Modern American Snipers Chris Martin, 2014-12-16 An inside look at today's special operations sniper and an in depth look at the career of Chris Kyle from those who knew him and fought alongside him Most people think of snipers as shooters perched in urban hides dealing out death unseen from a considerable distance But this description barely scratches the surface Special operations snipers are men with stacked skill sets who have the ability to turn the tide of battles even when they aren't pulling the trigger Snipers have played an outsized role in the War on Terror that has earned them the Medal of Honor Navy Cross and countless other honors These are the most experienced warriors on the battlefield oftentimes the units best assaulters with years of door kicking under their belt These are the men who run ops in small teams across borders or dress like locals and pull off high risk vehicle reconnaissance and singleton missions in non permissive environments Chris Martin's Modern American Snipers tells the inside story of some of the most heroic patriots in recent American history by the friends and colleagues who knew them best including The Legend Chris Kyle SEAL Team 3 Chief and the most lethal sniper in U.S. military history The Reaper Nick Irving the first African American to serve as a sniper in the 3rd Ranger Battalion and its deadliest with 33 confirmed kills Robert Horrigan Delta sniper who played a critical role in Operation Anaconda Don Hollenbaugh Delta Operator who earned the Distinguished Service Cross while embedded with a Marine platoon in the First Battle of Fallujah And many more

Focus On: 100 Most Popular Drama Films Based on Actual Events Wikipedia contributors, **Accurate as an American Sniper - US Military Handbooks** U.S. Department of Defense, 2017-03-06 The sniper has special abilities training and equipment His job is to deliver highly accurate rifle fire against targets which cannot be engaged successfully by the regular rifleman because of range size location fleeting nature or visibility This e book provides information needed to become an excellent shooter It is organized as a reference for snipers and it leads through the material needed to conduct sniper training Subjects include equipment weapon capabilities fundamentals of marksmanship and ballistics field skills mission planning and skill sustainment

Life of American Snipers: Chris Kyle and the Rest of the Elite Snipers Mark Dawn, 2015-02-27 American snipers have gained increased popularity after the production of the movie American Sniper based on the life of Chris Kyle who served as a sharp shooter in Iraq consecutively for about four periods Sharp shooter is the less common term to describe snipers whose role in history started in the World War Famous snipers have since emerged forming part of the elite Navy Seals While some people refer to snipers as cowards because they do seem to not be actively engaged in combat they have been hailed as heroes due to the reduced misses during combat and the flexibility of their attack to rely on stealth American snipers have played a huge role in eliminating some of the terrorists bent on causing terror around the world Snipers are originally meant to increase the chances of winning a war They do this by neutralizing the most dangerous people in war from a concealed distance and thereby serve to provide an advantage to their side

Focus On: 100 Most Popular American Autobiographers

Wikipedia contributors, **Combat Death in Contemporary American Culture** Agnieszka Soltysik Monnet, 2020-12-16 *Combat Death in Contemporary American Culture* Popular Cultural Conceptions of War since World War II explores how war has been portrayed in the United States since World War II with a particular focus on an emotionally charged but rarely scrutinized topic combat death Agnieszka Soltysik Monnet argues that most stories about war use three main building blocks melodrama adventure and horror Monnet examines how melodrama and adventure have helped make war seem acceptable to the American public by portraying combat death as a meaningful sacrifice and by making military killing look necessary and often even pleasurable Horror no longer serves its traditional purpose of making the bloody realities of war repulsive but has instead been repurposed in recent years to intensify the positivity of melodrama and adventure Thus this book offers a fascinating diagnosis of how war stories perform ideological and emotional work and why they have such a powerful grip on the American imagination

Monstrous Fantasies Leila K. Norako, 2024-08-15 *Monstrous Fantasies* asks why medieval romances reimagining the crusades ending in a Christian victory circulated in England with such abundance after the 1291 Muslim reconquest of Acre the last of the Latin crusader states in the Holy Land and what these texts reveal about the cultural anxieties of late medieval England Leila K Norako highlights the impact that the Ottoman victory and subsequent massacre of Christian prisoners at the battle of Nicopolis in 1396 had on intensifying the popularity of what she calls recovery romance These two episodes inspired a sense of urgency over the fate of the Holy Land and of Latin Christendom itself resulting in the proliferation of romances in which crusading English kings like Richard I and anachronistic legends like King Arthur not only reconquered Jerusalem but committed genocidal violence against the Muslims These romances which as Norako argues also influenced Geoffrey Chaucer's *Canterbury Tales* conjure fantasies of an ascendant global Christendom by rehearsing acts of conquest and cultural annihilation that were impossible to realize in the late Middle Ages Emphasizing the tension in these texts between nostalgia and anticipation that fuels their narrative momentum *Monstrous Fantasies* also explores how the cultural desires for European and Christian hegemony that recovery romances versified were revived in the wake of the so called wars on terror in the twenty first century in such films as *Kingdom of Heaven* and *American Sniper*

Clint Eastwood's Cinema of Trauma Charles R. Hamilton, Allen H. Redmon, 2017-10-13 Throughout his directorial career Clint Eastwood's movies have presented sympathetic narratives of characters enduring personal trauma as they turn to violence to survive calamity or sustain social order a choice that leaves them marginalized rather than redeemed In this collection of new essays contributors examine his films from *The Outlaw Josey Wales* to *Sully* as studies on PTSD that expose the social conditions that tolerate or trigger traumatization and in his more recent work imagine a way through individual and collective trauma

Imperial Benevolence Scott Laderman, 2018-08-14 This is a necessary and urgent read for anyone concerned about the United States endless wars Investigating multiple genres of popular culture alongside contemporary U S foreign policy and political economy *Imperial Benevolence* shows that American popular culture continuously suppresses

awareness of U S imperialism while assuming American exceptionalism and innocence This is despite the fact that it is rarely a product of the state Expertly coordinated essays by prominent historians and media scholars address the ways that movies and television series such as Zero Dark Thirty The Avengers and even The Walking Dead as well as video games such as Call of Duty Black Ops have largely presented the United States as a global force for good Popular culture with few exceptions has depicted the U S as a reluctant hegemon fiercely defending human rights and protecting or expanding democracy from the barbarians determined to destroy it American Cinema in the Shadow of 9/11 Terence McSweeney, 2016-12-05

American Cinema in the Shadow of 9 11 is a ground breaking collection of essays by some of the foremost scholars writing in the field of contemporary American film Through a dynamic critical analysis of the defining films of the turbulent post 9 11 decade the volume explores and interrogates the impact of 9 11 and the War on Terror on American cinema and culture In a vibrant discussion of films like American Sniper 2014 Zero Dark Thirty 2012 Spectre 2015 The Hateful Eight 2015 Lincoln 2012 The Mist 2007 Children of Men 2006 Edge of Tomorrow 2014 and Avengers Age of Ultron 2015 noted authors Geoff King Guy Westwell John Shelton Lawrence Ian Scott Andrew Schopp James Kendrick Sean Redmond Steffen Hantke and many others consider the power of popular film to function as a potent cultural artefact able to both reflect the defining fears and anxieties of the tumultuous era but also shape them in compelling and resonant ways
