Britain then & now Philip Ziegler, Francis Frith, 2002 **Between the Wars** Philip Ziegler, 2017-03-07 At the end of 1918 one prescient American historian began to write a history of the Great War What will you call it he was asked The First World War was his bleak response In *Between the Wars* Philip Ziegler examines the major international turning points cultural and social as well as political and military that led the world from one war to another His perspective is panoramic touching on all parts of the world where history was being made giving equal weight to Gandhi's March to the Sea and the Japanese invasion of China as to Hitler's rise to power It is the tragic story of a world determined that the horrors of the First World War would never be repeated yet committed to a path which in hindsight was inevitably destined to end in a second even more devastating conflict *A Study Guide for Ted Hughes's "The Horses"* Gale, Cengage Learning, 2016 A Study Guide for Ted Hughes's *The Horses* excerpted from Gale's acclaimed *Poetry for Students* This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust *Poetry for Students* for all of your research needs **Rural Britain Then and Now** Roger Hunt, Simon Jenkins, 2006-04 In 1860 Francis Frith began to take photographs of popular tourist destinations round Britain so holidaymakers could take home souvenirs of their visit Over the next 50 years he and his team of photographers took thousands of photographs for Victorian tourists to paste into their albums From churches to windmills castles to carts nothing was missed by the camera and the resulting archive is not only a record of a century of social change but a glimpse into Britain's past Through this remarkable collection of pictures the story of the countryside unfolds Brought up to date by contemporary photographs *Rural Britain Then and Now* tells the fascinating story of rural life and will be enjoyed by lovers of the countryside past and present *The Victorians* John Gardiner, 2006-10-27 A major study of changing attitudes to the Victorians from Lytton Strachey to the present day *A Dictionary of Writers and their Works* Christopher Riches, Michael Cox, 2015-01-29 Over 3 200 entries An essential guide to authors and their works that focuses on the general canon of British literature from the fifteenth century to the present There is also some coverage of non fiction such as biographies memoirs and science as well as inclusion of major American and Commonwealth writers This online exclusive new edition adds 60 000 new words including over 50 new entries dealing with authors who have risen to prominence in the last five years as well as fully updating the entries that currently exist Each entry provides details of a writer's nationality and birth death dates followed by a listing of their titles arranged chronologically by date of publication *Quakernomics* Mike King, 2014-04 Combining commercial success with philanthropy and social activism *Quakernomics* offers a compelling model for corporate social responsibility in the modern world Mike King explores the ethical capitalism of Quaker enterprises from the eighteenth to the twentieth centuries testing this theory against those of prominent economists With a foreword by Sir Adrian Cadbury this book proves that the Quaker practice of total capitalism is not a historically remote nicety but an

immediately relevant guide for today's global economy Olivier Philip Ziegler, 2014-06-03 A finalist for the Sheridan Morley Prize that has been called probably the best Olivier book for general readers Kirkus Reviews Philip Ziegler's *Olivier* provides an incredibly accessible and comprehensive portrait of this Hollywood superstar Oscar winning director and one who is considered the greatest stage actor of the twentieth century The era abounded in great actors Gielgud Richardson Guinness Burton O Toole but none could challenge Laurence Olivier's range and power By the 1940s he had achieved international stardom His affair with Vivien Leigh led to a marriage as glamorous and as tragic as any in Hollywood history He was as accomplished a director as he was a leading man his three Shakespearian adaptations are among the most memorable ever filmed And yet at the height of his fame he accepted what was no more than an administrator's wage to become the founding Director of the National Theatre In 2013 the theatre celebrates its fiftieth anniversary without Olivier's leadership it would never have achieved the status that it enjoys today Off stage Olivier was the most extravagant of characters generous yet almost insanely jealous of those few contemporaries whom he deemed to be his rivals charming but with a ferocious temper With access to more than fifty hours of candid unpublished interviews Ziegler ensures that Olivier's true character at its most undisguised shines through as never before *Encyclopedia of Nineteenth-Century Photography* John Hannavy, 2013-12-16 The *Encyclopedia of Nineteenth Century Photography* is the first comprehensive encyclopedia of world photography up to the beginning of the twentieth century It sets out to be the standard definitive reference work on the subject for years to come Its coverage is global an important first in that authorities from all over the world have contributed their expertise and scholarship towards making this a truly comprehensive publication The *Encyclopedia* presents new and ground breaking research alongside accounts of the major established figures in the nineteenth century arena Coverage includes all the key people processes equipment movements styles debates and groupings which helped photography develop from being a solution in search of a problem when first invented to the essential communication tool creative medium and recorder of everyday life which it had become by the dawn of the twentieth century The sheer breadth of coverage in the 1200 essays makes the *Encyclopedia of Nineteenth Century Photography* an essential reference source for academics students researchers and libraries worldwide *The British National Bibliography* Arthur James Wells, 2007
