Ameritopia The Unmaking Of America:

Ameritopia Mark R. Levin, 2012-09-18 Levin explores the philosophical basis of America's foundations and the crisis that the government faces today *Summary: Mark R. Levin Ameritopia* Quick Read Summary Books, 2014-02-15 In this summary of Mark R. Levin's book *Ameritopia: The Unmaking of America* you will discover how America's government has been slowly descending into tyranny using utopian tactics that serve to bring citizens under control until they are completely dependent upon the state for sustenance. The evidence for Levin's claims is presented in an engaging format beginning with the definition of utopia and ending with specific examples of how America has become a utopian state. Levin takes you back in history to show you other examples of utopia and how all of them eventually descended into tyranny. He also talks about what makes America unique and how the Founding Fathers intended the government to operate. Levin points out time and time again that the current governmental atmosphere is far from the original intentions which were based on the philosophies of John Locke and Charles de Montesquieu. Instead, Levin suggests the country is trending toward the ideal societies imagined by Plato, Thomas More, Thomas Hobbes, and even Karl Marx. However, Levin proves that these societies were anything but ideal by digging deeper into their power hungry intentions and oppressive practices. Using more evidence from the Constitution, Levin expertly contrasts today's American society with the Founding Fathers' purposeful inclusions and exclusions and then compares it to utopian ideals to illustrate how far from the Founders' original vision America has strayed.

Quicklet on Mark R. Levin's Ameritopia (CliffNotes-like Summary and Analysis) Daniella Nicole, 2012-07-30 ABOUT THE BOOK I can't sit down long enough to write a book and now I don't have to cause my buddy Mark Levin's new book is out called *Ameritopia: The Unmaking of America*. I don't have to write another book at least not now. Rush Limbaugh, three years since the publication of his book *Liberty and Tyranny: A Conservative Manifesto*, best-selling author and conservative radio talk show host Mark R. Levin published *Ameritopia: The Unmaking of America*. In the book's introduction, Levin explains his reasoning for writing the book as a desire to answer certain questions regarding a utopian ideology he saw that both attracts a free people and destroys them. He noted that great leaders and thinkers such as Ronald Reagan, Abraham Lincoln, Joseph Story, and the Founding Fathers feared such an ideology and recognized its threat and destructiveness. His desire to pen *Ameritopia* spurred largely from the recent shift to incorporate said ideology of utopianism into the American life. Said shift added to an ever-widening gap between ideologies in American political parties. By the end of President George W. Bush's second term in office, there was a great deal of outrage from the liberal left and portions of the conservative right regarding various policies and actions. During the 2008 election season, a relatively unknown African American Senator from Illinois named Barack Hussein Obama burst onto the scene as a challenger to Democratic presidential candidate New York Senator and former First Lady Hillary Clinton. The possibility of the first African American to be elected president was touted as a historical moment and many claimed to support him for just that reason to be part of history. Members of the audience

fainted in more than one instance during Obama's campaign. What happened next sent ripples of shock through the nation. Not only did Obama win the Democratic nomination but with virtually no vetting he won the election for President on the promise of Hope and Change. In 2009 Levin published his book *Liberty and Tyranny* which compared the conservative and liberal viewpoints. Jeffrey Lord of *The American Spectator* claimed that the book was a major political player in the 2010 elections which created sweeping changes in power across the country. A number of traditionally Democratic offices were defeated and won by Republicans. Lord also posited that Levin's *Ameritopia* would make an explosive impact in 2012 following its predecessor *Liberty and Tyranny*. In his review of *Ameritopia*, Author David Limbaugh, brother to radio talk show host Rush Limbaugh, explained why the Utopian ideal is dangerous for America, perhaps stating better than Lord why the book could have an impact in the 2012 elections.

EXCERPT FROM THE BOOK

in Utopia More creates the outline of a representative government structure. However, it is largely irrelevant given the established dictates affecting minute details of daily life. A Utopian society is created with every conceivable problem addressed as those in charge strip away rights and emotional attachments from the people. Servants exist in this paradise and the kingdom itself is isolated from the rest of the world in order to protect itself from unwanted outside influences that could disrupt the ideal society. Families are routinely split up because the state knows better than parents where children should live, what occupation they should pursue, and how best overall to raise and educate them. Travel is controlled because papers/passports are required by law in order for any travel, even inside the kingdom, to be permitted.

Why this book Barack Obama's life has been the subject of endless news reports, blogs, memoirs, and case histories. And yet at a deeper personal level he has remained an enigma, a riddle, a person shrouded in mystery and mystique. There is a need for something definite and specific, a constructive setting forth of reality and truth. That reality and truth is embalmed in the antiseptic pages of this book.

America's Freedom Megaphone Daniel L. Bolz, 2023-09-26

America will never be destroyed from the outside. If we falter and lose our freedoms, it will be because we destroyed ourselves. Abraham Lincoln: We love America and our founding principles. We want to make a difference for good but don't know how. We want to yell Freedom at the top of our lungs as the Scottish patriot William Wallace did in the final scene of *Braveheart*. We think the 2020 presidential election was rigged. We feel our children are propagandized in school. We are saddened by evil practices veiled as political correctness and big government dictates that squash our religious speech and personal protection of constitutional rights. We feel illegal immigration is significantly harming our country. We know the mainstream media lies to America. We want to pull the plug and drain the swamp in Washington DC. We are sick and tired of how America is being denigrated and infiltrated by Socialist, Marxist, and Communist philosophies. We feel the Judeo-Christian fabric of our society is fraying at the edges. We sense that federal spending is out of control. We feel the unelected bureaucratic fourth branch of government controls too much of our lives. We are part of the silent majority who are ready to be silent no more. We want to

be instrumental in restoring America as the shining city on a hill We are patriots who want to leave a legacy of freedom to our posterity We believe in the virtue of the American Dream If these statements resonate with you read on That's Not what They Meant! Michael Austin,2012 Essential reading for anyone seeking the accurate historical background to many of the hot button political debates of today A true historical picture of men who often disagreed with one another on such crucial issues as federal power judicial review and the separation of church and state **Liberty Means Freedom for All** Steven H. Propp,2012-11 Thomas Anderson has just graduated from CSU Stentoria with his degree in Political Science It s an election year and as a young progressive in California who has been raised by equally progressive parents he is very much concerned with the political issues currently being discussed in the mass media A chance encounter with a fellow graduate named Kelly Kelso however shakes up his sett led view of the world He is challenged to examine the rising number of alternatives to the two party system presented by third party movements such as the Libertarian Party and the Green Party and is forced to acknowledge that there is far more to politics than simply Democrat versus Republican and liberal versus conservative Thomas delves energetically into not only the growing Libertarian movement but the free market perspective of the Austrian School of economics as well as the rigid yet compelling view of Ayn Rand s philosophy of Objectivism His explorations grow wider now encompassing the Tea Party movement and the Christi an Right tax resisters and gun rights advocates survivalists and militia members anarchists communists and Democratic Socialists as well as the Occupy Wall Street movement He debates the radical environmental views of animal welfare and animal rights advocates and challenges opponents of corporate globalism as well as deniers of global warming as he struggles to reformulate and articulate his own developing beliefs while coping with a sea of conflicting ideas and opposition But this abstract political theory is brought into sharp encounter with concrete political reality when Thomas hears a news report of an armed conflict with authorities taking place just outside of town involving someone with whom he has become emotionally involved **American Marxism** Mark R. Levin,2021-07-13 1 NEW YORK TIMES BESTSELLER The seven time 1 New York Times bestselling author Fox News star and radio host Mark R Levin explains how the dangers he warned against in the timely yet timeless David Limbaugh author of Jesus Is Risen bestseller Liberty and Tyranny have come to pass In 2009 Mark R Levin galvanized conservatives with his unforgettable manifesto Liberty and Tyranny by providing a philosophical historical and practical framework for halting the liberal assault on Constitution based values That book was about standing at the precipice of progressivism s threat to our freedom and now over a decade later we re fully over that precipice and paying the price In American Marxism Levin explains how the core elements of Marxist ideology are now pervasive in American society and culture from our schools the press and corporations to Hollywood the Democratic Party and the Biden presidency and how it is often cloaked in deceptive labels like progressivism democratic socialism social activism and more With his characteristic trenchant analysis Levin digs into the psychology and tactics of these movements the widespread brainwashing of students the anti American purposes of

Critical Race Theory and the Green New Deal and the escalation of repression and censorship to silence opposing voices and enforce conformity Levin exposes many of the institutions intellectuals scholars and activists who are leading this revolution and provides us with some answers and ideas on how to confront them As Levin writes The counter revolution to the American Revolution is in full force And it can no longer be dismissed or ignored for it is devouring our society and culture swirling around our everyday lives and ubiquitous in our politics schools media and entertainment And like before Levin seeks to rally the American people to defend their liberty

The Field of Honor John Mayfield, Todd Hagstette, 2017-02-17

Current research on the history and evolution of moral standards and their role in Southern society For more than thirty years the study of honor has been fundamental to understanding southern culture and history Defined chiefly as reputation or public esteem honor penetrated virtually every aspect of southern ethics and behavior including race gender law education religion and violence In *The Field of Honor Essays on Southern Character and American Identity* editors John Mayfield and Todd Hagstette bring together new research by twenty emerging and established scholars who study the varied practices and principles of honor in its American context across an array of academic disciplines Following pathbreaking works by Bertram Wyatt Brown Dickson D Bruce and Edward L Ayers this collection notes that honor became a distinctive mark of southern culture and something that alongside slavery set the South distinctly off from the rest of the United States This anthology brings together the work of a variety of writers who collectively explore both honor s range and its limitations revealing a South largely divided between the demands of honor and the challenges of an emerging market culture one common to the United States at large They do so by methodologically examining legal studies market behaviors gender violence and religious and literary expressions Honor emerges here as a tool used to negotiate modernity s challenges rather than as a rigid tradition and set of assumptions codified in unyielding rules and rhetoric Some topics are traditional for the study of honor some are new but all explore the question how different really is the South from America writ large *The Field of Honor* builds an essential bridge between two distinct definitions of southern and by extension American character and identity
