Buddhist Emptiness And Christian Trinity Essays And Explorations:

Buddhist Emptiness and Christian Trinity Roger Corless, Paul F. Knitter, 1990 Six essays examine areas of convergence and difference between Buddhist emptiness Shunyata and Christianity's Trinity to show how the Buddhist-Christian dialogue goes beyond mutual understanding to mutual transformation

No Other Gods H. M. Vroom, 1996 Christianity is no longer the dominant belief system in today's pluralistic culture Eastern religions especially have attracted wide interest Pressing the theological and dialogical dimensions of religious pluralism Vroom offers a broad study of the views of Christianity Buddhism Hinduism and Islam especially their views on truth

Postmodern Ethics, Emptiness, and Literature Jae-seong Lee, 2015-12-24 This study advances contemporary postmodern poststructural critical theory literary criticism in particular with the help of Mahayana especially Chan Seon Chinese and Korean Zen Buddhist thought The quest for the infinity of the Other West and Emptiness or the true I East contributes to the exploration of the contemporary critical issues of ethics and infinity Such an approach will awaken our sense of unrepresented genuine transcendence and immanence The Buddhist Emptiness shows us the absolute Other illuminated on a vaster scale The theory section explores and links Eastern and Western philosophies switching between the two While discussing in depth Hegel Nietzsche Heidegger Derrida Levinas Lacan Deleuze and Nancy this study gradually guides the reader from the contemporary Western thought on the Other and infinity to the Buddhist vision of Emptiness the ultimate reality To overcome the dualistic mode of thought inherent in tradition of Western metaphysics this exploration follows the line that observes Nagarjuna and the imprint of Chan teachings that are most prevalent in South Korean Buddhism The last three chapters demonstrate a Levinasian and Seon Buddhist approach to the book of Job part of the Judeo-Christian Bible as being a more literary than religious text and the excess of the Gothic mood in the two most distinguished and widely celebrated novels Bram Stoker's *Dracula* and Mary Shelley's *Frankenstein* The three texts compel readers to confront the infinity of the absolute Other or Emptiness The Grand Prize Winner of the 7th Wonhyo Academic Awards from the Korean Buddhism Promotion Foundation

Buddhist and Christian? Rose Drew, 2013-07-03 The last century witnessed a gradual but profound transformation of the West's religious landscape In today's context of diversity people are often influenced by and sometimes even claim to belong to more than one religious tradition Buddhism and Christianity is a particularly prevalent and fascinating combination This book is the first detailed exploration of Buddhist-Christian dual belonging engaging from both Buddhist and Christian perspectives the questions that arise and drawing on extensive interviews with well-known individuals in the vanguard of this important and growing phenomenon The book looks at whether it is possible to be authentically Buddhist and authentically Christian given the differences in beliefs and practices It asks whether Buddhist Christians are irrational religiously schizophrenic or spiritually superficial or whether the thought and practice of Buddhism and Christianity can be reconciled in a way that makes possible deep commitment to both Finally the book considers whether the influence of Buddhist Christians on each of

these traditions is something to be regretted or celebrated

Christian Understandings of the Trinity Veli-Matti Karkkainen, 2017-06-15 In this creative approach to the doctrine of the Trinity author Veli Matti Karkkainen focuses on keeping a dynamic balance between the intellectual doctrinal and spiritual charismatic approaches as parallel avenues towards theological understanding His narrative approach draws on direct quotations from key historical theologians to increase appreciation of their theological wisdom and to encourage students to dig further into this rich spiritual wellspring Throughout the two thousand year span of Christian history believers in Jesus have sought to articulate their faith and their understanding of how God works in the world How do we as we examine the vast and varied output of those who came before us understand the unity and the diversity of their thinking How do we make sense of our own thought in light of theirs The Christian Understandings series is an exciting new series that seeks to illuminate precisely these questions The short concise volumes in the Christian Understandings series orient and fill in the gaps for readers as they dive into the exciting and stimulating story of Christian thought

Kenosis and Its Power Norihito Nakamura, 2025-10-22 What is kenosis It is a Christian theological concept from Philippians 2 that refers to the self emptying of Jesus Jesus while being fully divine voluntarily emptied himself and renounced certain divine privileges and powers This concept has sparked extensive theological discussions over its long history but its meaning underwent a transformation in the twentieth century In an era of modernity known for nihilism where secularization and the death of God are taken for granted kenosis prompts people to consider a new form of religion This volume of eight essays

aims to open up its philosophical and historical significance. It is divided into two parts. The first part consists of analyses of kenosis from the perspectives of political theology and contemporary philosophy e.g. McFaigue, Kierkegaard, Bonhoeffer, Jean-Luc Nancy, Levinas, Jean-Luc Marion etc. The second part focuses on the Japanese philosophers of the Kyoto School and consists of studies on the interreligious potential of kenosis e.g. Nishida, Kitamori, Nishitani, Tanabe, Abe, Nicholas of Cusa, Moltmann, Vattimo etc.

Sharing Jesus Holistically with the Buddhist World David S. Lim, Steve Spaulding, 2005. This book contains the works of a group of Evangelical mission reflective practitioners who are committed to developing ways to evangelize the Buddhist peoples of the world. As various forms of Buddhism gain popularity, this network tries to disclose creative approaches to reach them with the gospel communicated in culturally sensitive ways and with transformational impact. The five major dimensions of a holistic witness among Buddhist peoples discussed in this book are: experiential dialogue, intellectual dialogue, biblical exposition, cultural sensitivity, and economic development. We invite readers to gain access to the first volume, *Sharing Jesus in the Buddhist World*, which consists of nine papers that provide the framework and some concrete models of cultural sensitive contextualized witness to peoples of Buddhist faith. It will serve as a rich resource for those concerned with the issues raised in this book.

"True and Holy" Leo Lefebure, 2014-04-10. When believers read the sacred texts of other religions through a hermeneutic of hostility, the consequences can be deadly. Christian history shows that the Bible is no exception. In recent decades, however, many Christian traditions have radically refashioned their approach to other religious traditions and to biblical interpretation. This new hermeneutics of generosity seeks to uncover what can be learned from other holy texts and the communities that treasure them, and also seeks to find common ground on important issues such as human rights and religious liberty. Lefebure offers Christian readings of Jewish, Muslim, Hindu, and Buddhist holy texts that suggest new bases for friendship and understanding. Noting the challenges and tensions in the relationship between Christians and these four other religious communities, he also examines the specific issues involved in interpreting the Christian Bible in interreligious dialogue. He concludes with a reflection on the experience of conversion in light of the theology of Bernard Lonergan and the mimesis theory of René Girard.
