Broadcasting Voice And Accountability Broadcasting Voice And Accountability:

Broadcasting, Voice, and Accountability Steve Buckley, 2008 This book provides guidelines tools and real world examples to help assess and reform the enabling environment for media development that serves public interest goals It builds on a growing awareness of the role of media and voice in the promotion of transparent and accountable governance in the empowerment of people to better exercise their rights and hold leaders to account and in support of equitable development including improved livelihoods health and access to education The book provides development practitioners with an overview of the key policy and regulatory issues involved in supporting freedom of information and expression and enabling independent public service media Country examples illustrate how these norms have been institutionalized in various contexts

Media Law in the United Arab Emirates Matt J. Duffy, 2018-03-27 Derived from the renowned multi volume International Encyclopaedia of Laws this analysis of media law in the United Arab Emirates surveys the massively altered and enlarged legal landscape traditionally encompassed in laws pertaining to freedom of expression and regulation of communications Everywhere a shift from mass media to mass self communication has put enormous pressure on traditional law models An introduction describing the main actors and salient aspects of media markets is followed by in depth analyses of print media radio and television broadcasting the Internet commercial communications political advertising concentration in media markets and media regulation Among the topics that arise for discussion are privacy cultural policy protection of minors competition policy access to digital gateways protection of journalists sources standardization and interoperability and liability of intermediaries Relevant case law is considered throughout as are various ethical codes A clear comprehensive overview of media legislation case law and doctrine presented from the practitioner s point of view this book is a valuable time saving resource for all concerned with media and communication freedom Lawyers representing parties with interests in the United Arab Emirates will welcome this very useful guide and academics and researchers will appreciate its value in the study of comparative media law

Media Laws and Regulations of the GCC Countries Dr. Matt J. Duffy, 2004

Public service broadcasting Mendel, Toby, 2013-12-31 *Public Sentinel* Pippa Norris, 2009-11-19 What are the ideal roles the mass media should play as an institution to strengthen democratic governance and thus bolster human development Under what conditions do media systems succeed or fail to meet these objectives And what strategic reforms would close the gap between the democratic promise and performance of media systems Working within the notion of the democratic public sphere *Public Sentinel News Media and Governance Reform* emphasizes the institutional or collective roles of the news media as watchdogs over the powerful as agenda setters calling attention to social needs in natural and human caused disasters and humanitarian crises and as gatekeepers incorporating a diverse and balanced range of political perspectives and social actors Each is vital to making democratic governance work in an effective transparent inclusive and accountable manner The capacity of media systems and thus individual reporters embedded within those institutions to fulfill these roles

is constrained by the broader context of the journalistic profession the market and ultimately the state Successive chapters apply these arguments to countries and regions worldwide This study brought together a wide range of international experts under the auspices of the Communication for Governance and Accountability Program CommGAP at the World Bank and the Joan Shorenstein Center on the Press Politics and Public Policy at Harvard University The book is designed for policy makers and media professionals working within the international development community national governments and grassroots organizations and for journalists democratic activists and scholars engaged in understanding mass communications democratic governance and development **Community Radio in South Asia** Kanchan K. Malik, Vinod

Pavarala, 2020-06-09 This book explores the state of community radio a significant independent media movement that began about two decades ago in different parts of South Asia The volume outlines the socioeconomic and historical contexts for understanding the evolution and functioning of community radio in an increasingly globalised media environment It provides a ring side view of how various countries in South Asia have formulated policies that enabled the emergence of this third sector of broadcasting public and private being the other two through radio rendering the media ecology in the region more pluralistic and diverse The chapters in the volume interspersed by practitioner perspectives discuss a range of key issues related to community radio radio policies NGOisation of community radio spectrum management and democratisation of technology disasters emergencies gender issues sustainability and conflicts One of the first of its kind this volume will appeal to scholars and researchers of community media and independent media studies cultural studies as well as sociology and social anthropology and South Asian studies *Development Communication Sourcebook* Paolo Mefalopulos, 2008-06-16 The

Development Communication Sourcebook highlights how the scope and application of communication in the development context are broadening to include a more dialogic approach This approach facilitates assessment of risks and opportunities prevents problems and conflicts and enhances the results and sustainability of projects when implemented at the very beginning of an initiative The book presents basic concepts and explains key challenges faced in daily practice Each of the four modules is self contained with examples toolboxes and more Developing Independent Media as an Institution of

Accountable Governance Shanthi Kalathil, 2011-06-29 Within the broader donor led governance agenda assistance to independent media or media development as it is commonly known is an ill understood area This handbook is designed for those who may be interested in media development programs but are unclear about the whys hows and whens **The**
