Contemporary Anti-Muslim Politics Kenneth J. Long, 2017-02-15 Contemporary Anti Muslim Politics provides a succinct but potent critique of the policies of Western nations toward Muslims particularly the aggressive foreign policies of the United States and the exclusionary domestic policies of Europe These policies have already claimed millions of Muslim lives For decades policies that rely on war exclusion and ghettoization have triggered conflict escalation The actions of groups such as the Islamic State and Boko Haram are reactions to this history Their tactics exacerbate negative stereotyping of Muslims generally and Western military strategies cause many Muslims to pursue survivalist politics that enable and strengthen such groups Anti Muslim politics in Western nations takes many forms beyond war and exclusion including racialization stereotyping sacrilegious cultural assaults mass media scapegoating and even tolerance which implies something unpalatable in need of toleration The gridlock brought by pluralism and constitutionalism both in Europe and the United States serves few people well but it has locked Muslims into an especially abusive status quo
