Being Zen Bringing Meditation To Life:

Being Zen Ezra Bayda, 2003-03-25 A straightforward simple and wise guide to living an awakened life through mindfulness and meditation Jack Kornfield author of A Path with Heart We can use whatever life presents to strengthen our spiritual practice including the turmoil of daily life What we need is the willingness to just be with our experiences whether they are painful or pleasing and open ourselves to the reality of our lives without trying to fix or change anything But doing this requires that we confront our most deeply rooted fears and assumptions in order to gradually become free of the constrictions and suffering they create Then we can awaken to the loving kindness that is at the heart of our being While many books aspire to bring meditation into everyday experience Ezra Bayda's Being Zen gives us practical ways to actually do it introducing techniques that enable the reader to foster qualities essential to continued spiritual awakening Topics include how to cultivate Perseverance staying with anger fear and other distressing emotions Stillness abiding with chaotic experiences without becoming overwhelmed Clarity seeing through the conditioned beliefs and fears that run us Direct experience encountering the physical reality of the present moment even when that moment is exactly where we don't want to be Like Pema Chodron the best selling author of When Things Fall Apart Ezra Bayda writes with clear heartfelt simplicity using his own life stories to illustrate the teachings in an immediate and accessible way that will appeal to a broad spectrum of readers
