of the Dictionary of Midwestern Literature is a comprehensive resource that demonstrates the Midwest's continuing cultural vitality and the stature and distinctiveness of its literature *Young Adult Resources Today* Don Latham, Melissa Gross, 2014-05-21 *Young Adult Resources Today* Connecting Teens with Books Music Games Movies and More is the first comprehensive young adult library services textbook specifically written for today's multidimensional information landscape. The authors integrate a research focused information behavior approach with a literature focused resources approach and bring together in one volume key issues related to research theory and practice in the provision of information services to young adults. Currently no single book addresses both YA information behaviors and information resources in any detail; instead books tend to focus on one and give only cursory attention to the other. Key features of this revolutionary book include its success in integrating theory, research, and practice; integrating implications for practice throughout the book; integrating knowledge of resources with professional practice as informed by research; integrating both print and electronic formats throughout within the resource chapters including websites and social media. Latham and Gross accomplish all this while paying particular attention to the socially constructed nature of young adulthood, diversity, YA development, and multiple literacies. Their coverage of information landscapes covers literature with detailed coverage of both genres and subgenres, movies, magazines, web sites, social media, and gaming. The final chapter covers navigating information landscapes focusing on real and virtual YA spaces, readers advisory, programming, and collaboration. Special attention is paid to program planning and evaluation.
