American Sniper Box Office:

Focus On: 100 Most Popular Drama Films Based on Actual Events Wikipedia contributors, Clint Eastwood Ian Nathan,2023-09-21 Clint Eastwood is Hollywood's elder statesman and its conscience He is the standard by which other films and filmmakers are judged He represents both classical Hollywood and an entirely modern uncompromising and unfussy directorial presence There are those who adore him as a cowboy a superstar the rugged unyielding yet introspective face of American machismo There are those who read him as a great American auteur fashioning uncompromising fascinating intellectual films about his country about life about whatever the hell takes his fancy No single figure in all of Hollywood operates so freely outside of the strictures of commercial pressure And yet or perhaps that is because he makes hit after hit Separation of actor and director is almost impossible They are intimately related cross pollinating but he has become in the latter half of his career to be viewed as one of the great American artists While drawing connections from his wider work as an actor and those who have influenced him it is his identity as a director that this book will celebrate This is not a career it is a landscape

Imperial Benevolence Scott Laderman,2018-08-14 This is a necessary and urgent read for anyone concerned about the United States' endless wars Investigating multiple genres of popular culture alongside contemporary U.S. foreign policy and political economy Imperial Benevolence shows that American popular culture continuously suppresses awareness of U.S. imperialism while assuming American exceptionalism and innocence This is despite the fact that it is rarely a product of the state Expertly coordinated essays by prominent historians and media scholars address the ways that movies and television series such as Zero Dark Thirty The Avengers and even The Walking Dead as well as video games such as Call of Duty Black Ops have largely presented the United States as a global force for good Popular culture with few exceptions has depicted the U.S. as a reluctant hegemon fiercely defending human rights and protecting or expanding democracy from the barbarians determined to destroy it

Gorgeous War Tim Blackmore,2019-10-29 Gorgeous War argues that the Nazis used the swastika as part of a visually sophisticated propaganda program that was not only modernist but also the forerunner of contemporary brand identity When the United States military tried to answer Nazi displays of graphic power it failed In the end the best graphic response to the Nazis was produced by the Walt Disney Company Using numerous examples of US and Nazi military heraldry Gorgeous War compares the way the American and German militaries developed their graphic and textile design in the interwar period The book shows how social and cultural design movements like modernism altered and were altered by both militaries It also explores how nascent corporate culture and war production united to turn national brands like IBM Coca Cola and Disney into multinational corporations that had learned lessons on propaganda and branding that were being tested during the Second World War What is the legacy of apparently toxic signs like the swastika The answer may not be what we hoped Inheritors of the post Second World War world increasingly struggle to find an escape from an intensely branded environment to find a place in their lives that is free of advertising and propaganda This book

suggests that we look again at how it is our culture makes that struggle into an appealing Gorgeous War **The Encyclopedia of Racism in American Films** Salvador Jiménez Murguía, 2018-04-12 Winner RUSA 2019 Outstanding References Source Winner and named a Library Journal Best Reference Book of the Year 2018 From D W Griffith s Birth of a Nation in 1915 to the recent Get Out audiences and critics alike have responded to racism in motion pictures for more than a century Whether subtle or blatant racially biased images and narratives erase minorities perpetuate stereotypes and keep alive practices of discrimination and marginalization Even in the 21st century the American film industry is not color blind evidenced by films such as Babel 2006 A Better Life 2011 and 12 Years a Slave 2013 The Encyclopedia of Racism in American Film documents one facet of racism in the film industry wherein historically underrepresented peoples are misrepresented through a lack of roles for actors of color stereotyping negative associations and an absence of rich nuanced characters Offering insights and analysis from over seventy scholars critics and activists the volume highlights issues such as Hollywood s diversity crisis White Savior films Magic Negro tropes The disconnect between screen images and lived realities of African Americans Latinos Native Americans and Asians A companion to the ever growing field of race studies this volume opens up a critical dialogue on an always timely issue The Encyclopedia of Racism in American Film will appeal to scholars of cinema race and ethnicity studies and cultural history **Hollywood Remembrance and American War** Andrew Rayment, Paul Nadasdy, 2020-08-31 Hollywood Remembrance and American War addresses the synergy between Hollywood war films and American forms of war remembrance Subjecting the notion that war films ought to be considered the war memorials of today to critical scrutiny the book develops a theoretical understanding of how Hollywood war films as rhetorical sites of remembering and memory reflect replicate and resist American modes of remembrance The authors first develop the framework for and elaborate on the co evolution of Hollywood war cinema and American war memorialization in the historical political and ideological terms of remembrance and the parallel synergic relationship between the aesthetic and industrial status of Hollywood war cinema and the remembering of American war on film The chapters then move to analysis of Hollywood war films covering The Great War World War II The Korean War The Vietnam War The Cold War and the wars in Afghanistan and Iraq and critically scrutinize the terms upon which a film could be considered a memorial to the war it represents Bringing together the fields of film studies and memory studies this book will be of interest to scholars and students in not just these areas but those in the fields of history media and cultural studies more broadly too *Warriors and Citizens* Jim Mattis, Kori N. Schake, 2016-08-01 A diverse group of contributors offer different perspectives on whether or not the different experiences of our military and the broader society amounts to a gap and if the American public is losing connection to its military They analyze extensive polling information to identify those gaps between civilian and military attitudes on issues central to the military profession and the professionalism of our military determine which if any of these gaps are problematic for sustaining the traditionally strong bonds between the American military and its broader public

analyze whether any problematic gaps are amenable to remediation by policy means and assess potential solutions The contributors also explore public disengagement and the effect of high levels of public support for the military combined with very low levels of trust in elected political leaders both recurring themes in their research And they reflect on whether American society is becoming so divorced from the requirements for success on the battlefield that not only will we fail to comprehend our military but we also will be unwilling to endure a military so constituted to protect us Contributors Rosa Brooks Matthew Colford Thomas Donnelly Peter Feaver Jim Golby Jim Hake Tod Lindberg Mackubin Thomas Owens Cody Poplin Nadia Schadlow A J Sugarman Lindsay Cohn Warrior Benjamin Wittes *Blockbusters and the Ancient World* Chris Davies,2019-03-21 Following the release of Ridley Scott s *Gladiator* in 2000 the ancient world epic has experienced a revival in studio and audience interest Building on existing scholarship on the Cold War epics of the 1950s 60s including *Ben Hur* *Spartacus* and *The Robe* this original study explores the current cycle of ancient world epics in cinema within the social and political climate created by September 11th 2001 Examining films produced against the backdrop of the War on Terror and subsequent invasions of Iraq and Afghanistan this book assesses the relationship between mainstream cinema and American society through depictions of the ancient world conflict and faith Davies explores how these films evoke depictions of the Second World War the Vietnam War and the Western in portraying warfare in the ancient world as well as discussing the influence of genre hybridisation narration and reception theory He questions the extent to which ancient world epics utilise allegory analogy and allusion to parallel past and present in an industry often dictated by market forces Featuring analysis of *Alexander* *Troy* *300* *Centurion* *The Eagle* *The Passion of the Christ* and more this book offers new insight on the continued evolution of the ancient world epic in cinema **Tough Ain't Enough** Lester D.
