Fox, Robin Lane Fox, 2011-06-22 Drawing on the latest archaeology epigraphy and historical interpretation this major volume presents a survey of ancient Macedon important parts of which are published by their excavators for the first time including the palace of King Philip II Archaeologists and historians of the ancient Greek worlds will welcome this milestone in the study of this rapidly changing field packed with new information interpretations and essential bibliography Brill's Companion to Ancient Greek Scholarship (2 Vols.) Franco Montanari, Stefanos Matthaios, Antonios Rengakos, 2015-05-12 Brill's Companion to Ancient Greek Scholarship aims at providing a reference work in the field of ancient Greek and Byzantine scholarship and grammar thus encompassing the broad and multifaceted philological and linguistic research activity during the entire Greek Antiquity and the Middle Ages The first part of the volume offers a thorough historical overview of ancient scholarship which covers the period from its very beginnings to the Byzantine era The second part focuses on the disciplinary profile of ancient scholarship by investigating its main scientific topics The third and final part presents the particular work of ancient scholars in various philological and linguistic matters and also examines the place of scholarship and grammar from an interdisciplinary point of view especially from their interrelation with rhetoric philosophy medicine and nature sciences **Brill's Companion to Lucan** Paolo Asso, 2011-09-23

The present collection samples the most current approaches to Lucan's poem its themes its dialogue with other texts its reception in medieval and early modern literature and its relevance to audiences of all times *Damqatum - Number 19* (2023) Jorge Cano Moreno, 2023-12-31 *Damqatum* is a journal dedicated to the history and archaeology of the Near East oriented to the general public *Brill's Companion to the Campaigns of Philip II and Alexander the Great*, 2024-12-23 This Companion whose contributions come from an outstanding array of experts deals exclusively with the military campaigns of Philip II and his son Alexander the Great and the forces that fought in them In addition to discussions of the strategy and tactics of the two commanders the Companion examines those elements that went into the determination of these strategies and tactics Chapters will be devoted to the logistics of these campaigns military recruitment and training the care of diseased and injured soldiers military organization and equipment and much more While no study can ever be truly complete this Companion comes far closer than any such previous attempt **Different Aesthetics** Annette Gerok-Reiter, Jörg Robert, Matthias Bauer, Anna Pawlak, 2025-05-19 What is art What does art offer Why does art move us The CRC Different Aesthetics pursues these questions In doing so and by directing its attention towards the 2000 year history of European culture and art before the 18th century it aims to transform perspectives within aesthetic discussions This volume introduces the research undertaken by the CRC 1391 It outlines the benefits of concentrating on the pre modern period lays out the subsequent adjustments to analytical tools and methods and presents the resulting consequences for the study of aesthetics The contributions which range from philology and literary studies art history archaeology and musicology to historical science theology and the digital humanities offer concrete examples of this approach *Brill's Companion to Greek Land Warfare Beyond the Phalanx*, 2021-11-29 After decades of controversy there is now a growing consensus that Greek warfare was not singular and simple but complex and multiform In this volume emerging and established scholars build on this consensus to explore Greek warfare beyond its traditional focus on hoplites and the phalanx We expand the chronological limits back into the Iron Age the geographical limits to the central and eastern Mediterranean and the operational limits to include cavalry light armed troops and sieges We also look beyond the battlefield at integral aspects of warfare including religion the experiences of women and the recovery of the war dead *Sallust and the Fall of the Republic* Edwin Shaw, 2021-11-29 This book offers a new interpretation of the Roman historian Sallust which places him at the centre of the rich intellectual world of late Republican Rome Drawing on the evidence of Sallust's digressions in particular and in contrast to previous views of his work as purely moralistic or unsophisticated it argues that Sallust uses his historiography to advance a coherent set of ideas about the political chaos he saw around him and to participate in the broader debates which characterised his period It also offers a new perspective on the argumentative qualities of classical historiography more widely
