Adam's Eves and Other Short Stories by Don Wynne Don Wynne, Dimas Estrada, John Borowski, 2008-10-01 *You Are Not Here and Other Works of Buddhist Fiction* Keith Kachtick, 2006-04-24 2004 s Nixon Under the Bodhi Tree and Other Works of Buddhist Fiction was hailed as a milestone and an embarrassment of literary riches Its sequel proves that this new genre is here to stay Edited by Keith Kachtick the author of Hungry Ghost A Novel A New York Times Notable Book You Are Not Here and Other Works of Buddhist Fiction offers even more sparkling and transcendent work from some of fiction s famous names alongside names you ve never heard before but surely will again Book jacket Shell Shock and the Modernist Imagination Wyatt Bonikowski, 2016-04-01 Looking closely at both case histories of shell shock and Modernist novels by Ford Madox Ford Rebecca West and Virginia Woolf Wyatt Bonikowski shows how the figure of the shell shocked soldier and the symptoms of war trauma were transformed by the literary imagination Situating his study with respect to Freud s concept of the death drive Bonikowski reads the repetitive symptoms of shell shocked soldiers as a resistance to representation and narrative In making this resistance part of their narratives Ford West and Woolf broaden our understanding of the traumatic effects of war exploring the possibility of a connection between the trauma of war and the trauma of sexuality Parade s End The Return of the Soldier and Mrs Dalloway are all structured around the relationship between the soldier who returns from war and the women who receive him but these novels offer no prospect for the healing effects of the union between men and women Instead the novels underscore the divisions within the home and the self drawing on the traumatic effects of shell shock to explore the link between the public events of history and the intimate traumas of the relations between self and other *The Diseases of Memory* Théodule Ribot, 1880 **The Diseases of Memory** Héodule Ribot, J. Fitzgerald, 2025-07-14 Reprint of the original first published in 1883 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage The Encyclopedia of Murder and Mystery B. Murphy, 1999-12-09 Bruce Murphy s Encyclopedia of Murder and Mystery is a comprehensive guide to the genre of the murder mystery that catalogues thousands of items in a broad range of categories authors titles plots characters weapons methods of killing movie and theatrical adaptations What distinguishes this encyclopedia from the others in the field is its critical stance **Stranger Than Fiction** Marc D. Feldman, Jacqueline M. Feldman, Roxenne Smith, 1998 Stranger Than Fiction When Our Minds Betray Us is a spellbinding invitation into the world of the human mind that will change our perceptions of mental illness forever Despite the growing body of scientific discoveries into the nature of the human mind the stigma attached to mental illness remains deeply entrenched in the general public s consciousness the product of inaccurate information and centuries of mystery In a simple conversational style two distinguished clinicians Drs Marc and Jacqueline Feldman discuss the complexities of mental disorders and their treatment Using the metaphor of the lie of the mind a

disorder in which a person's thinking becomes unintentionally distorted the authors approach mental illness from the perspective that these disorders are merely extreme variations of universally shared thoughts feelings and behaviors Stranger Than Fiction removes the artificial division separating the mentally ill from the general public and demystifies symptoms that often seem bizarre On this journey through the human psyche the Feldmans use vivid enlightening and often poignant cases from their own professional experience that dramatically illustrate how psychiatrists help patients liberate themselves from the mental conditions that imprison them The reader is invited into therapy sessions and hospital rooms and receives an insider's view of the difficulties that each therapist confronts when treating disturbed patients The authors show how clinical decisions often rely more on educated hunches than medical certainties and reveal that the practice of psychiatry is as much an art as it is a science After finishing this unforgettable book readers will better understand the true nature of mental illness and witness the joy that even the smallest triumph produces in patients and caregivers alike
