Buddhism A Christian Exploration And Appraisal:

Buddhism Keith Yandell, Harold Netland, 2009-05-22 In this clear introduction to Buddhism Keith Yandell and Harold Netland lay out the central metaphysical claims of this significant world religion and then offer an honest comparison with Christianity acknowledging some overlap of belief while also noting the clear and significant differences between the two religions

Buddhism Keith E. Yandell, 2009 **Buddhism And Nichiren Shoshu/Soka Gakkai Buddhism -A Critique and Biblical Analysis** John Weldon, 2012-08-21 Buddhism is the fourth largest religion in the world and Nichiren Shoshu Soka Gakkai is the largest Buddhist religion in America The purpose of Buddhism is to eradicate suffering and attain enlightenment Nichiren Shoshu to receive material benefits and find happiness This book demonstrates the fundamental incompatibility of Buddhism and Christianity and shows the consequences particularly religious ones which lie outside the truth This eBook was written from material which originally comprised the authors Master s Thesis

Buddhist and Christian? Rose Drew, 2013-07-03 This is a detailed exploration of Buddhist Christian dual belonging engaging from both Buddhist and Christian perspectives the questions that arise and drawing on extensive interviews with well known individuals in the vanguard of this important and growing phenomenon The issue is pressing insofar the last century has witnessed a gradual but profound transformation of the West s religious landscape In today s context of diversity people are often influenced by more than one religion Multireligious identities are consequently on the rise At one end of the spectrum are those who identify themselves as fully belonging to more than one tradition One of the most prevalent combinations is Christianity and Buddhism This book addresses central and fundamental questions How is it possible to be authentically Buddhist and authentically Christian when for example God is central to Christianity yet absent from Buddhism when Christians have faith in Jesus Christ while Buddhists take refuge in the Buddha when Christians hope for heaven and Buddhists hope for nirvana and when Buddhists and Christians engage in different practices Are those who identify themselves as belonging to both traditions profoundly irrational religiously schizophrenic or perhaps just spiritually superficial Or is it possible somehow to reconcile the thought and practice of Buddhism and Christianity in such a way that one can be deeply committed to both And if it is possible will the influence of Buddhist Christians on each of these traditions be something to be regretted or celebrated

Catholicism and Buddhism Anthony E. Clark, 2018-04-03 The recent tide of books comparing Christianity and Buddhism has centered mostly on similarities The Dalai Lama for example provided his opinions on Christianity in a popular book The Good Heart A Buddhist Perspective on the Teachings of Jesus 1996 Other writers have equally sought to describe these two traditions as two paths to the same place Finding these approaches overly simplified Anthony Clark confronts the distinctions between Buddhism and Catholic Christianity acknowledging areas of confluence but also discerning areas of abiding difference Clark provides here a Catholic view of Buddhism that avoids obfuscations seeking clarity for the sake of more productive dialogue

Christian Apologetics Douglas

Groothuis,2022-02-08 The Christian faith offers people hope But how can we know that Christianity is true How can Christians confidently present their beliefs in the face of doubts and competing views In this second edition of a landmark apologetics text Douglas Groothuis makes a clear and rigorous case for Christian theism addressing the most common questions and objections raised regarding Christianity **Pneumatology and the Christian-Buddhist Dialogue** Amos

Yong,2012-07-26 This project at the interface of Buddhist Christian studies comparative theology and Christian systematic theology proceeds by way of exploring questions related to the presence and activity of the Holy Spirit in a 21st century world of many faiths **The Routledge Handbook of Buddhist-Christian Studies** Carol Anderson,Thomas

Cattoi,2022-09-30 Buddhist Christian dialogue has a long and complex history that stretches back to the first centuries of the common era Comprising 42 international and disciplinarily diverse chapters this volume begins by setting up a framework for examining the nature of Buddhist Christian interreligious dialogue discussing how research in this area has been conducted in the past and considering future theoretical directions Subsequent chapters delve into important episodes in the history of Buddhist Christian dialogue contemporary conversations such as monastic interreligious dialogue multiple religious identity and dual religious practice and Buddhist Christian cooperation in social justice social engagement pastoral care and interreligious education settings The volume closes with a section devoted to comparative and constructive explorations of different speculative themes that range from the theological to the philosophical or experiential This handbook explores how the study of Buddhist Christian relations has been and ought to be done The Routledge Handbook of Buddhist Christian Studies is essential reading for researchers and students interested in Buddhist Christian studies Asian religions and interreligious relationships It will be of interest to those in fields such as anthropology political science theology and history

Crucified Wisdom S. Mark Heim,2018-12-04 Winner of the Frederick Streng Book Award for Excellence in Buddhist Christian Studies This work provides the first systematic discussion of the Bodhisattva path and its importance for constructive Christian theology Crucified Wisdom examines specific Buddhist traditions texts and practices not as phenomena whose existence requires an apologetic justification but as wells of tested wisdom that invite theological insight With the increasing participation of Christians in Buddhist practice many are seeking a deeper understanding of the way the teachings of the two traditions might interface Christ and the Bodhisattva are often compared superficially in Buddhist Christian discussion This text combines a rich exposition of the Bodhisattva path using ntideva s classic work the Bodhicaryavatara and subsequent Tibetan commentators with detailed reflection on its implications for Christian faith and practice Author S Mark Heim lays out root tensions constituted by basic Buddhist teachings on the one hand and Christian teachings on the other and the ways in which the Bodhisattva or Christ embody and resolve the resulting paradoxes in their respective traditions An important contribution to the field of comparative theology in general and to the area of Buddhist Christian studies in particular Crucified Wisdom proposes that Christian theology can take direct instruction from Mahayana Buddhism

in two respects deepening its understanding of our creaturely nature through no self insights and revising its vision of divine immanence in dialogue with teachings of emptiness Heim argues that Christians may affirm the importance of novelty in history the enduring significance of human persons and the Trinitarian reality of God even as they learn to value less familiar nondual dimensions of Christ's incarnation human redemption and the divine life Crucified Wisdom focuses on questions of reconciliation and atonement in Christian theology and explores the varying interpretations of the crucifixion of Jesus in Buddhist Christian discussion The Bodhisattva path is central for major contemporary Buddhist voices such as the Dalai Lama and Thich Nhat Hanh who figure prominently as conversation partners in the text This work will be of particular value for those interested in dual belonging in connection to these traditions *The Oxford Handbook of Contemporary Buddhism* Michael K. Jerryson, 2017 The Oxford Handbook of Contemporary Buddhism offers a comprehensive collection of work by leading scholars in the field They examine the historical development of Buddhist traditions throughout the world from traditional settings like India Japan and Tibet to the less well known regions of Latin America Africa and Oceania
