Chopin in Britain Peter Willis,2017-12-14 In 1848 the penultimate year of his life Chopin visited England and Scotland at the instigation of his aristocratic Scots pupil Jane Stirling In the autumn of that year he returned to Paris The following autumn he was dead Despite the fascination the composer continues to hold for scholars this brief but important period and his previous visit to London in 1837 remain little known In this richly illustrated study Peter Willis draws on extensive original documentary evidence as well as cultural artefacts to tell the story of these two visits and to place them into aristocratic and artistic life in mid nineteenth century England and Scotland In addition to filling a significant hole in our knowledge of the composer s life the book adds to our understanding of a number of important figures including Jane Stirling and the painter Ary Scheffer The social and artistic milieux of London Manchester Glasgow and Edinburgh are brought to vivid life
