Travel and Drugs in Twentieth-Century Literature Lindsey Michael Banco, 2013-01-11 This book examines the connections between two disparate yet persistently bound thematics mobility and intoxication and explores their central yet frequently misunderstood role in constructing subjectivity following the 1960s Emerging from profound mid twentieth century changes in how drugs and travel were imagined the conceptual nexus discussed sheds new light on British and North American responses to sixties

counterculture With readings of Aldous Huxley William Burroughs Alex Garland Hunter S Thompson and Robert Sedlack Banco traces twin arguments looking at the ways travel is imagined as a disciplinary force acting upon the creative destabilizing powers of psychedelic intoxication and exploring the ways drugs help construct travel spaces and practices as at times revolutionary and at other times neo colonial By following a sequence of shifting understandings of drug and travel orthodoxies this book traverses fraught and irresistibly linked terrains from the late 1950s up to a period marked by international postmodern tourism As such it helps illuminate a world where tourism is continually expanding yet constantly circumscribed and where illegal drugs are both increasingly unregulated in the global economy and perceived more and more as crucial agents in the construction of human subjectivity Life Or Movie Mickael L. Rozwarski, 2002 Life or movie Which comes first is a glimpse into an aspiring screenwriter s mind as he tries to figure out the inner workings of high concept movies The author starts out with the premise that there are very easy rules that govern storytelling rules which are universal and tolerate no exceptions That is how he was led to discard traditional perspectives of movie analysis one after the other Field Campbell Jung Freud which all proved to be unfaithful to observable facts The author proposes then a change of paradigm and a different look at storytelling fiction is like magic you cannot explain it or it will break the spell ruin the magic But when you think about it there are no two rational ways of making a rabbit appear from a hat
