A Poem Within A Line:

Bodies on the Line Raphael Allison, 2014-12-01 *Bodies on the Line* offers the first sustained study of the poetry reading in its most formative period the 1960s Raphael Allison closely examines a vast archive of audio recordings of several key postwar American poets to explore the social and literary context of the sixties poetry reading which is characterized by contrasting differing styles of performance the humanist style and the skeptical strain The humanist style made mainstream by the Beats and their imitators is characterized by faith in the power of presence emotional communion and affect The skeptical strain emphasizes openness of interpretation and multivalent meaning a lack of stability or consistency and ironic detachment By comparing these two dominant styles of reading Allison argues that attention to sixties poetry readings reveals poets struggling between the kind of immediacy and presence that readings suggested and a private retreat from such performance based publicity one centered on the text itself Recordings of Robert Frost Charles Olson Gwendolyn Brooks Larry Eigner and William Carlos Williams all of whom emphasized voice breath and spoken language and who were inveterate professional readers in the sixties expose this struggle in often surprising ways In deconstructing assertions about the role and importance of the poetry reading during this period Allison reveals just how dramatic political and contentious poetry readings could be By discussing how to hear as well as read poetry *Bodies on the Line* offers startling new vantage points from which to understand American poetry since the 1960s as both performance and text Emily Dickinson Ann Beebe, 2022-03-03 The public is familiar with the Emily Dickinson stereotype an eccentric spinster in a white dress flitting about her father's house hiding from visitors But these associations are misguided and should be dismantled This work aims to remove some of the distorted myths about Dickinson in order to clear a path to her poetry The entries and short essays should open avenues of debate and individual critical analysis This companion gives both instructors and readers multiple avenues for study The entries and charts are intended to prompt ideas for classroom discussion and syllabus planning Whether the reader is first encountering Dickinson's poems or returning to them this book aims to inspire interpretative opportunities The entries and charts make connections between Dickinson poems ponder the significance of literary artistic historical political or social contexts and question the interpretations offered by others as they enter the never ending debates between Dickinson scholars *The Poetry of He Zhu (1052-1125)* Stuart Sargent, 2007-03-31 The Northern Song poet He Zhu is best known for his lyrics ci but also produced shi poetry of subtlety wit and feeling This study examines the latter as a response to the options available to a late eleventh century writer in the pentametrical and heptametrical forms of Ancient Verse Regulated Verse and Quatrains Numerous comparisons are made with Su Shi Huang Tingjian Du Fu and other important writers In a major advance over previous methodologies the author uses a clear system of metrical notation to show how sound patterns reveal the poet's artistic and emotional intentions This innovation and the author's other meticulous explorations of He Zhu's artistry allow us to experience Chinese poetry as never before From the reader's report

not just an excellent study of an individual poet but also a model of reading the language of classical Chinese poetry opens up a world of interpretive territory heretofore seldom explored Intentionality and the New Traditionalism John T.

Shawcross,2010-11-01 **How to Read a Poem** Thomas H. Ford,2021-07-11 How to Read a Poem is an introduction to creative reading the art of coming up with something to say about a text It presents a new method for learning and teaching the skills of poetic interpretation providing its readers with practical steps they can use to construct perceptive inventive readings of any poem they might read The Introduction sets out the aims of the book and provides some basic operating principles for applying the seven steps In each subsequent chapter the step is introduced and explained relevant points of interpretative theory and methodology are discussed and illustrated with multiple examples and the step is put into practice in a final section Through these final sections step by step the book develops an extended reading of a single poem Letitia Landon s Lines Written under a Picture of a Girl Burning a Love Letter from 1822 That reading is sustained across the whole arc of the book providing a detailed worked example of how to read a poem This accessible and enjoyable guide is the ideal introduction to anyone approaching the detailed study of poetry for the first time and offers valuable theoretical insights for those more experienced in the area *Listening to Poetry* Jeremy Trabue,2025-09-01 A sad thing happens to most people somewhere between preschool and college we unlearn our natural love of poetry a love rooted in sound and surprise pattern and play discovery and delight That loss is a tragedy that this book aims to reverse Based on fifteen years of teaching and dedicated to the belief that rigor and accessibility are compatible Listening to Poetry takes nothing for granted and builds students confidence and skills from the ground up It uses innovative student centered and process based approaches including practical how tos and skill focused exercises for every subject covered Poems don t have to be approached like riddles to be solved codes to be cracked or prisoners to be interrogated There is a better way and it starts right here Don t take our word for it though Listen to students who ve read this book I need to give full appreciation to this book for my new found love of poetry I have found myself a new hobby Before this book I was overwhelmed by poetry and felt I would never be artistic enough to create or analyze it Now I feel very comfortable and am excited to continue my appreciation for the art I have found my love for poetry from reading this book I have learned how to read poetry and how to understand it *The Variorum Edition of the Poetry of John Donne, Volume 6* John Donne,1995 Based on an exhaustive study of the manuscript and print history of Donne s poetry this edition presents newly edited critical texts of the poems and a comprehensive digest of the critical scholarly commentary on them from Donne s time forward Textual introductions briefly locate the poems in the context of Donne s life or poetic development outline the 17th century textual history of the poems and sketch the treatment of the text by modern editors A detailed textual apparatus presents variants collated from many sources and traces the lines of textual transmission Provided by publisher **An Collins and the Historical Imagination** Professor W Scott Howard,2014-06-28 The first edited collection of scholarly essays to focus exclusively on An Collins this volume examines the

significance of an important religious and political poet from seventeenth century England An Collins and the Historical Imagination celebrates Collins s writing within her own time and ours through a comprehensive assessment of her poetics literary religious and political contexts critical reception and scholarly tradition **The Poem in Time** Janis Lull,1990 In tracing George Herbert s revisionary goals as they developed through the two manuscripts of the Church this book offers a new approach to the interpretation of his poems in showing that Herbert intended to encourage his readers to connect the separate lyrics into larger structures of meaning and also to look beyond his poetry to the Bible Siege of Jerusalem Michael Livingston,2005-03-01 The fourteenth century Siege of Jerusalem has been called by Ralph Hanna the chocolate covered tarantula of the alliterative movement for its apparent anti Semitism and is as Livingston notes in his introduction simply difficult for twenty first century readers to like The poem which describes the destruction of the Second Temple by Roman forces in AD 70 is graphic in detail and unpleasant in its relish of the suffering of the Jews But as Livingston points out Like the gritty violence of Alliterative Morte Arthure the gore in Siege is perhaps best read as a grim awareness of the terrible realities of war not as a bloodthirsty and berserk cry for further bloodshed The poem chronicles a historical war and it is this historical quality that must stand out the poem not only has resonances of the bloodshed that battle inevitably brings but it also is in a very literal sense history This is to say the war is over The vengeance of Jesus has been accomplished The Siege poet s answer to the social political religious question of whether there is such a thing as a just war is that there was one Titus and Vespasian s vengeance for the death of Christ Further efforts to avenge Christ were unnecessary That the poem is a call to action and to crusade then seems to be a claim that is far less sustainable than its opposite a call to peace and to remembrance

Right here, we have countless ebook **A Poem Within A Line** and collections to check out. We additionally present variant types and as a consequence type of the books to browse. The normal book, fiction, history, novel, scientific research, as competently as various new sorts of books are readily clear here.

As this A Poem Within A Line, it ends stirring visceral one of the favored book A Poem Within A Line collections that we have. This is why you remain in the best website to see the unbelievable book to have.
