Broken Ground By Jack Hodgins:

Broken Ground Jack Hodgins, 1998 *Broken Ground* is a riveting exploration of the dark brooding presence of the First World War in the lives of the inhabitants of a soldier's settlement on Vancouver Island. From out of a stubborn desolate landscape studded with tree stumps the settlers of Portuguese Creek have built a new life for themselves. But when an encroaching forest fire threatens this fledgling settlement it also intensifies the remembered horrors of war. The story of Portuguese Creek is told by several of its citizens including a boy trying to recover from the sudden loss of his father and a former teacher haunted by what happened to the soldiers he led in France. With a memorable cast of characters and by turns heart rending and tragic, humorous and humane *Broken Ground* is a powerful novel that immerses us in the lives of an entire community.

Catching the Torch Neta Gordon, 2014-03-25 *Catching the Torch* examines contemporary novels and plays written about Canada's participation in World War I. Exploring such works as Jane Urquhart's *The Underpainter* and *The Stone Carvers*, Jack Hodgins's *Broken Ground*, Kevin Kerr's *Unity 1918*, Stephen Massicotte's *Mary's Wedding* and Frances Itani's *Deafening*, the book considers how writers have dealt with the compelling myth that the Canadian nation was born in the trenches of the Great War. In contrast to British and European remembrances of WWI which tend to regard it as a cataclysmic destroyer of innocence or Australian myths that promote an ideal of outsize masculinity, physical bravery and white superiority, contemporary Canadian texts conjure up notions of distinctively Canadian values: tolerance of ethnic difference, the ability to do one's duty without complaint or arrogance, and the inclination to show moral as well as physical courage. Paradoxically, Canadians are shown to decry the horrors of war while making use of its productive cultural effects. Through a close analysis of the way sacrifice, service and the commemoration of war are represented in these literary works, *Catching the Torch* argues that iterations of a secure mythic notion of national identity, one that is articulated via the representation of straightforward civic and military participation, work to counter current anxieties about the stability of the nation-state in particular anxieties about the failure of the ideal of a national character.

Rollercoaster James K. Bartleman, 2011-06-22 For four years James Bartleman mixed with all the biggest names: Clinton Blair, Yeltsin, Mitterrand, Castro, Kohl, Chirac, and on and on, as Chr tien's Henry Kissinger figure. He was involved in deadly serious crisis management accompanying Chr tien to all the world's hot spots: dodging bullets in Sarajevo and trying to avoid war in the Spanish trawler incident. Not to mention dealing with Premier Li of China on an official visit, encountering protestors in Montreal and shouting "I am departing immediately. Never have I and my country been so humiliated." Which leader at the G7 Summit in Halifax passed out drunk in the hotel elevator? What did Jean Chr tien do to set White House aides threatening the next time there's a referendum we will support the separatists? And why did Fidel Castro grab our author, shaking him and snarling "I hope you are satisfied, Bartleman." It's all in this lively book. Every major world crisis of these years is represented here, and every region of the world. You'll be amazed at how widely Chr tien and
