American Sniper Christian Review:

Scripture, Cultures, and Criticism K. K. Yeo, 2022-08-23 This collection of nineteen representative essays is a Festschrift written by former colleagues and students in honor of Prof Dr Robert Jewett 1933 2020 and his legacy Our hope is that future generations of Bible readers will find this textbook on biblical interpretation helpful for navigating through the strong winds of exegetical theological and hermeneutical methods Jewett s expansive research interests have inspired each author in this tribute volume each of whom has witnessed to the ways that helmsman Jewett has navigated through the often choppy ocean waters of biblical interpretation as well as the complex changing world of religion sacred texts films and popular culture psychology and sociology politics and Pauline studies Contributors Kathy Ehrensperger Brigitte Kahl Aliou C Niang Aida Besancon Spencer Lallene Rector T Christopher Hoklotubbe Najeeb T Haddad Robert K Johnston Frank Hughes Goh Menghun Hii Kong hock Lim Kar Yong Keith Burton Sheila McGinn Douglas Campbell Ellen Jewett William S Campbell Troy W Martin Zakali Shohe Christopher Deacy A Andrew Das Frederick Mawusi Amevenku **Whitaker's Shorts 2016:**

Roger Stahl, 2018-06-21 Now that it has become so commonplace we rarely blink an eye at camera footage framed by the crosshairs of a sniper s gun or from the perspective of a descending smart bomb But how did this weaponized gaze become the norm for depicting war and how has it influenced public perceptions Through the Crosshairs traces the genealogy of this weapon s eye view across a wide range of genres including news reports military public relations images action movies video games and social media posts As he tracks how gun camera footage has spilled from the battlefield onto the screens of everyday civilian life Roger Stahl exposes how this raw video is carefully curated and edited to promote identification with military weaponry rather than with the targeted victims He reveals how the weaponized gaze is not only a powerful propagandistic frame but also a prime site of struggle over the representation of state violence **Moral Injury among**

Returning Veterans Joshua Morris, 2021-08-23 Josh Morris privileges the voices of veterans to argue that returning soldiers need families friends and religious communities to listen to their stories with compassion to avoid amplifying the effects of moral injury When society greets returning soldiers in ways that reinforce cultural norms that frame military service as heroic rather than acknowledging its ambiguities and harmful effects it exacerbates moral injury and keeps veterans from

resolving inner conflicts and coping effectively with civilian life Morris a military chaplain and veteran who served in Afghanistan knows these difficulties first hand Using stories from other veterans Morris helps us see how cultural assumptions about military service can complicate moral injury and a veteran s return home Drawing from liberation theologies ideology critique and Antonio Gramsci s advocacy for the working class the book suggests useful perspectives and spiritual care resources for military chaplains religious leaders caregivers and concerned civilians Morris argues that military chaplains are uniquely positioned to help returning soldiers resist the amplification of existing moral injury Moving from thank you for your service to liberative solidarity can galvanize resistance and make change possible *American Brewers' Review* ,1902 *Politics and Film* Daniel P. Franklin,2016-07-18 *Politics and Film* examines popular movies and television shows as indicators of social and political trends to explore the political culture of the United States Updated to include the popular and controversial movies and shows *American Sniper House of Cards Orange Is the New Black and Twelve Years a Slave* the second edition investigates popular conceptions of government the military intelligence and terrorism punishment and policing providing valuable insights for students of film and American politics alike *Military Review* ,1976 *Review of the War Powers Resolution* United States. Subcommittee on Investigations,1991 *The Good Kill* Marc LiVecche,2021 *The Good Kill* addresses the crisis of moral injury among warfighters from the perspective of the just war tradition By providing a moral framework for enduring the heavy business of killing in combat Marc LiVecche offers potential remedies to help warfighters manage the effects of killing without becoming irreparably morally injured **From Lumumba to Gbagbo** K. Martial Frindéthié,2016-02-08 In recent years the Euro American powers have made multiple armed incursions into Africa The election of President Obama greeted by most Africans as providential for their centuries old troubled relations with the West instead inaugurated a destructive coalition against Africa In places like Cote d Ivoire Egypt and Libya the United Nations the International Criminal Court the World Bank and the International Monetary Fund have supported military intrusions arbitrary imprisonments deportations and political assassinations under the guise of bringing freedom and democracy to benighted Africa The destabilization of Africa the division of the continent into lawless zones controlled by thuggish warlords the displacement of millions of refugees and the systematic sacking of Africa s resources are telling In Africa the West was not on a goodwill mission This book examines the West s policy of aggression in Africa over the last 50 years as a legacy of colonialism with human and economic costs that are radicalizing African nationalists
