Bring It On Tough Questions Candid Answers:

Bring It On Pat Robertson, 2008-07-06 No controversy is too big and no subject is off limits Unafraid of being politically incorrect CBN founder and chairman Pat Robertson will tackle all of the issues of our culture that most Christians shy away from Derived from the actual questions answered on his 700 Club television segment of the same name **Bring It On** gives real answers to Christians with tough questions Questions include How Can We Do Greater Things than Jesus What Makes a Worship Service Do Clones Have Souls Should a Christian Avoid Using Medicine Do Miracles Really Happen **Bring It On** , *Overcoming Cynicism*, Megan Mustain, 2011-01-13 *Dreams of Glory* Richard K. Fenn, 2016-05-13 Islam Judaism and Christianity are engaged not in a clash of civilizations but in a sectarian conflict among branches of a single civilization traditionally steeped in apocalyptic imagery and beliefs Apocalypticism is a religious luxury that modern civilizations can no longer afford Many would agree that the propagandists of the Christian Right have raised apocalyptic tensions to a dangerous level since 9 11 but in this book Richard Fenn takes on the mainline church leaders for their role in promoting an apocalyptic view of history Those who keep apocalyptic beliefs in a respectable place in religious faith and practice must bear their share of responsibility for global terror It is not only tragic but ironic that the churches have given apocalyptic literature such a respectable place in their sacred texts because the apocalyptic imagination itself has its sources in non Biblical literature the Hellenistic prophesies that gave comfort and courage to the victims of war in the near and middle east from the time of Alexander the Great and Darius Fenn goes on to hold apocalyptic enthusiasts in the mainline churches as well as on the Right responsible for keeping old grievances alive in their demands for a day of final reckoning and he demonstrates that totalitarian and imperial regimes have made effective use of apocalyptic literature to justify their own violence and to terrify their subjects and enemies **Dangerous Games** Joseph P. Laycock, 2015-02-12 The 1980s saw the peak of a moral panic over fantasy role playing games such as Dungeons and Dragons A coalition of moral entrepreneurs that included representatives from the Christian Right the field of psychology and law enforcement claimed that these games were not only psychologically dangerous but an occult religion masquerading as a game **Dangerous Games** explores both the history and the sociological significance of this panic Fantasy role playing games do share several functions in common with religion However religion as a socially constructed world of shared meaning can also be compared to a fantasy role playing game In fact the claims of the moral entrepreneurs in which they presented themselves as heroes battling a dark conspiracy often resembled the very games of imagination they condemned as evil By attacking the imagination they preserved the taken for granted status of their own socially constructed reality Interpreted in this way the panic over fantasy role playing games yields new insights about how humans play and together construct and maintain meaningful worlds Laycock's clear and accessible writing ensures that **Dangerous Games** will be required reading for those with an interest in religion popular culture and social behavior both in the classroom and beyond Pat Robertson David John Marley, 2007 A portrait of the

700 Club host and co founder of the Christian Coalition considers his role as a reviled figure in the secular world and a formidable role model among Christian fundamentalists in a profile that lauds his achievements while questioning some of his decisions *The Left Behind Fantasy* William Powell Tuck,2010-02-18 The popular Left Behind series by Tim LaHaye and Jerry Jenkins has sold more than 62 million copies since the first volume appeared in 1995 Jerry Falwell pronounced it the most important series of books in the history of modern Christianity Many readers have assumed it gives the true facts about the way the world will end and what will happen to all the people in it But according to real biblical scholarship this series is seriously flawed Based on a misreading of many scriptures including Daniel and the Book of Revelation it has fed a kind of hysteria in the Christian populace that has led many people to reorder their existence in expectation of an impending doom and the sudden unexpected return of Jesus In this book William Powell Tuck carefully and authoritatively refutes the premises and faulty theology of the Left Behind books critiquing them in the light of genuine biblical scholarship and common sense *Fat Religion* Lynne Gerber,Susan Hill,LeRhonda Manigault-Bryant,2021-05-13 Fat Religion Protestant Christianity and the Construction of the Fat Body explores how Protestant Christianity contributes to the moralization of fat bodies and the proliferation of practices to conform fat bodies to thin ideals Focusing primarily on Protestant Christianity and evangelicalism this book brings together essays that emphasize the role of religion in the ways that we imagine talk about and moralize fat bodies Contributors explore how ideas about indulgence and restraint sin and obedience are used to create and maintain fear of and animosity towards fat bodies They also examine how religious ideology and language shape attitudes towards bodily control that not only permeate Christian weight loss programs but are fundamental to secular diet culture as well Furthermore the contributors investigate how religious institutions themselves attempt to define and control the proper religious body This volume contributes to the burgeoning field of critical fat studies by underscoring the significance of religion in the formation of historical and contemporary meanings and perceptions of fat bodies including its moralizing role in justifying weight bias prejudice and privilege The chapters in this book were originally published as a special issue of Fat Studies An Interdisciplinary Journal of Body Weight and Society **Beyond the Evangelical Gender Roles** Gridlock Paul J. Palma,2024-11-30 Present day Evangelicalism represents a microcosm of broader tensions over male and female gender roles with some denominations carefully delimiting women leadership roles especially the female pastor and many others supporting them The letters attributed to Paul the Apostle contain several divisive passages on the meaning of manhood and womanhood Dated and dubious readings of these have led some Christians and non Christians alike to conclude that Paul wrote with misogynistic intent Others quote them to justify Christian patriarchalism Beyond the Evangelical Gender Roles Gridlock Reimagining Paul s Views on Women Marriage and Ministry reassesses what Paul said about women reinterpreting his claims on marriage and ministry leadership in light of his first century worldview This book proposes a nuanced theological egalitarian approach with significant implications for renewing twenty first century

congregations homes and society The Nature of the Religious Right Neall W. Pogue, 2022-04-15 In *The Nature of the Religious Right* Neall W Pogue examines how white conservative evangelical Christians became a political force known for hostility toward environmental legislation Before the 1990s this group used ideas of nature to help construct the religious right movement while developing theologically based eco friendly philosophies that can be described as Christian environmental stewardship On the twentieth anniversary of Earth Day in 1990 members of this conservative evangelical community tried to turn their eco friendly philosophies into action Yet this attempt was overwhelmed by a growing number in the leadership who made anti environmentalism the accepted position through public ridicule conspiracy theories and cherry picked science Through analysis of rhetoric political expediency and theological imperatives *The Nature of the Religious Right* explains how ideas of nature played a role in constructing the conservative evangelical political movement why Christian environmental stewardship was supported by members of the community for so long and why they turned against it so decidedly beginning in the 1990s

Delve into the emotional tapestry woven by Crafted by in Experience **Bring It On Tough Questions Candid Answers** .
