 individual international courts have ruled on LGBTI issues and how these issues have been addressed in regions not typically
 addressed in mainstream literature such as Asia Africa and the Middle East Besides the corresponding question of LGBTI
 migration a broad array of topics related to legal protections or lack thereof for LGBTI persons is also covered from the legal
 rights to marriage and parenting to the rights to participate in sports the workplace and other areas of community life free
 from discrimination Several chapters address issues specifically faced by transgender individuals and other gender
 minorities The Handbook is a comprehensive but concise collection of articles about the common problems faced by LGBTI
 people around the world written by an international team of renowned experts Readers will benefit from their wealth of
 expertise and diversity of background while gaining a holistic understanding of how LGBTI people interact with the law and
 how the scope of these interactions has changed over a span of several decades The Handbook not only serves as an
