Betting It All The Entrepreneurs Of Technology:

Betting It All Michael Shawn Malone, 2002 This offers an insight into the minds of sixteen famous contemporary high tech entrepreneurs through a series of intimate frank interviews A look at their childhood their dreams their inspirations and their unwavering ambition to achieve their goals no matter the risks involved **Theology and California** Fred Sanders, Jason S. Sexton, 2016-02-17 Exploring California as a theological place this book renders critical engagement with significant Californian religious and theological phenomena and the inherent theological impulses within major Californian cultural icons Harnessing conceptual tools inherent to theology through theological reflection assessment and critique the chapters in this volume begin to ascertain the significance of various empirical data and that no other qualitative methodological Californian study has done Many universities are picking up on California literature as a theme that highlights a place of hope wonder and cultural innovation but have neglected the significance of theological instincts flowing through the Californian dynamic Californians Fred Sanders and Jason Sexton assemble leading voices and specialists both from within and without California for engagement with California s influential culture including leading theologians and cultural critics such as Richard J Mouw Paul Louis Metzger and Fred Sanders alongside leading specialists in Film studies and cultural critique theological anthropology missiology sociology and history The Guardian of All Things Michael S. Malone, 2012-08-21 A fascinating exploration of the history of memory and human civilization Memory makes us human No other animal carries in its brain so many memories of such complexity nor so regularly revisits those memories for happiness safety and the accomplishment of complex tasks Human civilization continues because we are able to pass along memories from one person to another from one generation to the next The Guardian of All Things is a sweeping scientific history that takes us on a 10 000 year old journey replete with incredible ideas inventions and transformations From cave drawings to oral histories to libraries to the internet The Guardian of All Things is the history of how humans have relentlessly pursued new ways to preserve and manage memory both within the human brain and as a series of inventions external to it Michael S Malone looks at the story of memory both human and mechanical and the historic turning points in that story that have not only changed our relationship to memory but have also changed our human fabric Full of anecdotes history and advances of civilization and technology The Guardian of All Things is a lively epic journey along a trajectory of history no other book has ever described one that will appeal to the curious as well as the specialist The Entrepreneur's Identity Standard Tatiana Kukova, PhD, 2020-11-12 The Entrepreneur s Identity Standard solves the psychological problem of how tech start up entrepreneurs deal with strategic decision making processes in their ventures based on how they see themselves A pioneering doctoral study carried out by the author at a digital tech incubator in the UK serves as the basis for this book That is why there is a significant number of real life examples from one to one interviews with tech founders Business World , 2009-03 **Jackpot** Rob Davies, 2022-02-15 A striking expos of the insidious business practices that have generated

enormous profits for the companies operating within the UK's gambling industry A methodical sensitive and occasionally harrowing polemic about the gambling industry The book has echoes of Patrick Radden Keefe's award winning *Empire of Pain* SUNDAY TIMES A serious attempt to grapple with the extent of Britain's problem THE SPECTATOR Persuasive FINANCIAL TIMES Fascinating IRISH TIMES Eye opening TELEGRAPH 716 the number of gambling logos displayed in a single Premier League football match 421 MILLION the salary of Bet365's CEO in 2020 14 BILLION the annual losses incurred by British gamblers Over half of the population gambles in the UK every year How did we get here What keeps us hooked when the odds are so heavily stacked against us And who are the real winners and losers Jackpot dives deep into gambling's seedy underbelly to answer these questions and many more From the first National Lottery draw in 1569 to the Wild West of today's online casinos Guardian reporter Rob Davies follows the money to show who profits and at what cost

The People Vs Tech Jamie Bartlett, 2018-04-05 From the bestselling author of *The Dark Net* comes a book that explains all the dangers of the digital revolution and offers concrete solutions on how we can protect our personal privacy and democracy itself The internet was meant to set us free But have we unwittingly handed too much away to shadowy powers behind a wall of code all manipulated by a handful of Silicon Valley utopians ad men and venture capitalists And in light of recent data breach scandals around companies like Facebook and Cambridge Analytica what does that mean for democracy our delicately balanced system of government that was created long before big data total information and artificial intelligence In this urgent polemic Jamie Bartlett argues that through our unquestioning embrace of big tech the building blocks of democracy are slowly being removed The middle class is being eroded sovereign authority and civil society is weakened and we citizens are losing our critical faculties maybe even our free will *The People Vs Tech* is an enthralling account of how our fragile political system is being threatened by the digital revolution Bartlett explains that by upholding six key pillars of democracy we can save it before it is too late We need to become active citizens uphold a shared democratic culture protect free elections promote equality safeguard competitive and civic freedoms and trust in a sovereign authority This essential book shows that the stakes couldn't be higher and that unless we radically alter our course democracy will join feudalism supreme monarchies and communism as just another political experiment that quietly disappeared *Strategic Risk-Taking:*

When to bet big and how to mitigate losses Ajah Excel, 2025-01-20 Business success often requires taking risks but not all risks are created equal *Strategic Risk Taking* teaches you how to evaluate opportunities and make smart calculated decisions that lead to growth This book provides a framework for determining when to take bold actions and how to mitigate potential losses to protect your business Learn the art of risk management how to spot high reward opportunities and how to turn uncertainty into a competitive advantage With strategies for assessing risk and mitigating its impact *Strategic Risk Taking* is a must read for business leaders who want to grow their companies without jeopardizing their future Entrepreneurial
