American Sniper Propaganda:

Through the Crosshairs Roger Stahl, 2018-06-21 Now that it has become so commonplace we rarely blink an eye at camera footage framed by the crosshairs of a sniper's gun or from the perspective of a descending smart bomb But how did this weaponized gaze become the norm for depicting war and how has it influenced public perceptions Through the Crosshairs traces the genealogy of this weapon's eye view across a wide range of genres including news reports military public relations images action movies video games and social media posts As he tracks how gun camera footage has spilled from the battlefield onto the screens of everyday civilian life Roger Stahl exposes how this raw video is carefully curated and edited to promote identification with military weaponry rather than with the targeted victims He reveals how the weaponized gaze is not only a powerful propagandistic frame but also a prime site of struggle over the representation of state violence

Sadomasochism, Popular Culture and Revolt Tom Pollard, 2019-07-03 Sadomasochism Popular Culture and Revolt A Pornography of Violence explores powerful connections between violent pornography and current gender wars generational conflicts political struggles and racial and ethnic unrest Long before these conflicts dominated headlines worldwide they become embedded and contextualized in popular culture Tracing the history of today's popular porn genres including torture porn revenge porn war porn and fascist porn Tom Pollard reveals a sadomasochistic trope of fictional and real sexual violence and sexual justice that had largely remained hidden and suppressed Today it has exploded into public awareness by mass movements like

MeToo demanding justice for sexual assault victims This movement joins other recent social movements including Black Lives Matter and advocates of safety from gun violence which along with MeToo constitute a revolt of submissives no longer willing to endure unwanted violence This thoughtful examination of the history and content of violent pornography reveals portentous patterns and developing trends By examining pornography's violent content Pollard forces us to confront wider social and cultural violence Sadomasochism Popular Culture and Revolt will be of great interest to scholars of gay and lesbian studies and queer studies while being a vital text for undergraduate and graduate instructors of social movement studies in sociology political science American Studies and history

Gorgeous War Tim Blackmore, 2019-10-29 *Gorgeous War* argues that the Nazis used the swastika as part of a visually sophisticated propaganda program that was not only modernist but also the forerunner of contemporary brand identity When the United States military tried to answer Nazi displays of graphic power it failed In the end the best graphic response to the Nazis was produced by the Walt Disney Company Using numerous examples of US and Nazi military heraldry *Gorgeous War* compares the way the American and German militaries developed their graphic and textile design in the interwar period The book shows how social and cultural design movements like modernism altered and were altered by both militaries It also explores how nascent corporate culture and war production united to turn national brands like IBM Coca Cola and Disney into multinational corporations that had learned lessons on propaganda and branding that were being tested during the Second World War What is the legacy of apparently toxic signs like the swastika The answer may not be what we hoped Inheritors of the post Second World War world increasingly struggle to find an escape from an intensely branded environment to find a place in their lives that is free of advertising and propaganda This book suggests that we look again at how it is our culture makes that struggle into an appealing *Gorgeous War*

Corporate Conspiracies Richard Belzer, David Wayne, 2017-05-09 From New York Times bestselling authors Richard Belzer and David Wayne comes a hard look at the wrongs done to us all by big business in America Here is an explosive account of wrongful acts perpetrated and the ensuing cover ups inflicted upon us by American corporations The bestselling author team of Richard Belzer and David Wayne exposes the ways that the capitalist regime has got us under their thumbs from the mainstream media and its control over us to the trillions stolen by big banks and mortgage companies during the mortgage crisis to the scams perpetrated by Big Oil and Big Pharma The one common victim of all that corruption is the American public and *Corporate Conspiracies* wants to do something about it *Corporate Conspiracies* takes dead aim at those who take advantage of us little guys Probably most disturbing is the book's examination of politics and capitalism teaming up against us how politicians and lobbyists all have their hands in each other's pockets while stabbing us in the back and how the well established energy lobby which is petroleum natural gas and coal has played a dominant role in the shaping of US foreign policy for decades Did you know that companies at times know that their products will kill people but they do nothing because it is actually cheaper to compensate the victims than it is to correct the

problem And did you know that the Pentagon is sending 1 5 trillion of our tax dollars to their corporate buddies for a new fighter jet that is already superfluous This book is guaranteed to make us all think twice about being enslaved and cheated by corporate America Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history books about World War II the Third Reich Hitler and his henchmen the JFK assassination conspiracies the American Civil War the American Revolution gladiators Vikings ancient Rome medieval times the old West and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home

The Films of Clint Eastwood Matt Wanat, Leonard Engel, 2018-05-15 The indefatigable Clint Eastwood the great old man of American film is still controversial after all these years Many of the critical essays in this collection focus on Eastwood s 2014 American Sniper a particularly controversial film and a devastating personal account of the horrors of war Additional essays within the collection address his films that deserve more recognition than they have received to date The chapters vary by topic and identify themes ranging from aging race and gender to uses of Western conventions and myth to the subtleties of quieter themes and stylistic choices in Eastwood s body of cinematic work As a collection these essays show

that none of these themes account for Eastwood's entire vision which is multifaceted and often contradictory dramatizing complex issues in powerful character driven narratives

Militant Normals Kurt Schlichter, 2025-04-08 *Militant Normals* written by one of the conservative movement's wittiest commentators is a no holds barred takedown of the preening elites who have all but made normalcy a crime in America Donald Trump is only the beginning of a mighty disruption in American politics and culture thanks to the rise of the militant Normals in America They built this country they make it run and when called on they fight for it They are the heart and soul of the United States of America They are the Normals the regular Americans of all races creeds preferences and both sexes who just want to raise their families and live their lives in peace And they are getting angry For decades they have seen their cherished beliefs and beloved traditions under attack They have been told they are racist sexist and hateful but it was all a lie Their ability to provide for their families has been undermined by globalization with no consideration of the effects on Americans who did not go to Harvard and who live in that vast forgotten space between New York and Santa Monica A smug condescending elite spanning both established parties has gripped the throat of the nation Convinced of their own exquisite merit while refusing to be held accountable for their myriad failures these elitists managed to suppress the first rumblings of discontent when they arose in the form of the Tea Party But they were stunned when the Normals did not simply scurry back to their flyover homes Instead the Normals came out in force and elected Donald Trump Now as the ruling caste throws everything it can into the fight to depose Donald Trump and reestablish unchallenged control the Normals face a choice They can either surrender their country and their sovereignty or they can become even more militant
