Paperbound Book Guide for Colleges, 1971 *American Book Publishing Record*, 2007 *El-Hi Textbooks in Print*, 1975 Includes related teaching materials *American Vernacular Architecture 1870 To 1960* Herbert Gottfried, Jan Jennings, 2009-07-07 A comprehensive examination of American vernacular buildings **Determinants of Indigenous Peoples' Health** Sarah De Leeuw, 2015 The health disparities affecting Indigenous peoples in Canada might well be understood as a national epidemic Although progress has been made in the last decade towards both understanding and ameliorating Indigenous health inequalities very little research or writing has expanded a social determinants of health framework to account for the unique histories and present realities of Indigenous peoples in this country This timely edited collection addresses this significant knowledge gap exploring the ways that multiple health determinants beyond the social from colonialism to geography from economy to biology converge to impact the health status of Indigenous peoples in Canada This unique collection comprised largely of contributions by Indigenous authors offers the voices and expertise of First Nations Inuit and Metis writers from across Canada The multitude of health determinants of Indigenous peoples are considered in a selection of chapters that range from scholarly papers by research experts in the field to reflective essays by Indigenous leaders Appropriate throughout a range of disciplines including Health Studies Indigenous Studies Public and Population Health Community Health Sciences Medicine Nursing and Social Work this engaging text broadens the social determinants of health framework to better understand health inequality Most importantly it does so by placing front and center the voices and experiences of Indigenous peoples *Subject Guide to Books in Print*, 1984 **Asian/American Curricular Epistemicide** Nicholas D. Hartlep, Daniel P. Scott, 2016-08-18 In this important book Nicholas Hartlep and Daniel Scott's detailed analyses on both visual and historical representations of Asian Americans in textbooks and teacher manuals used in our elementary and secondary schools poignantly tell us that generations of children are growing up being fed this single story about Asian Americans As Hartlep and Scott write Asian Americans have once again been constructed as the good minority that can succeed on their own and be used as a political instrument to shame the Blacks for their underachievement and their fight for equality Over and over again the media has been telling a single story about Asian Americans to the public for the past fifty years The consequence of this fabricated story is that it discourages others even Asian Americans themselves from believing in the validity of their struggles Linshi 2014 p 1 **The American-style University at Large** Kathryn L. Kleypas, James I. McDougall, 2012-01-01 The focus of research on the globalization of higher education has historically been on universities within the United States More recently the focus has shifted to the international scene yet there remain few published works to document this phenomenon The American Style University at Large Transplants Outposts and the Globalization of Higher Education edited by Kathryn L. Kleypas and James McDougall is an intervention into current discussions concerning the role of the contemporary American style university in a global

context The editors approach the subject from their own experiences as professors at an American style university in the Middle East They pull together essays from an impressively diverse list of contributors which examine the various ways that American models of higher learning have become instituted around the world The authors then explore ways that these new configurations help to define the university as a force that organizes develops and controls methods of education knowledge power and culture
