State Intimacies Eva Fiks, 2024-04-01 The public healthcare system in rural India is chronically under resourced It embodies and often perpetuates the wider politics of the Indian state towards its rural communities with provisions of care that are deeply entangled with violence and disgust For rural women such care deepens reproductive chronicity while providing temporary relief Grounded in women's everyday realities and experiences in sterilization camps and other healthcare settings in rural Rajasthan State Intimacies examines the mundane workings ambiguities and fragilities of care in post colonial rural North India Evolution Dr. Alice Roberts, 2018-07-10 Travel back in time eight million years to explore the roots of the human family tree Interweaving latest discoveries maps and incredible illustrations Evolution tells the story of our origins and helps us better understand our species from tree dwelling primates to modern 21st century humans Renowned Dutch paleoartists the Kennis brothers bring our ancestors to life with their beautiful accurate reconstructions that visually trace each step in our evolutionary history Combined with clear prose this comprehensive yet accessible book provides a rich history of each stage of human evolution from human anatomy and behaviour to the environment we live in It also explains how Homo sapiens originated evolved and then migrated and colonized the entire planet Written and authenticated by a team of experts and with a foreword by Dr Alice Roberts Evolution is a sweeping account of humans and our place in it

The Ethnographic Self Amanda Coffey, 1999-03-28 What are the relationships between the self and fieldwork How do personal emotional and identity issues impact upon working in the field This book argues that ethnographers and others involved in fieldwork should be aware of how fieldwork research and ethnographic writing construct reproduce and implicate selves relationships and personal identities All too often research methods texts remain relatively silent about the ways in which fieldwork affects us and we affect the field The book attempts to synthesize accounts of the personal experience of ethnography In doing so the

author makes sense of the process of fieldwork research as a set of practical intellectual and emotional accomplishments The book is *Shadows in the Field* Gregory F. Barz, Timothy J. Cooley, 2008-09-09 Ethnomusicological fieldwork has significantly changed since the end of the 20th century Ethnomusicology is in a critical moment that requires new perspectives on fieldwork perspectives that are not addressed in the standard guides to ethnomusicological or anthropological method The focus in ethnomusicological writing and teaching has traditionally centered around analyses and ethnographic representations of musical cultures rather than on the personal world of understanding experience knowing and doing fieldwork *Shadows in the Field* deliberately shifts the focus of ethnomusicology and of ethnography in general from representation text to experience fieldwork The new fieldwork moves beyond mere data collection and has become a defining characteristic of ethnomusicology that engages the scholar in meaningful human contexts In this new edition of *Shadows in the Field* renowned ethnomusicologists explore the roles they themselves act out while performing fieldwork and pose significant questions for the field What are the new directions in ethnomusicological fieldwork Where does fieldwork of the past fit into these theories And above all what do we see when we acknowledge the shadows we cast in the field The second edition of *Shadows in the Field* includes updates of all existing chapters a new preface by Bruno Nettl and seven new chapters addressing critical issues and concerns that have become increasingly relevant since the first edition
