BOMB THE SUBURBS.

REVISED SECOND EDITION

BY WILLIAM UPSKI WIMSATT

The suburbs is more than just an unfortunate geographical location, it is an unfortunate state-of-mind. It's the American state-of-mind, founded on fear, conformity, shallowness of character, and dullness of imagination.

Most books are suburban books. Neatly designed, neatly packaged, and automatically produced. The author chooses one topic, one voice, one style, one audience, one point of view, then lays out the book according to plan.

This book is organized like a city. It's cluttered and dense and full of interesting stuff. It welcomes all kinds of people who don't have anything in common with each other. Its shops and restaurants offer a variety of home-made, one-of-a-kind items.

It gets treated like a city too. People hate the book without knowing anything about it. They rip down the posters. They speed through the book, if they go through it at all, with their doors locked and their windows rolled up.

Banks tell me I have bad credit. Police officers arrest me for putting up ads with scotch tape. I can tell the people who will read this carefully because they look me in the eye.
