Report of the Commissioner of Pardons and Paroles for the Biennial Period ... Michigan. Commissioner of Pardons and Paroles,1929 **FBI Law Enforcement Bulletin** ,1958 **FBI Law Enforcement Bulletin** United States. Federal Bureau of Investigation,1935 **California. Court of Appeal (1st Appellate District). Records and Briefs** California (State)., **Hellenism and the Primary History** Robert Karl Gnuse,2020-09-30 This collection of essays seeks to demonstrate that many biblical authors deliberately used Classical and Hellenistic Greek texts for inspiration when crafting many of the narratives in the Primary History Through detailed analysis of the text Gnuse contends that there are numerous examples of clear influence from late classical and Hellenistic literature Deconstructing the biblical and Greek works in parallel he argues that there are too many similarities in basic theme meaning and detail for them to be accounted for by coincidence or shared ancient tropes Using this evidence he suggests that although much of the text may originate from the Persian period large parts of its final form likely date from the Hellenistic era With the help of an original introduction and final chapter Gnuse pulls his essays together into a coherent collection for the first time The resultant volume offers a valuable resource for anyone working on the dating of the Hebrew Bible as well as those working on Hellenism in the ancient Levant more broadly Alexander and the East A. B. Bosworth,1996 In this study Brian Bosworth looks at the critical period between 329 and 325 BC when Alexander the Great was active in Central Asia and what is now Pakistan He documents Alexander s relations with the peoples he conquered and addresses the question of what it meant to be on the receiving end of the conquest drawing a bleak picture of massacre and repression At the same time Alexander s views of empire are investigated his attitude to his subjects and the development of his concepts of personal divinity and universal monarchy Analogies are thus drawn with the Spanish conquest of Mexico which has a comparable historiographical tradition and parallels many of Alexander s dealings with his subjects Although of concern to the specialist this book is equally directed at the general reader interested in the history of Alexander and the morality of empire **Report** Michigan. Commissioner of Pardons and Paroles,1929 **Alexander's Veterans and the Early Wars of the Successors** Joseph Roisman,2012-08-24 From antiquity until now most writers who have chronicled the events following the death of Alexander the Great have viewed this history through the careers ambitions and perspectives of Alexander s elite successors Few historians have probed the experiences and attitudes of the ordinary soldiers who followed Alexander on his campaigns and who were divided among his successors as they fought for control of his empire after his death Yet the veterans played an important role in helping to shape the character and contours of the Hellenistic world This pathfinding book offers the first in depth investigation of the Macedonian veterans experience during a crucial turning point in Greek history 323 316 BCE Joseph Roisman discusses the military social and political circumstances that shaped the history of Alexander s veterans giving special attention to issues such as the soldiers conduct on and off the battlefield the army assemblies the volatile

relationship between the troops and their generals and other related themes all from the perspective of the rank and file Roisman also reexamines the biases of the ancient sources and how they affected ancient and modern depictions of Alexander's veterans as well as Alexander's conflicts with his army the veterans motives and goals and their political contributions to Hellenistic history He pays special attention to the Silver Shields a group of Macedonian veterans famous for their invincibility and martial prowess and assesses whether or not they deserved their formidable reputation *New York Magazine* ,1987-09-21 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **A Complete Concordance to the Holy Scriptures ...
