

The background of the cover features a stylized illustration. At the top, a tree with a purple trunk and branches is shown, with leaves in shades of green, yellow, and pink. Below the tree, the structure of a building is depicted using thick, overlapping lines in purple and yellow, creating a geometric, abstract representation of a church roof and walls. The entire graphic is set against a dark blue background.

Levers Missional Strategies for Conferences explores conferences in operational terms highlighting focal points for change. What works in conferences, what doesn't and why. Author Robert Schnase shows us how to identify and change practices that are no longer conducive to our mission and demonstrates concrete ways to foster a more relevant and effective connectionalism. He uses specific conference examples to describe fundamental strategies that really work. Seven Levers provides insight and a common language to help leaders focus their work on what matters most and align their ministries, personnel, budgets, and governance accordingly. It is an honest and practical guide for all the pastors, lay leaders, conference staff, cabinets, and conference boards striving to shape their common ministries through conferences. Schnase's best-selling *Five Practices of Fruitful Congregations* has focused and strengthened ministry in thousands of congregations. Now *Seven Levers* gives hope and direction for those who are frustrated by conference work that is too often unfocused and unfruitful and who long for a more innovative and relevant connectionalism. *Seven Levers* charts a clear and compelling course for annual conferences and other judicatories.
