education and recruited into the workforce at 15 years of age to a senior academic in one of Australia's G8 universities holding five PhDs. With strong historical backgrounding, a special appeal of this book is its drive to place childhood and adolescent events contained in the memoirs in a wider historical context looking to transnational movements such as discussions on anachronisms and eugenics. In so doing, the exegesis is a fresh and exciting innovation in harmony with the memoirs. The memoir is so refashioned as a pedagogical tool.

Television Comedy and Femininity Rosie White, 2018-11-30. Can comedy on television harbour elements of gender transgression or subversion? If a man is permitted to be funny, peculiar, playing the underdog or misfit, does a woman seem stranger in his place? Mapping examples from British and American comedy television over the past 60 years from *I Love Lucy* to *The Big Bang Theory* and *Smack the Pony* to *Waiting For God*, this book asks: are particular forms of television comedy gendered in specific ways? Paying attention to series which have not been addressed in academic work as well as more established shows, White offers fresh insights for the fields of television studies, gender and women's studies, cultural history and comedy.

Stand-up Comedy and Contemporary Feminisms Ellie Tomsett, 2023-06-29. What are the barriers to women's participation in live comedy and how are these barriers maintained in the digital era? In this book, Ellie Tomsett considers how the origins of stand-up comedy still impact on current live comedy production and explains how the contemporary stand-up scene continues to reflect wider societal stereotypes about the capabilities of women. Using primary data collected from women-only comedy nights and immersive research with the UK Women in Comedy Festival in Manchester, Tomsett analyses examples of stand-up performed by contemporary comedians including Bridget Christie, Luisa Omielan, Lolly Adefope and Grinne Maguire and provocatively questions how these performances relate to conceptions of feminist and postfeminist humour as well as notions of backlash against contemporary feminisms. She focuses on live comedy that is explicitly feminist to consider how social attitudes to women, the increasing visibility of female labour outside the home and the emergence of multiple and sometimes contradictory feminisms has influenced the comedy produced by women comedians in 21st-century Britain.

Audiobooks as Artifacts David Seinberg, 2024-06-19. Their ever-evolving popularity notwithstanding, audiobooks remain a rather undertheorized phenomenon. The prevailing handful of existing studies seem to have adopted an inherently historicist approach which fails to identify and scrutinize their aesthetic importance. Thus, rather than regarding them as mere recorded versions of existing literary works, this book explores them as the unique products of a hitherto undefined artistic genre. As performance-based aural artefacts, the very act of listening to them is rendered an aesthetic experience in its own right. By effectively embracing an interdisciplinary approach and introducing a set of aesthetic questions and philosophical conundrums ignited by a paradigmatic application of the New Institutional Theory of

Art this study establishes a new aesthetic category which in turn not only classifies audiobooks as artworks to all intents and purposes but also generates the criteria and parameters for evaluating their merit Since the proof of the proverbial pudding is purportedly in the eating in surveying a series of concrete case studies each highlighting different degrees of complexities this study mainly examines first person narratives as the most natural medium for the aesthetics of the audiobook As such the investigation herein provides one with comparative close listenings appropriately analyzing and debating their aesthetic properties Finally in exploring what this study identifies as one s informed intuition and its role in the craft of casting audiobooks this study also proposes a new understating of how aesthetic appreciation works in action
