Broadening Jewish History Towards Ordinary:

Broadening Jewish History Todd M. Endelman, 2010-12-01 Key themes and issues relevant to writing the social history of the Jews in the modern period are brought to the fore here in a way that is accessible both to professional historians and to educated readers with an interest in Jewish history Some of the articles are programmatic and argumentative others are case studies Together they create a strong coherent volume that demonstrates the advantages of the social historical perspective as a tool for interpreting the Jewish world *Broadening Jewish History* Todd M. Endelman, 2014 *The Routledge Companion to Jewish History and Historiography* Dean Phillip Bell, 2018-10-10 The Routledge Companion to Jewish History and Historiography provides an overview of Jewish history from the biblical to the contemporary period while simultaneously placing Jewish history into conversation with the most central historiographical methods and issues and some of the core source materials used by scholars within the field The field of Jewish history is profitably interdisciplinary Drawing from the historical methods and themes employed in the study of various periods and geographical regions as well as from academic fields outside of history it utilizes a broad range of source materials produced by Jews and non Jews It grapples with many issues that were core to Jewish life culture community and identity in the past while reflecting and addressing contemporary concerns and perspectives Divided into four parts this volume examines how Jewish history has engaged with and developed more general historiographical methods and considerations Part I provides a general overview of Jewish history while Parts II and III respectively address the rich sources and methodologies used to study Jewish history Concluding in Part IV with a timeline glossary and index to help frame and connect the history sources and methodologies presented throughout The Routledge Companion to Jewish History and Historiography is the perfect volume for anyone interested in Jewish history

Jewish Jesus Research and its Challenge to Christology Today Walter Homolka, 2016-10-05 Historical Jesus research Jewish or Christian is marked by the search for origins and authenticity The various Quests for the Historical Jesus contributed to a crisis of identity within Western Christianity The result was a move back to the Jewish roots For Jewish scholars it was a means to position Jewry within a dominantly Christian culture As a consequence Jews now feel more at ease to relate to Jesus as a Jew For Walter Homolka the Christian challenge now is to formulate a new Christology between a Christian exclusivism that denies the universality of God and a pluralism that endangers the specificity of the Christian understanding of God and the uniqueness of religious traditions including that of Christianity **Britain's Moment in Palestine** Michael J Cohen, 2014-02-24 In 1917 the British issued the Balfour Declaration for military and strategic reasons This book analyses why and how the British took on the Palestine Mandate It explores how their interests and policies changed during its course and why they evacuated the country in 1948 During the first decade of the Mandate the British enjoyed an influx of Jewish capital mobilized by the Zionists which enabled them not only to fund the administration of Palestine but also her own regional imperial projects But in the mid 1930s as the clouds of World War Two gathered Britain s

commitment to Zionism was superseded by the need to secure her strategic assets in the Middle East In consequence she switched to a policy of appeasing the Arabs In 1947 Britain abandoned her attempts to impose a settlement in Palestine that would be acceptable to the Arab States and referred Palestine to the United Nations without recommendations leaving the antagonists to settle their conflict on the battlefield Based on archival sources and the most up to date scholarly research this comprehensive history offers new insights into Arab British and Zionist policies It is a must read for anyone with an interest in Palestine Israel British Colonialism and the Middle East in general [A Deadly Legacy](#) Timothy L. Ruderman, 2017-12-04 The series Studies and Texts in Scepticism contains monographs translations and collected essays exploring scepticism in its dual manifestation as a purely philosophical tradition and as a set of sceptical strategies concepts and attitudes in the cultural field especially in religions perhaps most notably in Judaism In such cultural contexts scepticism manifests as a critical attitude towards different dimensions and systems of secular or revealed knowledge and towards religious and political authorities It is not merely an intellectual or theoretical worldview but a critical form of life that expresses itself in such diverse phenomena as religion literature and society Further book series of the Maimonides Centre for Advanced Studies are Jewish Thought Philosophy
