Building Your Warehouse Of Wealth:

The Wealthy Physician - Canadian Edition Chase Chandler, Antoine Rempp, Douglas Guest, 2020-05-21 The Canadian Edition of the Wealthy Physician is one of the very few books that describes the Canadian application of the infinite banking concept. Because most books on the topic describe the American application of the concept, Canadians risk turning a fantastic strategy into a nightmare if they blindly follow the advice or structure of the concept that is promoted south of the border. This book describes the differences between the American and Canadian application but also offers some real life examples of policies designed to maximize the growth of the cash value and its advantages for funding our own purchases while maintaining the amazing estate transfer capacity of this approach. Doctors are often misguided and end up either losing significant sums of money in various investment or ventures or don't get the returns they should on their money. Over the last few years, doctors have seen an increase in personal and corporate taxes that threaten their very own retirement. A properly designed, well-funded whole life policy, especially when owned by a professional or holding corporation, is the most efficient tool remaining for sheltering, protecting, and growing your wealth. This book is an informative and exciting resource for the physician and all other professionals. Finally, you have a one-stop guide to help make complex financial decisions easier to understand. The objective of the book is nothing more and nothing less than to give the educated medical professional a solid and easy-to-understand track to run on.

Creating and Growing Real Estate Wealth William J. Poorvu, 2008-02-17 This well-organized book shows what a typical life in real estate is like so that newcomers can decide whether the field is right for them. It also offers advice on how to grow real estate investments for people who are already in the industry. Poorvu includes a variety of real world stories about people and their career experiences to make for an interesting read with a practical edge. Publishers Weekly: This new book by Bill Poorvu trumps any real estate book you've ever read. James Grant, editor of Grant's Interest Rate Observer: There are plenty of get-rich-quick-in-real-estate books. This is not one of them. Your guide, William Poorvu, is a lifelong real estate investor and consultant and former head of the real estate program at Harvard Business School. Drawing on his personal experience and hundreds of interviews with many of the most successful real estate investors and entrepreneurs, Poorvu illuminates every stage of your life in real estate: creating wealth, growing it, and managing it successfully. He reveals the milestones, pitfalls, and rewards associated with real estate investing, offering powerful insight into the challenges and opportunities you'll face as you start out, scale up, ride the industry's cyclical waves, and then leverage, share, or pass along the wealth you've created. This book contains dozens of real-life personal stories, hands-on checklists, and questions to guide your decisions, and it delivers unparalleled insight into how the real estate industry really works. Be strategic, choose your best route into the business, define your successful real estate career, and learn how to make it a reality. Build your foundation, your first job, your first deal. Spot a great opportunity to add value and jump on it. Scale up, build, and sustain your success. Hire a great team, manage them successfully, and find the capital you need to grow. Survive the
