Identity and Ethics in the Book of Ruth Peter H. W. Lau, 2011 This study demonstrates the importance of including narrative ethics in a construction of Old Testament ethics as a correction for the current state of marginalisation of narrative in this discipline To this end the concept of identity is used as a lens through which to understand and derive ethics Since self conception in ancient Israel is generally held to be predominantly collectivist in orientation social identity theory is used to understand ancient Israelite identity Although collectivist sensitivities are important a social identity approach also incorporates an understanding of individuality This approach highlights the social emphases of a biblical text and consequently assists in understanding a text's original ethical message The book of Ruth is used as a test case employing a social identity approach for understanding the narrative but also to model the approach so that it can be implemented more widely in study of the Old Testament and narrative ethics Each of the protagonists in the book of Ruth is examined in regards to their personal and social self components This study reveals that the narrative functions to shape or reinforce the identity of an ancient Israelite implied reader Since behavioural norms are an aspect of identity narrative also influences behaviour A social identity approach can also highlight the social processes within a society The social processes taking place in the two most commonly proposed provenances for the book of Ruth are discussed the Monarchic and Persian Periods It is found that the social emphases of the book of Ruth most closely correspond to the social undercurrents of the Persian Period On this basis a composition for the book of Ruth in the Restoration period is proposed

Forgotten Women of the Holy Bible Gerald Crispin, 2019-08-08 The Bible has been written by sixty six male prophets kings pharaohs and New Testament authors The Bible has been written by men for men and about menlike Noah Abraham Isaac Jacob David Jesus and His Apostles Consequently the Bible is rather male oriented and one can see this in Apostle Paul who says women must not teach to be self controlled and pure to be busy at home to be kind and to be subject to their husbands so that no one will malign the word
