Ferriss's Metropolis drawings Buckminster Fuller's Dymaxion houses and Norman Bel Geddes's Futurama exhibit at the 1939 New York World's Fair Transformed by the populist imagination into master builders these designers helped produce a new form of visuality the aesthetics of ascension By demonstrating how aerial movement and height intersect with popular superman discourses of the time Morshed reveals the relationship between architecture art science and interwar pop culture Featuring a marvelous array of never before published illustrations this richly textured study of utopian imaginings illustrates America's propulsion into a new cultural consciousness
