on a path towards a tolerable and sustainable future Focussing on our direct relations to the animals we connect with the book offers guidance on all the relevant issues including veganism and vegetarianism the organic movement pet ownership and animal experimentation

Beyond The Bridge Tobias Hochscherf, Heidi Philipsen, 2017-02-28 Drawing worldwide acclaim from critics and audiences alike programmes like *The Killing* *Borgen* *The Bridge* and *The Legacy* demonstrate widespread fascination with Danish style aesthetics and culture as seen through television narratives This book uses familiar alongside lesser known case studies of drama series to demonstrate how the particular features of Danish production from work cultures to storytelling techniques and trans national cooperation have enhanced contemporary Danish drama s appeal both at home and abroad The era of globalisation has blurred national and international television cultures and promoted regular cross fertilisation between film and television industries Important questions have emerged from this context surrounding for example the Americanisation of foreign television formats the meaning and practice behind the term quality television and the purpose and efficacy of public service broadcasting *Beyond the Bridge* tackles these issues in relation to Danish television by examining the so called scaffolded production processes behind the making of quality serials and their thought provoking content Drawing on popular motifs from these celebrated dramas such as foreign politics organised crime global warming and the impact of multinational corporations this timely book

provides crucial insight into the Danish dramas at the forefront of sophisticated forward thinking fictional television

Ideas in Motion in Baghdad and Beyond Damien Janos, 2015-10-05 This volume contains a collection of articles focusing on the philosophical and theological exchanges between Muslim and Christian intellectuals living in Baghdad during the classical period of Islamic history when this city was a vibrant center of philosophical scientific and literary activity The philosophical accomplishments and contribution of Christians writing in Arabic and Syriac represent a crucial component of Islamic society during this period but they have typically been studied in isolation from the development of mainstream Islamic philosophy The present book aims for a more integrated approach by exploring case studies of philosophical and theological cross pollination between the Christian and Muslim traditions with an emphasis on the Baghdad School and its main representative Ya y ibn Ad Contributors Carmela Baffioni David Bennett Gerhard Endress Damien Janos Olga Lizzini Ute Pietruschka Alexander Treiger David Twetten Orsolya Vars nyi John W Watt Robert Wisnovsky
