Manly P. Hall

Alexandrian Cult Series:

The Alexandrian Cult Series Peter S. Ruckman, 2000-01-01 *The Cult of St Katherine of Alexandria in Early Medieval Europe* Christine Walsh, 2017-05-15 St Katherine of Alexandria was one of the most popular saints in both the Orthodox and Latin Churches in the later Middle Ages yet there has been little study of how her cult developed before c 1200 This book redresses the balance providing a thorough examination of the way the cult spread from the Greek speaking lands of the Eastern Mediterranean and into Western Europe The author uses the full range of source material available including liturgical texts hagiographies chronicles and iconographical evidence bringing together these often disparate sources to map the way in which the cult of St Katherine grew from its early stages in the Byzantine Empire up to c 1100 its transmission to Italy and the introduction and development of the cult in Normandy and England up to c 1200 The book also includes appendices listing early manuscripts containing Katherine s Passio and including key original texts on St Katherine of the period This study will be welcomed by scholars of medieval history and the history of medieval art and as a case study for all those with an interest in the development of medieval saint s cults *Ancient Mysteries and Secret Societies: Foundations of Freemasonry Series* Manly P. Hall, 2019-12-13 Esoteric scholar Manly P Hall covers a lot of areas relating to the ancient mysteries including common roots in religious and ritual life the practices of the Druids and how they relate to Masonry the rites of Mithras Simon Magus and the Gnostics Abraxas the Egyptian Serapis the Odinic Mysteries and how they compare the Rites of Eleusis the Orphic Mysteries Bacchus Dionysos and much more ***Realism in Alexandrian Poetry*** Graham Zanker, 2024-10-31 The poetry of Alexandria under the first three Ptolemies represents a second golden age of Greek literature The eminence grise of poetic circles was Callimachus whose poetic manifesto in favour of small scale meticulously detailed and mannered works was to be of great influence on Augustan poetry in Rome The stylistic aims of the Alexandrian poets have been much discussed as has their reliance on literary tradition First published in 1987 *Realism in Alexandrian Poetry* covers less familiar ground Taking the whole canon of Alexandrian poetry as his starting point Dr Zanker surveys the use of the realistic mode in works like *The Idylls of Theocritus* were these real shepherds including such matters as the humorous elements of Callimachus *Hymns* the love story in *Apollonius Argonautica* and the low life sketches of *epyllia* like *Hecale* as well as the *Mimes* of Herodas The striving for realism and minute detail is set in the context of the admiration of pictorialism in the plastic arts the new valuation of science as a measure of human experience and the deliberate mingling of high and low genres All this is in turn placed in the cultural context of early Alexandria Few books take the whole of Alexandrian poetry as their canvas This one which does will be as valuable a study of the Alexandrian poets as it will be a forceful contribution to literary criticism *St. Catherine of Alexandria in Renaissance Roman Art* Cynthia Stollhans, 2017-07-05 How and why did a medieval female saint from the Eastern Mediterranean come to be such a powerful symbol in early modern Rome This study provides an overview of the development of the cult of Catherine of Alexandria in

Renaissance Rome exploring in particular how a saint's cult could be variously imaged and reinvented to suit different eras and patronal interests Cynthia Stollhans traces the evolution of the saint's imagery through the lens of patrons and their interests with special focus on the importance of Catherine's image in the fashioning of her Roman identity to show how her imagery served the religious political and or social agendas of individual patrons and religious orders Paul, Founder of Churches James Constantine Hanges, 2012 Expanded from the author's dissertation University of Chicago 1999

Alexandria, Real and Imagined Anthony Hirst, Michael Silk, 2017-05-15 *Alexandria Real and Imagined* offers a complex portrait of an extraordinary city from its foundation in the fourth century BC up to the present day a city notable for its history of ethnic diversity for the legacies of its past imperial grandeur Ottoman and Arab Byzantine Roman and Greek and not least for the memorable images of Alexandria constructed both by outsiders and by inhabitants of the city In this volume of new essays Alexandria and its many images the real and the imagined are illuminated from a rich variety of perspectives These range from art history to epidemiology from social and cultural analysis to re readings of Cavafy and Callimachus from the impressions of foreign visitors to the evidence of police records from the constructions of Alexandria in Durrell and Forster to those in the twentieth century Arabic novel Alexandrian Legacy Mario Baghos, Doru Costache, Philip Kariatlis, 2015-09-04 This volume brings together contributions exploring a range of aspects of the Alexandrian patristic tradition from the second half of the second century to the first half of the fifth century a tradition whose complex and significant legacy is at times misunderstood and in some quarters wholly neglected With contributions by both Australian and international scholars the fourteen chapters here highlight that behind the complexity of this tradition one finds a vibrant Christian spirit granted one that has successfully put on the flesh of Hellenistic culture and a consistent striving towards the reformation and transformation of the human being according to the gospel Furthermore this volume contributes a nuanced voice to the scholarly choir which already hums a new song about Christian Alexandria and its representatives Indeed these contributions are interdisciplinary in approach combining methods pertaining to the fields of historiography theology and philosophy pastoral care hermeneutics hagiography and spirituality By way of this complex approach this book brings together areas which currently evolve in separate scholarly universes which is wholly befitting to the complexities entailed by the ever challenging Alexandrian legacy **Connecting the Isiac Cults** Tomáš Glomb, 2022-11-03 Why did Egyptian cults especially those dedicated to the goddess Isis and god Sarapis spread so successfully across the ancient Mediterranean after the death of Alexander the Great How are we limited by the established methodological apparatus of historiography and which innovative methods from other disciplines can overcome these limits In this book Tom Glomb shows that while the interplay of different factors such as the economy climate and politics created favorable conditions for the early spread of the Isiac cults the use of innovative quantitative methods can shed new light and help disentangle the complex interplay of individual factors Using a combination of geospatial modeling mathematical modeling and network analysis Glomb

determines that at least in the regions of the Hellenistic Aegean and western Asia Minor the political channels created by the Ptolemaic dynasty were a dominant force in the local spread of the Isiac cults An important contribution to the historiography of the ancient Mediterranean this book answers the specific question of how it happened as well as how can we answer it beyond the limits of the established methodological apparatus in historiography **Alexandria in Late Antiquity** Christopher Haas, 2002-11-05 A valuable and much needed contribution to the study of Alexandria and late antiquity which presents a vivid and interesting portrait Classical Review A Choice Magazine Outstanding Academic Title Second only to Rome in the ancient world Alexandria was home to many of late antiquity's most brilliant writers philosophers and theologians among them Philo Origen Arius Athanasius Hypatia Cyril and John Philoponus Now in Alexandria in Late Antiquity Christopher Haas places these figures within the physical and social context of Alexandria's bustling urban milieu Haas explores the broad avenues and back alleys of Alexandria's neighborhoods its suburbs and waterfront and aspects of material culture that underlay Alexandrian social and intellectual life Moving between the city's Jewish pagan and Christian blocs he details the fiercely competitive nature of Alexandrian social dynamics In contrast to the notion that Alexandria's diverse communities coexisted peaceably Haas finds that struggles for social dominance and cultural hegemony often resulted in violence and bloodshed Haas concludes that Alexandrian society achieved a certain stability and reintegration a process that resulted in the transformation of Alexandrian civic identity during the crucial centuries between antiquity and the Middle Ages

This Captivating World of E-book Books: A Thorough Guide Unveiling the Pros of E-book Books: A Realm of Ease and Flexibility E-book books, with their inherent mobility and simplicity of availability, have freed readers from the limitations of physical books.
