Sasson, 2013 Consideration of children in the academic field of Religious Studies is taking root but Buddhist Studies has yet to take notice Little Buddhas brings together a wide range of scholarship and expertise to address the question of what role children have played in Buddhist literature in particular historical contexts and what role they continue to play in specific Buddhist contexts today The volume is divided into two parts one addressing the representation of children in Buddhist texts the other children and childhoods in Buddhist cultures around the world The ground breaking contributions in this volume challenge the perception of irreconcilable differences between Buddhist idealism and family ties Little Buddhas will be an indispensable resource for students and scholars of Buddhism and Childhood Studies and a catalyst for further research on the topic *Parenting in the Present Moment* Carla Naumburg, 2014-10-14 This generation of parents is overwhelmed with parenting advice Carla Naumburg sets out to remind them that they have everything they need to raise healthy happy children Mindful parenting is about paying attention to what is going on with your children and yourself without judging it or freaking out about it or thinking everyone including yourself and your child should be doing something differently In Parenting in the Present Moment Naumburg shares what truly matters in parenting connecting with children in ways that are meaningful to them and you staying grounded amidst the craziness of parenting and staying present for whatever life throws your way With reassuring compassionate storytelling she weaves the most current theories about healthy relationships compassionate self care and mindfulness throughout vignettes of her own chaotic childhood and parental struggles She shows how mindfulness creates a solid foundation for any style of parenting regardless of your cultural background socio economic status or family structure She also introduces the STAY model for tough times Stop whatever it is you re doing Take a Breath Attune to you thoughts and those of your child and Yield to what is happening so you can respond from a place of connection and compassion Parenting is an ongoing journey that constantly challenges every parent Parenting in the Present Moment will help each family find its own way
